

Riviera Kitchen

Recipe Card Book

Internal kitchen reference - metric, package-tagged, tapas first

Recipes	146
House standards	16
Layout	A4 portrait, compact kitchen cards
Recipe baseline	ChatGPT Riviera project sources
Latest overlay	16 July 8 tapas/canape standards
Recipe authority	riviera_sources/current/Riviera_Recipe_Catalog_Source_Of_Truth_2026-07-08.json
Operational copy	riviera_data/builtins.json

This PDF follows the merged Riviera source of truth: ChatGPT Riviera project sources as the baseline, with the July 8 tapas/canape house-standard recipes as the only overlay.

Use the index first: house standards and tapas/canapes lead the book, followed by Corporate, Riviera Table / Offsite, Weddings, Parties, Baby Shower, Funeral & Wake, then standalone core components.

Source stack

Authority	Current file
Riviera Source Of Truth	riviera_sources/current/Riviera_Source_Of_Truth_2026-07-08.md
Structured recipe catalog	riviera_sources/current/Riviera_Recipe_Catalog_Source_Of_Truth_2026-07-08.json
ChatGPT baseline	23 source files in riviera_sources/chatgpt_project_sources_2026-07-08
Latest overlay	riviera_sources/current/Riviera_Tapas_House_Standards_Overlay_2026-07-08.md
Overlay scope	16 tapas/canape house standards only
Card data	structured recipe catalog plus riviera_data/function_packages.json

Merge rule

ChatGPT Riviera project sources are baseline; July 8 tapas/canape house standards overlay only. For non-overlay conflicts, reconcile recipe cards back to the structured catalog and package logic back to the merged SSOT before treating them as final.

Kitchen use

Each recipe appears once. Package, course, and house-standard tags are shown on the card and in the master index so kitchens can pull from the same card across weddings, corporate, offsite, parties, baby showers, wakes, and standalone prep.

Quick-use category index

Category	Recipes	Starts
House Standards + Tapas / Canapes	43	9
Corporate	31	52
Riviera Table / Offsite	30	83
Weddings	4	118
Parties	3	122
Baby Shower	2	125
Core / Components / Standalone	33	127

Package labels show where a recipe is used. A recipe appears once only, even when it belongs to multiple packages.

Chorizo and Mozzarella Arancini

Lemon & Thyme Aioli · Romesco · Microherbs

House Standard | Canape | Canape / Tapas | Deep Fry | Gluten-Free | pork | dairy | Weddings | Baby Shower

Sections: Weddings: Late Night Snacks, Weddings: Portofino Package, Weddings: Taormina Package, Baby Shower: High Tea

Yield	80 large arancini @ 100 g
Method	Deep Fry
Label	Arancini
Recipe ID	arancini

Elements

Arancini (3 per serve) | Romesco | Lemon Thyme Aioli | Microherbs

Ingredients

Qty	Ingredient / prep
5 kg	Arborio Rice
1 kg	Chorizo - finely diced
600 g	Mozzarella - Whole - grated
400 g	Brown Onion - blitzed in food processor
5 L	Water
200 ml	Chicken Stock Concentrate
600 g	Cheddar Cheese - Whole Vintage - grated
150 g	Parmesan - Grana Padano - grated
800 g	Spicy Capsicum Dip
1 kg	Roasted Capsicum - drained and blitzed
750 ml	White Wine
200 g	Garlic - Crushed
50 g	Salt Flakes - plus extra to finish
30 g	Cracked Pepper
300 g	GF Flour - for coating
800 g	GF Breadcrumbs - for coating
10 pc	Eggs - beaten for coating

Prep method

1. PREP AROMATICS: Finely dice or blitz the brown onion. Sauté in a large pot over medium heat until golden and soft.
2. CHORIZO BASE: Add crushed garlic and finely diced chorizo. Cook 1-2 minutes until the chorizo browns and releases its fat. Deglaze with white wine and reduce briefly.
3. RICE MIX: Add Arborio rice, spicy capsicum dip, onion, garlic and chorizo to a deep bain. Add water, chicken stock concentrate, salt and pepper. Stir until evenly mixed.
4. COOK: Cover the bain with a lid or foil. Bake at 160deg C for 20 minutes, stir, then bake another 20 minutes or until the liquid is absorbed and the rice is cooked.
5. COOL: Transfer the rice mixture to shallow bairns and chill completely. Use the freezer briefly if needed, but do not roll warm rice.
6. FINISH MIX: Grate the cheeses. Fold mozzarella, cheddar, parmesan and blitzed roasted capsicum through the cold rice until evenly incorporated. Taste and adjust seasoning.
7. PORTION: Weigh rice mix into 100 g portions and roll into tight balls.
8. CRUMB: Set up GF flour, beaten egg and GF breadcrumbs. Flour each ball, dip in egg, then coat thoroughly in breadcrumbs.
9. FREEZE & PACK: Freeze on lined trays until solid. Transfer to vacuum bags and SEAL ONLY - do not vacuum, or the arancini will squash.
10. DEFROST: Defrost in the coldroom for at least 24 hours before frying.

On the day / service

1. Preheat fryer to 180deg C. Fry defrosted arancini until deep golden and hot through; check one with a skewer for centre heat.
2. Drain and season immediately with salt flakes.
3. Warm Romesco in a pot or microwave until hot.
4. Plate 60-80 ml warm Romesco as the base. Add 3 arancini per serve.
5. Dot Lemon Thyme Aioli on top of each arancini and finish with freshly cut microherbs.

Notes

New house spec from Tapas Canape Recipe Cards.docx. Large format is 100 g per arancini, 3 per serve. Seal frozen arancini bags only; do not vacuum.

Calamari Fritti

Lemon Dill Aioli · Crispy Capers

House Standard | Canape | Canape / Tapas | Deep Fry | Gluten-Free | seafood | Weddings | Parties

Sections: Weddings: Late Night Snacks, Weddings: Portofino Package, Weddings: Taormina Package, Parties: Crowd Pleaser Platters

Yield	Batch: 2 kg squid strips + 1 kg baby octopus
Method	Deep Fry
Label	Calamari
Recipe ID	calamari

Elements

Calamari | Flour Mix | Lemon Dill Aioli | Crispy Capers

Ingredients

Qty	Ingredient / prep
2 kg	Pineapple Cut Squid Strips - Tenderised - defrosted
1 kg	Baby Octopus
500 g	Rice Flour
100 g	GF Corn Flour
20 g	Salt - plus extra for finishing
10 g	Cracked Pepper - for flour mix
100 g	Lemon Pepper Seasoning
500 g	Baby Capers - drained thoroughly

Prep method

1. PORTION SEAFOOD: When calamari and octopus come into stock, break them down straight away. Portion 15 calamari pieces and 3 baby octopus into each 500 ml PC, label and freeze in crates.
2. FLOUR MIX: Combine rice flour, GF corn flour, salt, cracked pepper and lemon pepper seasoning. Mix thoroughly and transfer to labelled PCs. Keep chilled for service.
3. CAPERS: Drain capers thoroughly and pat dry with chux or paper towel. Store in a PC lined with clean chux, label and refrigerate.

On the day / service

1. Preheat fryer to 190deg C.
2. Fry capers for 30-60 seconds until crisp. Drain on chux and keep uncovered.
3. Coat calamari strips and baby octopus evenly in flour mix. Shake off excess flour.
4. Fry immediately in small batches until crisp and cooked through, about 1 minute for calamari and 1-2 minutes for baby octopus.
5. Season hot seafood with a pinch of salt.
6. TAPAS: Spoon 30-40 ml Lemon Dill Aioli onto the plate. Arrange fried calamari and baby octopus on top. Scatter crispy capers and microgreens.
7. CANAPE: Place a small dot of Lemon Dill Aioli in a bamboo boat, add calamari, and finish with crispy capers.

Notes

Keep capers very dry before frying. Wet capers spit badly and do not crisp.

Kilpatrick Oyster

Crispy Speck · Parsley · Lemon

House Standard | Canape | Bake | Gluten-Free | seafood | pork | Weddings

Sections: Weddings: Portofino Package, Weddings: Taormina Package

Yield	Kilpatrick sauce batch for approx. 40-50 oysters
Method	Bake
Label	Oysters Kilpatrick
Recipe ID	oysters-kilpatrick

Elements

Oysters | Diced Speck | Kilpatrick Sauce | Rock Salt | Lemon | Parsley

Ingredients

Qty	Ingredient / prep
as needed	Oysters - 1 per guest; defrost 24 hours in coldroom
500 g	Speck - finely diced
250 ml	GF Worcestershire Sauce
60 ml	BBQ Sauce - converted from 62 ml
30 g	Brown Sugar - approx. 30 ml, packed
5 ml	Tabasco - converted from 5 ml; adjust to taste
5 g	Dried Parsley - converted from 30 ml
2 kg	Rock Salt - for serving tray
600 g	Lemons - approx. 4 lemons, sliced
30 g	Fresh Parsley - chopped for garnish

Prep method

1. OYSTERS: Remove oysters from freezer at least 24 hours before the event. Defrost in the coldroom, drain and keep chilled.
2. SPECK: Finely dice speck, place in a labelled PC and refrigerate.
3. KILPATRICK SAUCE: Whisk the brown sugar into the GF Worcestershire until fully dissolved, then mix in BBQ sauce, Tabasco and dried parsley. Transfer to a labelled squeeze bottle.
4. GARNISH: Slice lemons and chop parsley. Store separately in labelled PCs in the coldroom.

