- 20 g Lime juice
- 55 g . vodka
- Chilled soda water — to bottom
- Lime wheel — to garnish

2. Grab your Collins glass, add a shard of ice plus about 1 oz. of soda (depending on the size of the glass), and set aside. Pop 3 ice cubes into your shaker—a couple fewer than usual because between the ice and the soda, most of your water content is already in the glass—and sha...

Attitude Adjustment 1 servings

Epicurious

INGREDIENTS

- 15 g Simple syrup — 1:1
- 7 g Green chartreuse
- 20 g Lime juice
- 45 g Matusalem clasico rum
- Miller high life to bottom — and as a side sipper
- Lime wheel — to garnish

METHOD

1. Build in the shaker tin—first the simple syrup, then the lime, Chartreuse, and rum.

2. Taste. Miller High Life is deceptively sweet, so before the cocktail gets strained into your glass, it needs to be on the dry side.

3. Grab your Collins glass and add 4 ice cubes, then bottom with some of the beer; set aside.

4. Add 3 ice cubes to the shaking tin and Collins shake.

5. Taste again. Does it feel a little too hot and boozy right now? That's okay! It's going to mingle with the beer, which will stretch out the dilution.

6. Strain into the prepared Collins glass.

7. Serve the beer remaining in the pony bottle alongside the cocktail.

8. Garnish with the lime wheel.

Instant Pot Root Beer Pulled Pork 6 servings

Fusion · Tasty · gluten-free

INGREDIENTS

- 12 ml Garlic powder
- 10 ml Onion powder
- 15 ml Kosher salt
- 10 ml Black pepper
- 5 ml Ground coriander
- 5 ml Smoked paprika
- 1.4 kg Pork shoulder
- 15 ml Canola oil
- 0.5 medium Yellow onion — minced (about 1 cup - 150 G)
- 1 can Root beer
- 45 ml Distilled white vinegar
- 120 ml Barbecue sauce
- 0.5 medium Green cabbage — shredded
- 120 ml Red onion — pickled
- 1 Carrot — shredded
- 15 ml Apple cider vinegar
- 30 ml Mayonnaise
- 5 ml Kosher salt
- 1 ml Freshly ground black pepper
- Sandwich roll
- Barbecue sauce

METHOD

1. Make the pulled pork: In a small bowl, combine the garlic powder, onion powder, salt, pepper, coriander, and paprika.
2. Add the pork to a large bowl and sprinkle with the spice mixture, tossing to coat evenly.
3. Turn an Instant Pot to the sauté setting. Add the canola oil and heat on medium heat. Working in batches, add the pork to the pot in batches and brown all over, 2–3 minutes per side. Transfer to a cutting board.
4. Add the onion to the pot and cook for 3–5 minutes, scraping up any browned bits from the bottom of the pot, until the onion is soft and translucent. Add the root beer, vinegar, and barbecue sauce to the pot and stir to combine.
5. Return the pork to the pot, nestling the pieces in together so they fit in a single layer and are sitting evenly in the cooking liquid. Put on the lid and seal the pressure valve.
6. Cook on normal pressure for 60 minutes. Once the timer has stopped, let the valve naturally release for 15 minutes before manually opening the valve.
7. While the pork is cooking, make the pickled onion slaw: In a medium bowl, combine the cabbage, pickled onions, carrot, vinegar, mayonnaise, salt, and pepper. Toss well to coat. Chill in the refrigerator until ready to serve.
8. Using tongs, transfer the pork from the Instant Pot to a large bowl. Turn Instant Pot to the sauté setting and reduce the braising liquid by half, 10–12 minutes.
9. Meanwhile, use 2 forks to shred the pork into small pieces, discarding any large pieces of fat or sinew.
10. Starting with ½ cup (120 ml), gradually add the reduced braising liquid back to the pork until juicy and well-coated.
11. To serve, spread barbecue sauce on both sides of each roll. Place a generous scoop of pork on each bottom bun and top with a small scoop of pickled onion slaw. Top with the top bun and serve.
12. Enjoy!

Irish Beer Cheese Puffs

Irish · Allrecipes · vegetarian, gluten-free

INGREDIENTS

- 60 ml Irish-style butter
- 120 ml Irish stout beer
- 2.5 ml Kosher salt
- 2.5 ml White sugar
- 120 ml All-purpose flour
- 2 large Eggs
- 180 ml Grated sharp irish cheddar cheese
- 1 pinch Cayenne pepper — or to taste
- 15 ml Olive oil
- 480 ml Chopped leeks — washed thoroughly and drained
- 2.5 ml Kosher salt
- 30 ml Water
- 120 ml Sliced green onions
- 15 ml Fresh lemon juice
- 120 ml Mascarpone cheese
- Freshly ground black pepper to taste