On the day / service

1. Preheat oven to 180deg C.
2. Scrunch aluminium foil into a bain tray so oyster shells sit level and stable.
3. Arrange oysters on the foil. Add 5-8 ml Kilpatrick sauce to each oyster and top with 5 ml diced speck.
4. Bake for about 10 minutes, until the speck is golden and the oyster is just warmed through.
5. Spread rock salt 2 cm thick on the serving tray. Nestle oysters into the salt and garnish with parsley, rocket or microgreens and lemon slices.

Notes

Bake hot and fast enough to render the speck without shrinking the oysters.

Slow Cooked Veal Meatballs

Romesco Sugo · Toasted Focaccia · Gremolata

House Standard | Tapas | Slow Bake | Gluten-Free | veal | dairy | Riviera Table / Offsite | Weddings

Sections: Riviera Table / Offsite: Canape Packages, Riviera Table / Offsite: Feasting - Shared to Table, Riviera Table / Offsite: Plated Meals, Weddings: Amalfi Package, Weddings: La Tavola Package, Weddings: Portofino Package, +1 more

Yield	Approx. 90 balls @ 80 g; 50 tapas serves
Method	Slow Bake
Label	Meatballs
Recipe ID	veal-meatballs

Elements

Meatballs | Romesco Sugo | Focaccia | Gremolata | Manchego

Ingredients

Qty	Ingredient / prep
5 kg	Veal Mince
600 g	GF Breadcrumbs
450 g	GF Bread Loaf - approx. 3/4 loaf, blitzed into small chunks
600 g	Brown Onion - approx. 4 medium onions, blitzed
100 g	Garlic Cloves - approx. 20 cloves, blitzed
400 g	Parmesan Cheese - blitzed
500 ml	Thickened Cream
20 g	Flat Leaf Italian Parsley - finely chopped; converted from 125 ml
15 g	Basil - finely chopped; converted from 125 ml
15 g	Oregano - finely chopped; converted from 125 ml
5 g	Mixed Italian Herbs - Dried - converted from 15 ml
30 g	Salt - converted from 30 ml; adjust after test cook
30 g	Cracked Pepper - adjust after test cook
5 pc	Eggs
as needed	Romesco Sugo - enough to cover meatballs in baking bain
as needed	Focaccia - 3 slices per serve, 2 cm thick
as needed	Basic Gremolata - parsley, lemon zest and garlic
as needed	Manchego - finely grated to finish

Prep method

1. GREMOLATA: Prepare basic gremolata with parsley, lemon zest and garlic. Hold chilled and use same day.
2. MIX: Blitz onion and garlic in a food processor. Mix through the breadcrumbs so the onion juices wet the crumbs. Add this breadcrumb mix to the veal mince with blitzed GF bread, parmesan, cream, herbs, salt, pepper and eggs.
3. TEST: Cook a small patty and adjust salt, pepper and herb balance before rolling the full batch.
4. SHAPE: Wet hands to prevent sticking. Weigh into 80 g balls and roll firmly.
5. BAKE: Place meatballs in a deep bain and cover generously with Romesco Sugo. Bake covered at 150deg C for 1 hour, or until cooked through and tender.
6. COOL & STORE: Cool meatballs in the sauce. Portion into PCs in serves of 3, distributing sauce evenly. Label and freeze in the meatballs crate.

On the day / service

1. Reheat meatballs and sauce in the microwave or oven until steaming hot throughout, minimum 75deg C internal.
2. Serve 3 meatballs with sauce in a medium serving bowl.
3. Toast 3 slices of focaccia, 2 cm thick, until golden on both sides.
4. Finish meatballs with finely grated Manchego and gremolata. Serve focaccia alongside.

Notes

New DOCX spec returns this recipe to veal mince and 80 g balls. Prep time guideline: about 45 minutes per 90 balls once mise is ready.

Limoncello Chicken Skewer

Tzatziki Labneh · Crumbled Feta · Chargrilled Lemon

House Standard | Tapas | Oven Roast | Gluten-Free | chicken | dairy | Corporate | Riviera Table / Offsite | Weddings | Parties | Funeral & Wake

Sections: Corporate: Build-Your-Own Buffet, Riviera Table / Offsite: BBQ Buffet, Riviera Table / Offsite: Canape Packages, Riviera Table / Offsite: Feasting - Shared to Table, Riviera Table / Offsite: Plated Meals, Weddings: Amalfi Package, +5 more

Yield	Approx. 60-65 skewers from 5 kg chicken
Method	Oven Roast
Label	Chicken Skewers
Recipe ID	chicken-skewer

Elements

Chicken Skewers | Tzatziki Labneh | Crumbled Feta | Microherbs | Chargrilled Lemon Cheek

Ingredients

Qty	Ingredient / prep
5 kg	Chicken Thigh - diced into 2.5 cm pieces
200 ml	Olive Oil
150 g	Lemon Pepper Seasoning
500 ml	Limoncello
900 g	Lemons - approx. 6 lemons, juice and zest
100 g	Honey or Castor Sugar
25 g	Fresh Thyme - approx. 1 bunch, leaves picked
500 g	Crumbled Feta - adjust to event size
2 kg	Greek Yogurt - hung overnight for labneh
600 g	Cucumber - approx. 2 large; deseeded and finely diced
30 g	Dill - approx. 1 bunch, finely chopped
30 g	Mint - approx. 1 bunch, finely chopped
50 g	Parsley - approx. 1 bunch, finely chopped
60 g	Microherbs - approx. 2 punnets

Prep method

- MARINADE:** Combine olive oil, lemon pepper seasoning, limoncello, lemon juice and zest, honey or castor sugar and thyme in a large bowl.
- CHICKEN:** Dice chicken thigh into 2.5 cm pieces. Add to marinade and mix until fully coated. Refrigerate overnight if time allows.
- SKEWER:** Use 12 cm wooden skewers. Thread 3 pieces of chicken per skewer. Store skewers in 500 ml PCs, 3 skewers per serve. Label and freeze or refrigerate for service.
- LABNEH:** Line a perforated bain with 3 layers of chux, set inside a deep bain, add Greek yogurt, cover with more chux and leave overnight in the coldroom to hang.
- TZATZIKI LABNEH:** Finely chop parsley, dill and mint. Deseed and finely dice cucumber. Fold herbs, cucumber, lemon zest and lemon juice through the hung labneh. Season with salt and pepper to taste.
- GARNISH:** Trim microherbs with scissors, place in a labelled PC and refrigerate.

On the day / service

- Defrost skewers in the coldroom for at least 24 hours if frozen.
- Preheat oven to 180deg C.
- Lay skewers flat on trays without overlapping. Roast for about 10 minutes, or until golden and 75deg C internal.
- Plate 15 ml of tzatziki labneh in the centre of the plate. Place 3 skewers on top.
- Finish with crumbled feta, microherbs and a chargrilled lemon cheek if required.

Notes

Use the new limoncello marinade and tzatziki labneh spec. Keep raw chicken fully submerged/coated in marinade before storage.

Crispy Fried Chorizo Potatoes

Lemon Thyme Aioli · Shallots

House Standard | Canape | Deep Fry | Gluten-Free | pork | Weddings
Sections: Weddings: Portofino Package, Weddings: Taormina Package

Yield	Approx. 60-65 canape portions
Method	Deep Fry
Label	Chorizo Potatoes
Recipe ID	chorizo-potatoes

Elements

Potatoes | Chorizo | Lemon Thyme Aioli | Shallots

Ingredients

Qty	Ingredient / prep
10 kg	White Washed Potatoes
2 kg	Chorizo - halved lengthwise, then sliced diagonally
100 g	Shallots - approx. 1 bunch, thinly sliced
600 g	Lemon Thyme Aioli - for tossing and finishing
as needed	Salt Flakes - to season after frying
as needed	Cracked Pepper - to finish
50 pc	Small Bamboo Boats - or as required

Prep method

1. POTATOES: Bake washed potatoes at 180deg C for 35-40 minutes, or until soft all the way through. Cool.
2. SMASH: Pull cooled potatoes into uneven pieces, aiming for 6-8 pieces per large potato.
3. STORE: Place potato pieces in PCs, label and refrigerate.
4. CHORIZO: Slice chorizo lengthwise, then cut into 5 mm diagonal slices at a 45-degree angle.
5. SHALLOTS: Thinly slice shallots at a 45-degree angle. Store separately in a labelled PC.

On the day / service

1. Deep fry cooled potato pieces until crispy and golden.
2. Add chorizo slices to the fryer basket for the final 20-30 seconds.
3. Transfer fried potatoes and chorizo to a large metal bowl. Add Lemon Thyme Aioli and sliced shallots, then season to taste.
4. Toss so the aioli lightly coats the potatoes rather than pooling.
5. Serve 4-5 pieces in bamboo boats with a bamboo fork.

Notes

Aioli amount is kitchen-rounded for the batch because the DOCX lists it as an element without a quantity.

Chargrilled Lamb Cutlet

Riviera House Emulsion · Rocket

House Standard | Tapas | Chargrill + Oven | Gluten-Free | Dairy-Free | lamb | Corporate | Riviera Table / Offsite | Weddings | Parties | Funeral & Wake
Sections: Corporate: Build-Your-Own Buffet, Riviera Table / Offsite: BBQ Buffet, Riviera Table / Offsite: Canape Packages, Riviera Table / Offsite: Feasting - Shared to Table, Riviera Table / Offsite: Plated Meals, Weddings: Amalfi Package, +5 more

Yield	3 cutlets per plate
Method	Chargrill + Oven
Label	Lamb Cutlets
Recipe ID	lamb-cutlet

Elements

Lamb Cutlets (3 per plate) | Riviera House Emulsion | Rocket

Ingredients

Qty	Ingredient / prep
3 per serve	Lamb Cutlets - frenched
as needed	Salt Flakes
as needed	Cracked Pepper
as needed	Rocket - for garnish
as needed	Riviera House Emulsion - generous drizzle per plate

Prep method

1. PREP CUTLETS: French the cutlets and season generously with salt flakes and cracked pepper.
2. STORE: Two days before the event, place cutlets in a bain lined with clean chux. Cover, label and refrigerate.
3. GARNISH: Ensure fresh rocket is washed, dried and available for service.

On the day / service

1. Heat a large frying pan, cast iron plate or chargrill until very hot.
2. Sear lamb cutlets on both sides until well coloured.
3. Transfer cutlets to a bain and finish in a 180deg C oven for about 10 minutes, adjusting for thickness and event volume.
4. Rest briefly before plating.
5. Lay rocket along the base of the plate. Arrange 3 cutlets neatly on top.
6. Drizzle Riviera House Emulsion generously over the cutlets so each one is coated.

Notes

DOCX source has no batch quantity for lamb cutlets; quantity is kept service-based at 3 cutlets per plate.

Crispy Reef Fish Slider

Lemon Caper Aioli · Roquette

House Standard | Canape | Deep Fry | seafood | Weddings

Sections: Weddings: Portofino Package

Yield	50 sliders
Method	Deep Fry
Label	Fish Slider
Recipe ID	fish-slider

Elements

Reef Fish | Lemon Caper Aioli | Rocket | Slider Buns

Ingredients

Qty	Ingredient / prep
2.5 kg	Reef Fish - cut into 50 g pieces
200 g	Lemon - juice and zest
1 kg	Kewpie Mayo
15 g	Dill - Fresh - approx. 1/2 bunch, finely chopped
500 g	Rocket
500 g	Baby Capers - drained
1 kg	Self Raising Flour
1 L	Sparkling Water - cold
50 pc	Brioche Slider Buns
50 g	Salt Flakes
30 g	Cracked Pepper
20 g	Garlic Powder
20 g	Onion Powder
30 ml	Vodka - optional crisping addition from method

Prep method

1. FISH: Defrost fish in the coldroom 2 days before the event. The day before, cut into pieces approx. 50-70 g each and pat dry.
2. BATTER: Mix self raising flour, garlic powder, onion powder, salt and pepper. Add cold sparkling water and whisk to pancake-batter consistency. Add vodka last if using.
3. PART COOK: Preheat fryer. Dip fish into batter, shake off excess and fry in batches for about 1 minute, just long enough to seal the batter.
4. DRAIN & STORE: Drain part-cooked fish on a rack over paper towel. Place in a single layer in bays lined with baking paper. Wrap, label and refrigerate.
5. AIOLI: Drain capers and pat dry. Zest and juice lemon. Combine capers, lemon zest, lemon juice, Kewpie mayo, dill, salt and pepper. Label and refrigerate.
6. BUNS: Defrost brioche buns. Separate tops and bottoms into bays, wrap and store in fridge.

On the day / service

1. Warm brioche buns at 170deg C for about 10 minutes.
2. Fry part-cooked fish until golden, crisp and hot through.
3. Place bun bases on a platter. Add a small handful of rocket to each base.
4. Place fried fish on rocket and spoon or pipe Lemon Caper Aioli on top.
5. Add bun tops and secure each slider with a skewer. Send immediately.

Notes

DOCX table gives 50 g fish portions; method allows 70 g. Use 50 g for 50-slider yield, 70 g for more substantial sliders.

Romesco

Capsicum · Passata · Basil · Cream

House Standard | Sauce | Sauce / Base | Simmer | Vegetarian | Gluten-Free | Riviera Table / Offsite | Weddings

Sections: Riviera Table / Offsite: Carvery Buffet, Riviera Table / Offsite: Plated Meals, Weddings: Taormina Package

Yield	Large batch
Method	Simmer
Label	Romesco
Recipe ID	romesco

Elements

Romesco

Ingredients

Qty	Ingredient / prep
2.5 kg	Grilled Capsicum - approx. 1 large tin, drained and blitzed
2.5 L	Passata - approx. 1 large tin
500 g	Brown Onion - blitzed
250 g	Crushed Garlic - converted from 250 ml
100 g	Basil - approx. 2 bunches, chopped
50 g	Salt
30 g	Cracked Pepper
250 ml	Thickened Cream - converted from 250 ml
30 ml	Olive Oil - for sautéing
10 g	Sugar - pinch; adjust only if needed

Prep method

1. SAUTE: Heat olive oil in a pan and sauté onions and garlic until translucent and sweet.
2. BLEND: In a blender, combine sautéed onions and garlic with grilled capsicum, passata, basil, salt, pepper and sugar. Blend until smooth.
3. SIMMER: Pour into a large pot and simmer for 90-120 minutes to develop flavour and reduce slightly. Stir regularly.
4. FINISH: Add thickened cream, simmer 10 minutes and taste. Adjust seasoning as needed.
5. STORE: Portion into labelled PCs and freeze. Remove from freezer as needed.

On the day / service

1. Heat on the stove or in the microwave until hot, minimum 75deg C. Use as sauce base or accompaniment.

Notes

Large-tin quantities are standardised to 2.5 kg / 2.5 L foodservice tins for ordering clarity.

Lemon & Dill Aioli

Kewpie Mayo · Lemon · Dill

House Standard | Sauce | Sauce / Base | Mix | Gluten-Free
Sections: Standalone

Yield	Approx. 1.1 L batch
Method	Mix
Label	Lemon Dill Aioli
Recipe ID	lemon-dill-aioli

Elements

Lemon Dill Aioli

Ingredients

Qty	Ingredient / prep
1 kg	Kewpie Mayo
450 g	Lemons - approx. 3 lemons, juice and zest
30 g	Dill - approx. 1 bunch, finely chopped
20 g	Salt
10 g	Cracked Pepper

Prep method

1. Finely chop dill and place in a bowl.
2. Microplane lemon zest and juice lemons, removing seeds.
3. Combine dill, lemon zest, lemon juice, Kewpie mayo, salt and pepper.
4. Mix well, taste and adjust seasoning.
5. Transfer to a labelled PC or squeeze bottle and refrigerate.

On the day / service

1. Serve chilled. Stir before portioning if held overnight.

Notes

Use as the Calamari Fritti aioli and wherever lemon-dill sauce is specified.

Lemon & Thyme Aioli

Kewpie Mayo · Lemon · Fresh Thyme

House Standard | Sauce | Sauce / Base | Mix | Gluten-Free
Sections: Standalone

Yield	Approx. 1.1 L batch
Method	Mix
Label	Lemon Thyme Aioli
Recipe ID	lemon-thyme-aioli

Elements

Lemon Thyme Aioli

Ingredients

Qty	Ingredient / prep
1 kg	Kewpie Mayonnaise
450 g	Lemons - approx. 3 lemons, juice and zest
25 g	Fresh Thyme - approx. 1 bunch, leaves picked
20 g	Salt
10 g	Cracked Pepper

Prep method

1. Pick thyme leaves from stems and place in a bowl.
2. Microplane lemon zest and juice lemons, removing seeds.
3. Combine thyme, lemon zest, lemon juice, Kewpie mayonnaise, salt and pepper.
4. Mix well, taste and adjust seasoning.
5. Transfer to a labelled PC or squeeze bottle and refrigerate.

On the day / service

1. Serve chilled with arancini, chorizo potatoes or as required. Stir before portioning if held overnight.

Notes

Fresh thyme quantity is kitchen-rounded from one bunch.

Vodka Sauce

Romesco · Cream · Tomato Paste

House Standard | Sauce | Sauce / Base | Simmer | Vegetarian | Gluten-Free
Sections: Standalone

Yield	Approx. 2.8 L batch
Method	Simmer
Label	Vodka Sauce
Recipe ID	vodka-sauce

Elements

Vodka Sauce

Ingredients

Qty	Ingredient / prep
50 g	Crushed Garlic
200 g	Tomato Paste
3 g	Chilli Flakes - converted from 5 ml
2 L	Romesco
50 g	Sugar - converted from 62 ml
250 ml	Vodka
500 ml	Thickened Cream
50 g	Salt
30 g	Cracked Pepper

Prep method

1. Add all ingredients to a heavy-based pot.
2. Bring to a gentle simmer, stirring regularly so the tomato paste does not catch.
3. Simmer until thick, glossy and rich.
4. Taste and adjust seasoning, sugar or cream as needed.
5. Cool, label and refrigerate or freeze.

On the day / service

1. Reheat gently to 75deg C minimum, stirring regularly. Thin with a little cream or water only if needed.

Notes

Sugar and chilli converted from volume measures to rounded metric amounts.