METHOD

1. Combine butter, beer, salt, and sugar in a saucepan over medium-high heat. Let butter melt and bring to a simmer.
2. Add flour all at once and stir with a wooden spoon until it all comes together, about 30 seconds. Continue to cook and stir until the dough dries out a bit and starts sticking to the bottom of the pan, another minute or so.
3. Turn off the heat and continue stirring for another 1 to 2 minutes, scraping as much off the bottom of the pan as you can.
4. Transfer dough into a bowl. Add one egg and whisk it into a bit of the hot dough. Keep whisking in more dough until incorporated. Repeat with remaining egg, cleaning out the whisk as needed, until well combined and dough is sticky.
5. Add ¾ cup Cheddar cheese and cayenne and stir until incorporated.
6. Scoop 12 rounded tablespoons of dough onto the prepared baking sheet. Press a little Cheddar on the tops and sides of each puff.
7. Bake in the center of the preheated oven until nicely puffed and beautifully browned, about 25 minutes. Turn off the oven and crack the door; let cheese puffs cool, undisturbed, for 30 minutes.
8. Meanwhile, make the spread: Heat olive oil in a pan over medium heat. Add leek and ½ teaspoon salt; cook and stir until just barely tender, 7 to 10 minutes, adding a splash of water every few minutes to prevent browning.
9. Stir in green onions and sauté briefly for 1 to 2 minutes. Transfer leek-onion mixture to a bowl and let cool for 5 to 10 minutes.
10. Add lemon juice and mascarpone cheese and mix until well combined. Season with salt and pepper to taste. Refrigerate until cheese puffs have finished cooling.
11. Serve cheese puffs with spread.

5. Add the raw vinegar. Stir well and replace the covering.
6. Place on your counter or in another spot that is 75° to 30°C.
7. Check the vinegar in a month, when you should have nice acidity. However, it may take another month or two to fully develop, especially if your environment is cooler.
8. Bottle the finished vinegar, saving the mother for another batch or sharing with a friend. Use immediately, or age to allow it to mellow and flavors to develop.

· 1 pkg Refrigerated pizza crust
· 15 ml Cornmeal
· 1.4 L Water
· 80 ml Baking soda
· Coarse salt

METHOD

1. Lightly flour a work surface. Place dough on flour and sprinkle more on top. Begin to knead dough, kneading about 2 tablespoons flour into dough until it is soft and supple but not too sticky, 5 to 10 minutes. Cover with a large bowl and allow dough to rest and come to room te...
2. Preheat the oven to 204°C (200 degrees C). Line a rimmed baking sheet with parchment paper and sprinkle lightly with cornmeal.
3. Place water in a deep skillet. Whisk in baking soda to create an alkaline bath. Bring to a simmer over medium-high heat. Adjust heat to keep water at a low simmer while you shape the dough.
4. Dust dough with a sprinkling of flour as needed so that dough does not stick to work surface. Flatten slightly and divide into 6 equal pieces. Shape each piece into a round dough ball.
5. Shape each dough ball into a disk, thinner in the middle, thicker around the edges. Poke a hole in the center. Gently keep pulling and stretching until you've achieved a round pretzel shape that's not too thick.
6. Transfer pretzels (in batches if necessary) to the simmering alkaline bath. Boil about 30 seconds per side. Transfer to the prepared baking sheet with a slotted spoon. Immediately sprinkle with coarse salt while pretzels are still wet and sticky. Let rest for 5 to 10 minutes b...
7. Place on center rack in preheated oven until beautifully browned, and stretch marks have formed, about 20 minutes. Exact times will depend on the specific size and shape of your pretzel.
8. Transfer pretzels to a wire rack to cool slightly.

INGREDIENTS

· 450 g Skinless — boneless cod fillet
· Kosher salt — freshly ground black pepper
· 240 ml All-purpose flour
· 240 ml Cornstarch
· 15 ml Old bay seasoning
· 10 ml Baking powder
· 5 ml Sweet paprika
· 2.5 ml Garlic powder
· 2.5 ml Onion powder
· 1 g Baking soda
· 1 ml Cayenne pepper

· Vegetable oil — for frying; about 3 quarts
· 8 New england–style split-top hot dog buns
· 60 ml Unsalted butter

· A deep-fry thermometer

METHOD

1. Lightly season cod with salt and black pepper. Transfer to a wire rack set inside a rimmed baking sheet. Chill, uncovered, at least 1 hour or up to overnight (this air-dries the surface so the batter will adhere better to the fish).
2. Whisk flour, cornstarch, Old Bay, baking powder, paprika, garlic powder, onion powder, baking soda, cayenne, 2½ tsp. salt, and ½ tsp. black pepper in a medium bowl. Add beer and vinegar and whisk just until combined and no lumps remain.
3. Fit a large heavy pot with thermometer; pour in oil to a depth of 3". Heat over medium-high until thermometer registers 375°. Working in batches, dip fish into batter, allowing excess batter to drip back into bowl. Lower carefully into oil and fry until light golden brown and ...

4. Heat a large skillet over medium. Spread bottom and sides of each bun with butter. Toast buns, pressing down lightly, until golden, about 2 minutes per side.
5. Generously spread some tartar sauce in each bun; top with lettuce and a fried fish fillet. Serve with lemon wedges and additional tartar sauce alongside.