Riviera House Emulsion

Stone Fruit · Herbs · Jalapeño · Lemon

House Standard | Sauce | Sauce / Base | Blend | Vegetarian | Gluten-Free | Dairy-Free
Sections: Standalone

Yield	Approx. 3 L batch
Method	Blend
Label	Emulsion
Recipe ID	riviera-emulsion

Elements

Riviera House Emulsion

Ingredients

Qty	Ingredient / prep
as needed	Salt Flakes - season to taste
as needed	Cracked Pepper - season to taste
1 kg	Apricots, Peaches or Nectarines - fresh or canned; stones removed or drained
60 g	Dill - approx. 2 bunches
240 g	Coriander - approx. 4 bunches; roots removed
240 g	Flat Leaf Parsley - approx. 4 bunches
1 kg	Lemon - Juice and Zest
200 ml	Red Wine Vinegar
600 ml	Olive Oil or Lemon Olive Oil
200 g	Castor Sugar
300 g	Fresh Jalapeños
100 g	Garlic Cloves - peeled

Prep method

1. LEMONS: Peel rind from lemons with a peeler or microplane, then juice lemons.
2. HERBS: Cut roots from coriander and roughly chop herbs.
3. BLEND: Combine fruit, dill, coriander, parsley, lemon juice and zest, red wine vinegar, olive oil, jalapeños, garlic, castor sugar, salt and pepper. Blend until smooth.
4. SEASON: Taste and adjust with salt, sugar or vinegar until balanced.
5. STORE: Transfer to a labelled PC and refrigerate.
6. BULK STORAGE: If freezing, add a thin layer of olive oil over the top before sealing to reduce freezer burn and oxidation.

On the day / service

1. Serve cold or at room temperature. Stir or shake well before drizzling over lamb cutlets or other proteins.

Notes

Herb bunches converted to rounded gram equivalents for ordering, with bunch counts retained in prep notes.

Whipped Butter

Salted · Piped for Bread Service

House Standard | Other | Component | Whip | Vegetarian | Gluten-Free | dairy | Corporate | Riviera Table / Offsite | Weddings

Sections: Corporate: Breakfast & Brunch, Riviera Table / Offsite: Feasting - Shared to Table, Weddings: Amalfi Package

Yield	500 g batch
Method	Whip
Label	Whipped Butter
Recipe ID	whipped-butter

Elements

Whipped Butter

Ingredients

Qty	Ingredient / prep
500 g	Butter - softened
20 g	Salt

Prep method

1. Whip softened butter until light, white and fluffy.
2. Add salt and whip again until evenly incorporated.
3. Transfer to a piping bag fitted with a large star nozzle.
4. Pipe onto small plates or into ramekins and refrigerate until set.

On the day / service

1. Serve with breads. Remove from the coldroom briefly before service so the butter is spreadable.

Notes

New DOCX spec is a simple salted whipped butter: 500 g butter to 20 g salt.

Camembert, Pecan & Cranberry Cigars

Thyme Infused Honey · Microherbs

House Standard | Canape | Deep Fry | Vegetarian | dairy | Weddings
Sections: Weddings: Portofino Package, Weddings: Taormina Package

Yield	50 cigars
Method	Deep Fry
Label	Camembert Cigars
Recipe ID	camembert-cigars

Elements

Cigars | Thyme Infused Honey | Microherbs

Ingredients

Qty	Ingredient / prep
620 g	Camembert
300 g	Pecans
300 g	Dried Cranberries
25 g	Fresh Thyme - approx. 1 bunch
300 g	Honey
2 pc	Cinnamon Sticks
30 g	Salt Flakes
20 g	Cracked Pepper
750 g	Filo Pastry - approx. 2 packets
150 g	Butter - melted, for brushing filo
50 g	Crushed Garlic
60 g	Microherbs - approx. 2 punnets
50 pc	Small Bamboo Boats

Prep method

1. MELT BUTTER: Melt butter in a small pan if using butter to brush filo sheets.
2. CHEESE: Cut camembert into 10 cm long sticks, about 1 cm thick. Keep cold.
3. FILLING: Finely chop pecans and dried cranberries.
4. FILO: Place two sheets of filo on a clean surface. Brush the top sheet with melted butter if using. Cut into long strips.
5. ASSEMBLE: Place camembert on the narrow end of each filo strip. Add 5 ml of pecan-cranberry mixture and a small amount of crushed garlic if using the DOCX spec.
6. ROLL: Fold sides in and roll tightly like a spring roll. Repeat with all cigars.
7. FREEZE & PACK: Freeze cigars on lined trays until solid. Transfer to bags and seal for storage.
8. DEFROST: Defrost in the coldroom at least 24 hours before service.
9. THYME HONEY: Warm honey, thyme, salt and cinnamon stick over low heat for 10 minutes. Transfer to a PC and allow thyme and cinnamon to infuse.
10. GARNISH: Trim microherbs with scissors, label and refrigerate.

On the day / service

1. Deep fry cigars at 175-180deg C for about 2 minutes, or until golden and hot through.
2. Arrange fried cigars on a platter or in bamboo boats.
3. Drizzle with thyme-infused honey.
4. Garnish with chopped pecans, cranberries, microherbs and edible flowers if available.

Notes

DOCX spec includes crushed garlic in the cigar filling; keep it light so it does not dominate the honey/camembert profile.

Beef Kofta

Spicy Capsicum · Pita · Rocket

House Standard | Canape | Oven Bake | Dairy-Free | beef | Weddings
Sections: Weddings: Portofino Package

Yield	50 koftas
Method	Oven Bake
Label	Beef Kofta
Recipe ID	beef-kofta

Elements

Beef Kofta | Spicy Capsicum Sauce | Rocket | Pita Bread

Ingredients

Qty	Ingredient / prep
4 kg	Beef Mince
300 g	Brown Onion
1.5 kg	Spicy Capsicum Dip
50 pc	Mini Pita Breads
100 g	Flat Leaf Parsley - approx. 2 bunches, chopped
100 g	Garlic - Crushed
60 g	Fresh Mint - approx. 2 bunches, chopped
10 g	Ground Cumin
10 g	Ground Coriander
10 g	Ground Cinnamon
50 g	Salt Flakes
30 g	Cracked Pepper
10 g	Paprika
500 g	Rocket - approx. 4 bags
50 pc	Large Bamboo Boats

Prep method

1. AROMATICS: Finely dice and sauté brown onion and crushed garlic until translucent. Cool before mixing with mince.
2. MIX: Combine beef mince, browned onion and garlic, chopped mint, ground cumin, ground coriander, ground cinnamon, pepper, paprika and salt. Mix until fully combined.
3. TEST: Cook about 15 ml of mixture and taste. Adjust seasoning before shaping.
4. SHAPE: Roll into 50 g balls, then shape each into a football/oval shape.
5. FREEZE: Lay koftas in a bain lined with baking paper. Cover and freeze until solid.
6. PACK: Once frozen, vacuum seal 40 koftas per bag. Label and return to freezer.
7. DEFROST: Remove from freezer at least 24 hours before use.
8. PITA: Defrost pita at least 24 hours before the event. Cut in half, line in a bain, cover, label and refrigerate.
9. GARNISH: Finely chop parsley and mint. Store in a labelled PC.

On the day / service

1. Cook koftas in a bain tray at 180deg C for about 20 minutes, or until 75deg C internal.
2. Warm pita bread at 170deg C for about 10 minutes.
3. Open each pita and place into a large bamboo boat. Add rocket, then one kofta.
4. Top with spicy capsicum sauce and chopped herbs.
5. Arrange neatly on a platter and serve hot.

Notes

New DOCX spec uses 50 g koftas and keeps the sauce as spicy capsicum dip rather than a cooked sauce.

Nibble Platter

40 Pieces · 10/10/10/10 Split

Canape | Platter | Assemble | beef | pork
Sections: Standalone

Yield	40 pieces
Method	Assemble
Label	Nibble Platter
Recipe ID	nibble-platter-40

Elements

Sausage Rolls | Spinach Pizzinis | Beef Pies | Quiche Lorraine

Ingredients

Qty	Ingredient / prep
10 pc	Sausage Rolls - cut to canape size - approx. 5-6 cm lengths if full-size rolls used
10 pc	Spinach Pizzinis - whole or halved depending on size
10 pc	Beef Pies - individual cocktail size - confirm with supplier that pies are 60-80 g each
10 pc	Quiche Lorraine - individual cocktail size or pre-portioned wedges - confirm portion size
as needed	Tomato Sauce - served in a small ramekin on the side - standard accompaniment expectation
as needed	American Mustard or Dijon - served in a small ramekin - for sausage rolls and pies

Prep method

- REHEAT PROTOCOL:** Preheat kick oven to 190deg C (fan-forced). Place all pastry items on wire rack trays - not solid baking paper, which traps steam and softens pastry bases. Reheat times: sausage rolls 10-12 minutes, beef pies 12-14 minutes, quiche Lorraine 10 minutes, spinach pizzinis 8-10 minutes. All items must reach a minimum internal temperature of 75deg C before service.
- STAGGER THE BAKE:** With a 2-person team and one kick oven, bake in two rounds. Round 1: pies and sausage rolls (longest reheat). Round 2: quiche and pizzinis. This prevents a cold-hold gap where early items drop below 60deg C while waiting for the rest.
- HOLD HOT:** If not serving immediately, hold in a bain-marie or covered tray at 65deg C minimum. Do not hold on open trays at room temperature - pastry softens within 10 minutes and pork/beef filling enters the temperature danger zone.
- ROOM TEMP SERVICE OPTION:** If serving at room temperature (standing cocktail style), bake to order in smaller batches. Pull from oven at 75deg C internal temp, rest 5 minutes uncovered on wire rack, then plate. Surface will crisp briefly on resting. Service window is 15 minutes at room temp before pastry becomes unacceptably soft.

On the day / service

- Line platter with white baking paper or a paper doily - these items release grease and a bare platter looks poor within 5 minutes.
- Arrange in a 10/10/10/10 split with each variety in its own clearly defined zone. Label each zone with a small card if serving to a large group or at a dietary-conscious event - quiche Lorraine contains egg and dairy, sausage rolls and pies contain gluten and meat.
- Place one ramekin of tomato sauce and one of mustard at platter corners. Replenish platter from a warm hold tray - never add cold items to a platter that has been out for more than 20 minutes.
- Send immediately from oven. Pastry canapes have a hard service window - communicate this clearly in the run sheet.

Notes

Reheat temperatures and internal temperature targets added - original spec had no food safety controls for reheated meat pastry products, which is a critical gap. Staggered bake protocol added for 2-person team with one kick oven. Condiment ramekins added - standard guest expectation for this style of platter and a genuine omission in the original. Wire rack baking specified to prevent steam-softened bases.

Bruschetta of Rare Roast Beef

Charred Sourdough · Whipped Horseradish Cream · Pickled Shallot · Chive

Canape | Assemble | beef | Riviera Table / Offsite

Sections: Riviera Table / Offsite: Canape Packages

Yield	40 pieces
Method	Assemble
Label	Beef Bruschetta
Recipe ID	bruschetta-rare-roast-beef

Elements

Crostini | Rare Beef | Horseradish Cream | Pickled Shallot

Ingredients

Qty	Ingredient / prep
1 pc	Sourdough Batard - slice 1.5cm thick, brush both sides with olive oil, char on grill or cast iron pan until deep grill marks both sides - not pale
800 g	Beef Striploin - trimmed of sinew, brought to room temperature 30 min before searing
300 ml	Thickened Cream - cold from fridge - must be cold to whip
80 g	Horseradish - Prepared - drained thoroughly on paper towel, excess moisture pressed out
20 ml	Red Wine Vinegar - split - 15ml for pickle, 5ml for horseradish cream
4 pc	Shallots - peeled, sliced 1mm rings on mandoline
3 g	Salt Flakes - for pickle brine
5 g	Caster Sugar - for pickle brine - balances acid
40 g	Chives - snipped 3mm lengths at pass
20 ml	Extra Virgin Olive Oil - for brushing bread
15 ml	Neutral Oil (e.g. grapeseed) - for searing beef - high smoke point
to taste	Salt Flakes & Cracked Pepper - generous seasoning on beef before sear

Prep method

- PICKLE:** Combine 15ml red wine vinegar, 3g salt flakes, 5g caster sugar in a small bowl; whisk to dissolve. Add shallot rings, press to submerge, rest minimum 30 min at room temperature. Drain on paper towel before service. Do not rinse - the residual acidity is intentional.
- HORSERADISH CREAM:** Whip cold thickened cream in a chilled bowl to soft-to-medium peaks - do not over-whip to stiff (texture becomes grainy once folded). Fold in drained horseradish and 5ml red wine vinegar gently; you want ribbons of horseradish visible, not a homogeneous paste. Season with salt flakes and white pepper. Transfer to piping bag or squeeze bottle; hold chilled in PC at 2-4deg C. Use same day.
- BEEF:** Pat striploin dry. Season aggressively on all faces with salt flakes and cracked pepper at least 10 min before searing (ideally 30 min). Heat a heavy-based pan or cast iron over high heat until smoking; add neutral oil. Sear striploin 2-3 min per face until deep mahogany crust forms (Maillard - do not move meat). Sear short ends 30 sec each. Internal temp target: 45-48deg C core for rare (residual carry-over will reach 50-52deg C). Rest on a wire rack, uncovered, minimum 10 min. Do NOT wrap - trapped steam softens the crust. Slice paper-thin (2-3mm) across the grain at service; use a sharp slicer or carving knife. Hold sliced beef lightly covered at room temp; service same day within 2 hours of slicing.
- CROSTINI:** Brush sourdough slices both sides with olive oil. Char on a ribbed grill pan or solid grill over high heat until firm grill marks appear and bread is crisp through - approximately 2 min per side. Cool on wire rack; do not stack (steam = soggy base). Crostini can be prepared up to 2 hours before service; hold uncovered at room temp.
- ASSEMBLY:** Spread or pipe a 10g smear of horseradish cream on each crostini, leaving a 3mm border. Drape 1-2 slices of beef (approx 20g) loosely - do not press flat. Top with 3-4 shallot rings. Scatter chives. Finish with a single pinch of salt flakes at the pass.

On the day / service

- Room-temperature canapé: plate on slate or timber board. Finish with flaky salt at the pass - do not season earlier or moisture migrates.
- Assembled hold time maximum 15 minutes before pass. Beyond that the crostini base absorbs moisture from cream and beef - bread goes limp and the contrast is lost.
- If holding for a staggered pass, keep crostini, beef, and cream separate; assemble in 20-piece batches.

Notes

Scale beef to 1.1kg raw for a 40-piece run with buffer. Horseradish cream failure mode: over-whipping before folding causes weeping at service - soft peak only. Pickle brine sugar is essential; without it the shallot reads harsh against the cream. If striploin is well-marbled, increase cream vinegar to 8ml.

Spanner Crab Cannoli

Spanner Crab · Lemon · Dill · Crème Fraîche · Crisp Shell

Canape | Fry + Pipe | seafood | Riviera Table / Offsite

Sections: Riviera Table / Offsite: Canape Packages

Yield	40 small cannoli
Method	Fry + Pipe
Label	Crab Cannoli
Recipe ID	spanner-crab-cannoli

Elements

Shell | Spanner Crab Filling | Microherbs

Ingredients

Qty	Ingredient / prep
600 g	Spanner Crab Meat - freshly picked or premium chilled; drain in colander 30 min then press gently in clean cloth - excess moisture is the primary filling failure
150 g	Cream Cheese - full fat, softened to room temperature - do not use reduced fat
80 g	Crème Fraîche - replaces 50g cream cheese; adds brightness and tang that plain cream cheese lacks
40 ml	Lemon Juice - fresh squeezed, strained - reduce from 80ml; 80ml was over-acidulating and masking crab sweetness
10 ml	Lemon Zest - microplane zest of 1 large lemon - aromatic lift without additional liquid
30 g (approx. 1 bunch)	Dill - fronds only, fine chop - stalks discarded
10 ml	Tabasco - or to heat preference; add last, taste before committing
40 pc	Cannoli Shells - GF if required; inspect each shell for cracks before filling - cracked shells shatter at pass
30 g (approx. 1 punnets)	Microherbs - or dill fronds - garnish only, applied at pass
to taste	Salt Flakes & White Pepper - white pepper preferred - black specks read as shell fragments in crab

Prep method

1. DRAIN CRAB: Spread picked crab on a clean chux or muslin cloth set over a tray. Refrigerate uncovered 30 min to allow residual moisture to drip. Then gather cloth and press gently - do not shred the meat. Well-drained crab is non-negotiable: wet crab dilutes the cream cheese binder and causes shells to soften within 5 minutes of filling.
2. FILLING: Beat softened cream cheese and crème fraîche together until completely smooth - no lumps. Fold in drained crab meat with a spatula, preserving some texture (do not over-mix to a paste). Add lemon juice gradually, tasting after each addition - 30-40ml is the likely range depending on crab sweetness. Add lemon zest, dill, and Tabasco. Season with white pepper and salt flakes. The filling should be firm enough to pipe cleanly and hold shape inside the shell - if it's loose, rest in fridge 20 min to firm. Transfer to piping bag with 1cm plain nozzle. Hold chilled in PC. Fill to order or maximum 10 min before service.
3. SHELLS: If using raw pastry shells, fry at 180deg C in clean oil until golden and blistered - approximately 2-3 min. Drain on paper towel, season immediately with a pinch of fine salt while hot. Cool completely on a wire rack before filling (minimum 15 min - a warm shell will melt the filling and collapse).
4. PIPE: Fill shells from both ends to the centre 5-10 min before service. Do not fill more than 30 min out. Shells filled ahead must be kept in a single layer on a chilled tray - never stacked.

On the day / service

1. Pass on chilled trays or slate. Garnish each cannoli with a single dill frond or 3-4 microherb leaves applied at the pass - not pre-garnished.
2. A tiny pinch of lemon zest grated over the exposed filling end at the pass adds aroma on approach.
3. Do not offer a lemon cheek alongside - the filling is already acid-balanced.

Notes

Lemon juice reduced from 80ml to 40ml - 80ml was cooking the crab. Crème fraîche replaces some cream cheese: lowers pH, firms the filling, adds brightness. Fill window is 10 min maximum - communicate this at briefing. Filling ratio: 60% crab, 40% binder.

Prawn Brioche Slider

Prawn Cocktail · Toasted Brioche · Pickled Slaw · Marie Rose

Canape | **Assemble** | **seafood** | **Riviera Table** / **Offsite**
Sections: Riviera Table / Offsite: Canape Packages

Yield	40 sliders
Method	Assemble
Label	Prawn Slider
Recipe ID	prawn-brioche-slider

Elements

Brioche Bun | Prawn Cocktail Mix | Pickled Slaw

Ingredients

Qty	Ingredient / prep
40 pc	Mini Brioche Slider Buns - split, toasted cut-side on flat grill or pan - butter the cut face lightly before toasting for flavour and moisture barrier
1.25 kg	Cooked Prawns - peeled, tails off, halved lengthways - pat dry before folding into sauce; wet prawns dilute and break the emulsion
200 ml	Whole Egg Mayonnaise - good quality commercial or house-made
40 ml	Tomato Sauce - Heinz or equivalent - classic spec
15 ml	Lemon Juice - fresh, strained
10 ml	Worcestershire Sauce - adds umami depth missing in original - classic Marie Rose component
5 ml	Tabasco
300 g	White Cabbage - quarter, core removed, shred on mandoline or box grater to 1-2mm julienne
30 ml	White Wine Vinegar
10 g	Caster Sugar
5 g	Salt Flakes - for slaw - draw moisture first
to taste	Salt & White Pepper

Prep method

- SLAW:** Toss shredded cabbage with 5g salt; rest 20 min - salt draws excess water. Rinse briefly in cold water; squeeze dry in a clean cloth. Combine white wine vinegar and caster sugar; toss through drained cabbage. Taste - slaw should be tart, lightly sweet, and crunchy. Rest a further 10 min. Drain again before assembly. Hold chilled.
- MARIE ROSE:** Whisk mayonnaise, tomato sauce, lemon juice, Worcestershire, and Tabasco together until uniform. Season with white pepper and a small pinch of salt. The sauce should be pink-coral, not orange (too much tomato) and not white (too little). Adjust balance to taste. Hold chilled.
- PRAWNS:** Pat prawn halves dry with paper towel. Do not fold into sauce more than 30 min before service or the protein releases moisture and sauce splits. Fold gently.
- BUNS:** Toast cut-side of brioche on a lightly buttered flat grill or pan over medium heat until golden and caramelised - approx 60-90 sec. The butter creates a partial moisture barrier.
- ASSEMBLY:** Smear a small amount of Marie Rose on the base bun. Add a small mound of slaw (approx 15g, well-drained). Top with 3-4 prawn halves in cocktail sauce. Place top bun; press gently.

On the day / service

- Pass within 12 minutes of assembly - brioche absorbs moisture quickly once slaw and sauce are in contact.
- Slaw must have residual bite at service; if cabbage has gone limp, discard and reshred.
- Skewer with a cocktail pick to hold structure during pass.

Notes

Worcestershire added to Marie Rose - essential for umami spine, this is not ketchup mayo. Salt the cabbage and squeeze dry before dressing - osmosis removes free water that would otherwise pool in the bun. Wet prawns in wet sauce in a wet bun is a structural failure. Keep everything as dry as possible before assembly.

Smoked Chicken & Bacon Brioche Slider

Smoked Chicken · Crispy Streaky Bacon · Dijonnaise · Baby Cos

Canape | Assemble | chicken | pork | Riviera Table / Offsite | Parties | Baby Shower
Sections: Riviera Table / Offsite: Canape Packages, Parties: Crowd Pleaser Platters, Baby Shower: Custom Graze

Yield	40 sliders
Method	Assemble
Label	Chicken Slider
Recipe ID	chicken-bacon-brioche-slider

Elements

Brioche Bun | Smoked Chicken | Crispy Bacon | Dijonnaise

Ingredients

Qty	Ingredient / prep
40 pc	Mini Brioche Slider Buns - split, toasted cut-side on lightly buttered flat grill - butter provides moisture barrier and flavour
800 g	Smoked Chicken Breast - supplier-smoked; pull into strips or slice thin across grain - pulled reads more generously in the bun
20 rashers	Streaky Bacon - swap from short-cut to streaky - higher fat ratio renders to a proper crisp; halved crossways after cooking
200 ml	Whole Egg Mayonnaise
40 g	Dijon Mustard
10 ml	Lemon Juice - fresh, strained
5 ml	White Wine Vinegar - adds brightness to dijonnaise alongside lemon
80 g	Baby Cos Lettuce - inner leaves only; pat dry - do not use wet leaves in assembly
to taste	Salt Flakes & White Pepper

Prep method

1. **DIJONNAISE:** Whisk mayonnaise, Dijon mustard, lemon juice, and white wine vinegar until completely smooth. Season with white pepper and salt flakes - taste; the mustard carries heat and salt so add carefully. Hold chilled in squeeze bottle. Can be made a day ahead.
2. **BACON:** Lay streaky bacon rashers flat on a wire rack set over a baking tray. Roast in conventional oven at 200deg C for 12-15 min until uniformly crisp and rendered - oven-rendered bacon cooks flat and evenly without curling. Drain on paper towel; season with a pinch of salt flakes while hot. Halve crossways. Hold at room temperature on a clean tray - do not refrigerate (goes chewy). Use within 2 hours.
3. **CHICKEN:** Pull or slice smoked chicken just before service. Do not sauce ahead - it will go grey and wet.
4. **BUNS:** Toast cut-side on a lightly buttered flat grill or pan over medium heat 60-90 sec until golden.
5. **ASSEMBLY (order matters):** Pipe a 5g smear of dijonnaise on both cut faces of the bun. Base bun: small cos leaf (moisture shield). Add chicken (approx 20g). Lay bacon half on top of chicken. Top bun. Press lightly and skewer.

On the day / service

1. Assemble in batches of 20 no more than 15 minutes before pass - bacon loses crispness quickly once in contact with moisture.
2. Stage bacon separately and assemble final batches at the last minute if service is staggered.
3. Confirm bacon is audibly crisp before each batch - if it has softened, replace.

Notes

Short-cut bacon does not render properly in a mini-bun - the fat collar stays rubbery. Streaky only. Order 900g smoked chicken for 40-piece buffer. Oven-rendering bacon on a rack keeps it flat and avoids 6-burner chaos at canapé run. White wine vinegar in the dijonnaise alongside lemon is a one-dimensional fix - 5ml brightens the mustard and cuts the rich smoked chicken.

Vintage Beef Brioche Slider

Smash Pattie · Aged Cheddar · Cornichon · Burger Sauce

Canape | Grill + Assemble | beef | Riviera Table / Offsite

Sections: Riviera Table / Offsite: Canape Packages

Yield	40 sliders
Method	Grill + Assemble
Label	Beef Slider
Recipe ID	vintage-beef-brioche-slider

Elements

Brioche Bun | Beef Pattie | Aged Cheddar | House Pickle | Burger Sauce

Ingredients

Qty	Ingredient / prep
40 pc	Mini Brioche Slider Buns - split, toasted cut-side on buttered flat grill until golden - butter barrier critical for structural integrity
1.5 kg	Beef Mince - 80/20 fat ratio (chuck or brisket blend preferred); loosely portion 40g balls - do not compress or pack tightly before smashing
200 g	Aged Cheddar - slice 3-4mm thick - thicker slice melts in a controlled pool
160 g	Cornichons - sliced 2mm rounds - provides acid punctuation in every bite
150 ml	Whole Egg Mayonnaise
40 ml	American Mustard
30 ml	Tomato Sauce
10 ml	Pickle Brine - from cornichon jar - adds second acid note and depth to burger sauce
5 ml	White Wine Vinegar - for sauce brightness
to taste	Salt Flakes & Cracked Pepper - season pattie only after forming and immediately before cooking

Prep method

- BURGER SAUCE:** Whisk mayonnaise, American mustard, tomato sauce, pickle brine, and white wine vinegar until smooth. Taste - sauce should be tangy, slightly sweet, mustardy. Adjust mustard up if flat. Hold chilled in squeeze bottle.
- PATTIE PREP:** Loosely ball 40g portions of mince - handle as little as possible. Do not season yet. Hold chilled on parchment-lined tray. Season both faces generously with salt flakes and cracked pepper immediately before hitting the grill - pre-salting draws protein out and produces a bouncy pattie.
- COOK:** Heat flat grill or heavy cast iron to high (minimum 220deg C). Place mince ball; immediately smash flat with a heavy spatula to 8-9mm thickness. Press hard and hold 10 sec. Cook undisturbed 90 sec until crust is deep brown and releases cleanly. Flip once only. Lay cheddar slice immediately after flip. Cook a further 60 sec. Rest 30 sec on a warm tray.
- BUNS:** Toast cut-side on lightly buttered flat grill 60-90 sec until golden. Do immediately before assembly.
- ASSEMBLY:** Squeeze burger sauce on both cut faces. Base bun: 3-4 cornichon rounds. Pattie with melted cheddar. Top bun. Skewer with pick immediately.

On the day / service

- Serve immediately - do not hold assembled. Smash patties lose their crust moisture differential within 3 minutes of plating.
- Cook in batches of 10 to maintain grill surface temperature. Overcrowding drops surface temp below Maillard threshold.
- At 80-cover events, run grill in rolling waves of 10 - two chefs: one grilling, one assembling. Stagger starts by 3-4 min.

Notes

Pickle brine in the burger sauce is the flavour architecture fix - acid, depth, and a savoury fermented note that ties the cornichon on the bun. Pre-salted mince produces rubbery, dense patties - season only at the moment of cooking. Cheddar must melt completely on the pattie before it leaves the grill.

Mini Beefburger Canapé

Wagyu Smash Pattie · Brioche · Black Truffle Aioli · Microgreens

Canape | Grill + Assemble | beef

Sections: Standalone

Yield	40 pieces
Method	Grill + Assemble
Label	Mini Burger
Recipe ID	mini-beefburger-canape

Elements

Brioche Bun | Wagyu Pattie | Truffle Aioli | Micro Salad

Ingredients

Qty	Ingredient / prep
40 pc	Mini Brioche Slider Buns - split, toasted cut-side on buttered flat grill
1.5 kg	Wagyu Beef Mince - MS4+ minimum; loosely portioned into 40g balls - do NOT compress. Hold chilled. Season only immediately before cooking.
150 ml	Whole Egg Mayonnaise - full fat - base for truffle aioli
15 ml	Black Truffle Oil - add in 2 stages - half to base, half to finish; truffle oil aroma is volatile and dissipates quickly
5 g (approx. 1 cloves)	Garlic - microplane to fine paste; rest 5 min before mixing
10 ml	Lemon Juice - fresh, strained
5 ml	Dijon Mustard - small addition to emulsify and add complexity to truffle aioli
30 g (approx. 1 punnets)	Microgreens - dress lightly with 5ml extra virgin olive oil and a pinch of salt flakes at pass - do not pre-dress
to taste	Salt Flakes & Cracked Pepper

Prep method

1. TRUFFLE AIOLI: Whisk mayonnaise, Dijon mustard, garlic paste, lemon juice, and half the truffle oil (7.5ml) until fully combined. Season. Hold chilled in squeeze bottle. Add remaining 7.5ml truffle oil at the pass just before service to refresh aroma.
2. PATTIE PREP: Loosely ball 40g portions of Wagyu mince, handling minimally. Do not season until immediately before cooking. Wagyu at MS4+ begins rendering intramuscular fat at approximately 40deg C - the window between medium-rare and overcooked is approximately 30 seconds. Have tray and resting surface ready before the first pattie goes on.
3. COOK: Heat flat grill or cast iron to high (220deg C+). Place Wagyu ball; smash immediately to 8-9mm. Season top face with salt and pepper after smashing. Cook undisturbed 75 sec. Flip once; cook 45-60 sec only. Do NOT add cheese to Wagyu smash - additional dairy fat tips the richness over for a one-bite canapé. Rest 30-45 sec on warm tray.
4. BUNS: Toast cut-side on lightly buttered flat grill 60-90 sec until golden. Assemble immediately.
5. ASSEMBLY: Squeeze 5g truffle aioli on base bun. Place pattie. Top with a small cluster of dressed microgreens (4-5 leaves, no more). Top bun. Skewer with pick. Finish with a single pinch of salt flakes over the exposed pattie edge if visible.

On the day / service

1. Serve immediately - Wagyu fat solidifies as temperature drops and texture becomes unpleasant within 4 minutes of leaving the grill.
2. Cook in batches of 8-10 maximum. Surface temp recovery between batches is critical - Wagyu fat load will drop the grill temp faster than standard mince.
3. Two chefs, rolling batches, 3-minute intervals. One grills, one assembles and passes.

Notes

Truffle oil added in 2 stages: half to base integrates into the emulsion; half at pass hits the nose on approach. Without the split, the truffle note is flat by service. 75-sec/45-sec cook split is corrected for Wagyu vs standard mince. Smash technique gives consistent result without chasing core temps at 80 covers.

Beef Polpette

Napoli Sauce · Parmesan Reggiano · Torn Basil · Toasted Crumb

Canape | Braise | beef
Sections: Standalone

Yield	60 pieces
Method	Braise
Label	Beef Polpette
Recipe ID	beef-polpette-canape

Elements

Meatball | Napoli Sauce | Parmesan | Toasted Crumb

Ingredients

Qty	Ingredient / prep
1.25 kg	Beef Mince - 20% fat content minimum - lean mince will produce dry, bouncy polpette
200 g	Pork Mince - do not omit - pork fat and connective tissue provides gelatin and tenderness
100 g	Fresh Breadcrumbs - from day-old white loaf, blitzed coarse - not panko (too dry); soak in milk before use
60 ml	Full-Fat Milk - for soaking breadcrumbs - panade technique; this is the single most important step for a tender polpette
2 pc	Eggs - lightly beaten
60 g	Parmesan Reggiano - finely grated on microplane; plus extra 20g to serve
20 g (approx. 4 cloves)	Garlic - microplane to paste
60 g (approx. 1 bunch)	Flat Leaf Parsley - leaves only, fine chop - weigh approx 20g picked leaves
500 ml	Napoli Sauce - House - warmed and tasted for seasoning before adding polpette
30 ml	Olive Oil - for searing - not extra virgin; smoke point too low
20 g	Panko Breadcrumbs - toast in dry pan with 5ml olive oil and a pinch of salt until golden - finish crumb for texture contrast at service
50 g (approx. 1 bunch)	Basil - leaves only, torn at pass - never chop basil; oxidises immediately
to taste	Salt Flakes & Cracked Pepper

Prep method

- PANADE:** Combine fresh breadcrumbs and milk in a small bowl; stir and rest 5 min until milk is fully absorbed and crumbs form a soft paste. This panade swells during cooking and physically separates the protein strands - the mechanism for a tender polpette. Skipping this step produces rubbery, dense balls.
- MIX:** Combine beef mince, pork mince, soaked panade, eggs, Parmesan, garlic paste, and parsley in a large bowl. Season assertively - cold mince mutes flavour; season 10-15% more than you think is needed. Mix until just combined - overmixing activates myosin proteins excessively and produces a tough texture. Test: fry a small piece, taste for seasoning and texture before committing to the full batch.
- FORM:** Portion mixture into 30g balls using a scoop or two spoons. Roll between palms briefly to shape - do not compress tightly. Chill 20 min before searing.
- SEAR:** Heat olive oil in a wide, heavy-based pan over high heat until shimmering. Sear polpette in batches - single layer only, space between each. Do not move for 90 sec until crust releases cleanly. Rotate to colour all sides - approximately 4 min total per batch. Crowded pan = steam = grey polpette.
- BRAISE:** Warm Napoli sauce to a gentle simmer (80-85deg C). Add seared polpette; spoon sauce over. Cover and cook at 80-85deg C for 18-20 min until cooked through (internal temp 72deg C). Do not boil - aggressive simmering breaks the polpette surface. Hold in sauce in bain-marie at 75deg C.
- TOASTED CRUMB:** Toast panko in a dry pan with 5ml olive oil and a pinch of salt over medium heat, stirring constantly, until uniformly golden - approx 3-4 min. Cool on paper towel. Apply at pass only.

On the day / service

- Serve 1 polpette per spoon or Chinese-style soup spoon. Spoon a small amount of Napoli sauce into the spoon base first.
- At the pass: finish with a pinch of finely grated Parmesan, a small cluster of torn basil, and a pinch of toasted crumb applied last.
- Hold polpette in sauce in bain-marie at 75deg C - do not exceed 80deg C or the exterior begins to tighten and dry.
- Toasted crumb must be applied at the final moment of plating - it absorbs moisture from the sauce within 60 seconds.

Notes

The panade (milk-soaked breadcrumbs) is non-negotiable - do not substitute with dry crumbs. The sear step must not be rushed - steamed grey balls going into the braise produces no fond and no texture development. Have 200ml additional warm Napoli ready at the pass to adjust sauce consistency. The toasted crumb is the textural fix - polpette on a spoon with only sauce is texturally monotonous.

Natural Oysters with Champagne Mignonette

Live-Shucked Sydney Rock or Pacific · Champagne & Shallot Mignonette · Lemon

Canape | Shuck + Dress | seafood | Riviera Table / Offsite | Weddings | Parties
Sections: Riviera Table / Offsite: Feasting - Shared to Table, Weddings: Amalfi Package, Weddings: La Tavola Package, Weddings: Late Night Snacks, Weddings: Portofino Package, Parties: Seafood Fountain

Yield	48 oysters
Method	Shuck + Dress
Label	Natural Oysters
Recipe ID	natural-oysters-champagne-mignonette

Elements

Live-Shucked Oysters | Champagne Mignonette | Lemon Wedge | Crushed Ice Bed

Ingredients

Qty	Ingredient / prep
54 pc	Sydney Rock or Pacific Oysters - live, ordered per-event - 54 to yield 48 good shells after shucking rejects; store cupped-side down on ice in coldroom, do not submerge in water or fresh ice melt
150 ml	Champagne or Dry Prosecco - use a bottle open on the day - flat champagne produces a dull mignonette; do not use cooking wine
30 ml	White Wine Vinegar - good quality - not malt or rice wine
3 pc	Shallots - fine brunoise, 2 mm - larger pieces dominate the oyster; shallots should be a background note
4 g	Caster Sugar
2 g	Fine Salt - season mignonette lightly - oysters carry natural salinity
1 g	Freshly Cracked White Pepper - 2-3 cracks into mignonette - adds warmth without colour
3 pc	Lemons - cut into wedges immediately before service - pre-cut wedges oxidise and dry out
3 kg	Crushed Ice - replenish throughout service - ice bed must be level and deep enough to seat shells stably; do not let shells tip and spill liquor

Prep method

- OYSTER STORAGE:** Receive oysters live - tap any open oyster; it should close. Discard any that do not close. Store cupped-side down on a tray in the coldroom at 4deg C. Do not store in standing fresh water or under ice that pools meltwater - fresh water kills oysters. Use a perforated tray with a drip tray beneath.
- MIGNONETTE - MAKE AHEAD:** Combine champagne, white wine vinegar, fine brunoise shallots, caster sugar, fine salt, and white pepper. Stir to dissolve sugar. Taste - the mignonette should be bright, acidic, slightly sweet, and fragrant. It should complement the oyster's salinity, not compete with it. Cover and refrigerate minimum 1 hour, maximum 4 hours - beyond 4 hours the shallots lose their bite and become sour. Make fresh per event.
- SHUCKING:** Shuck as close to service as possible - maximum 20 min before passing. Use a proper oyster knife and a folded cloth for grip and hand protection. Insert knife at the hinge, not the lip - lever upward to pop the hinge, then slide knife flat along the top shell to sever the adductor muscle. Keep the cupped shell level to retain the oyster liquor. Run the knife under the oyster in the shell well to sever the bottom adductor. Check every shell for fragments - run a clean fingertip around the rim of the meat. Discard any with significant shell loss or off-odour. Arrange on crushed ice immediately.
- ICE BED:** Build the ice bed deep enough - minimum 40 mm - so each shell sits stably without tipping. A tipping shell loses its liquor; a dry oyster served to a guest is a waste. Level the ice surface before placing shells.
- DRESS AT PASS:** Drop exactly 5 ml mignonette per oyster using a small squeeze bottle or 5 ml - applied at pass, not on the line. Do not pre-dress more than 8 min before passing.
- LEMON:** Cut wedges immediately before service. One wedge per 3-4 oysters on the tray.

On the day / service

- Pass on a deep tray with crushed ice bed. Have a small squeeze bottle of mignonette on the tray for guests who want more - do not rely solely on the self-serve jug; it gets ignored.
- Do not pre-dress more than 8 min before pass - mignonette begins to cook the oyster surface and dulls the freshness.
- Shucking for 48 oysters: at 1.5 min per oyster for an experienced shucker, allow 75 min total with checks. For a 2-person team where one person shucks while the other passes and replenishes ice, stagger in batches of 12.
- Replenish crushed ice throughout service - a warm plate is a rejection waiting to happen.
- Alert FOH: guests with shellfish allergies must be identified before the tray leaves the pass.

Notes

COUNCIL NOTES - The original ingredient quantity listed 48 oysters with no wastage buffer. In professional service, order 10-15% overage - 54 minimum for a 48-piece yield, accounting for rejects, broken shells, and the occasional bad oyster. Fresh water storage kills oysters; this has been clarified in the hold method. Mignonette maximum maceration time added at 4 hours - shallots sour past this point and become acrid. Pre-dress window tightened from 10 min to 8 min. Lemon wedges should be cut immediately before service, not in advance. White pepper added to the mignonette - it is a classical component that adds warmth without visual interruption. This is a simple dish; its quality is entirely dependent on sourcing and timing. Know your fishmonger and confirm delivery day-of.

Stuffed Mushroom with Romesco & Lemon Aioli

Roasted medium mushroom · Parmesan & Herb Filling · Romesco · Lemon Aioli

Canape | Roast + Assemble | vegetarian
Sections: Standalone

Yield	40 pieces
Method	Roast + Assemble
Label	Stuffed Mushroom
Recipe ID	stuffed-mushroom-romesco

Elements

Roasted medium mushroom | Parmesan Herb Filling | Romesco | Lemon Aioli

Ingredients

Qty	Ingredient / prep
40 pc	medium mushrooms - stalks removed, wiped clean with damp cloth - do not wash
250 g	Cream Cheese - softened to room temperature
140 g	Parmesan - finely grated on microplane; finely grated - extra, for gratinating tops
25 g (approx. 5 cloves)	Garlic - microplane - raw bite needs volume
60 g (approx. 1 bunch)	Flat Leaf Parsley - fine chop, squeezed dry in cloth to remove moisture
200 ml	Romesco Sauce - House - room temperature at service
150 ml	Lemon Aioli - House - room temperature at service
40 ml	Olive Oil
5 g	Flaked Sea Salt
2 g	White Pepper - freshly ground
1 pc	Lemon - zest only - for filling brightness

Prep method

- MUSHROOMS:** Preheat oven to 200deg C (fan-forced). Toss mushrooms in olive oil, season with sea salt and white pepper. Arrange gill-side up on lined trays - do not crowd. Roast 12-14 min until gill edges colour and moisture begins to release. Tip each mushroom briefly to drain pooled liquid - excess water will waterlog the filling and collapse it.
- FILLING:** While mushrooms roast, beat cream cheese until smooth. Fold in parmesan, microplaned garlic, lemon zest, and parsley. Season assertively - filling must be seasoned enough to carry through the mushroom. Taste on a cracker to calibrate, not off the spoon.
- FILL:** Transfer filling to piping bag fitted with a plain 14mm tip. Pipe a generous dome into each mushroom cap. Alternatively spoon and smooth. Dust tops with reserved grated parmesan.
- GRATINATE:** Return filled mushrooms to 200deg C oven for 6-7 min until filling is set, parmesan top is golden, and edges show light caramelisation. Do not undercook - cold filling centre is the single most common failure point on this canape.
- SAUCE PREP:** Spoon romesco into a small squeeze bottle and lemon aioli into a second. Both should be fluid enough to dot cleanly - thin with a few drops of water if batch-made sauce has thickened in the coldroom.
- SERVE:** Transfer to pass. Dot three points of romesco and two points of lemon aioli directly onto each mushroom or around the base on the serving piece. Finish with a pinch of parsley.

On the day / service

- Serve warm, minimum 65deg C at pass. Two sauces give colour contrast - alternate placement so both are visible.
- Prep-ahead window: roast mushrooms and make filling up to 4 hours ahead. Store separately chilled. Fill and gratinate to order in batches of 20. Do not pre-fill and hold raw - the filling absorbs mushroom moisture and goes slack.
- Two-person service: one person fills and loads trays, second person sauces and passes. Cycle through kick oven in 8-min windows for continuous canape flow.
- Flag for front-of-house: these do not hold on a tray - 10-minute window maximum before the filling weeps and the base softens.

Notes

The critical failure mode is waterlogged mushrooms. medium mushrooms release significant moisture - the pre-drain step after initial roasting is non-negotiable. Skipping it produces a soggy base and filling that slides. Parsley moisture is a secondary issue - wet parsley turns the filling grey within 30 minutes; squeeze it dry before folding in. Lemon zest in the filling replaces the acid balance that the raw garlic would otherwise dominate. Filling seasoning must be calibrated before piping - once inside the mushroom, you cannot correct it. Vegan option: replace cream cheese with whipped cashew cream (soaked 4 hrs, blended with 15 ml lemon juice and 5 g nutritional yeast per 200 g) and parmesan with 30 g nutritional yeast - filling will be softer, reduce lemon zest to avoid curdling.

Grazing Box

Cheese · Charcuterie · Crackers · Fruit · Dips

Canape | Platter | Assemble | dairy | pork

Sections: Standalone

Yield	1 box (serves 6-8)
Method	Assemble
Label	Grazing Box
Recipe ID	grazing-box-standard

Elements

Cheese Selection | Charcuterie | Crackers | Fruit | Dips | Garnish

Ingredients

Qty	Ingredient / prep
200 g	Brie or Camembert - whole or halved to show interior
150 g	Aged Cheddar - partially sliced, partially broken into shards
150 g	Manchego or Hard Cheese - thin sliced or shards
150 g	Prosciutto - loosely draped in folds
150 g	Salami or Soppressata - thin sliced, fanned or folded
100 g	Dip - Hummus or Labneh - in a small jar or ramekin set in the box
150 g	Crackers - Mixed Varieties - fanned or stacked in sections
100 g	Grapes - small clusters, washed and dried
100 g	Strawberries or Seasonal Berries - hulled, halved if large
60 g	Dried Apricots or Dried Figs
60 g	Walnuts or Almonds - lightly salted or plain
60 g	Honeycomb or Runny Honey - honeycomb in a corner or honey in small jar
8 g	Cornichons or Pickled Onions - optional - adds acid balance
as needed	Fresh Rosemary or Thyme Sprigs - garnish, tucked around cheeses

Prep method

1. **TEMP:** Remove cheeses from coldroom 30-40 min before service. Charcuterie can come out 15 min before - do not temper in a warm kitchen.
2. **ASSEMBLE - ANCHOR:** Place dip ramekin and cheeses first at different corners and intervals to anchor the layout. Brie whole or halved, cheddar partially pre-sliced for accessibility.
3. **BUILD:** Arrange charcuterie in loose folds and rolls adjacent to cheeses. Fan or stack crackers in clear sections. Tuck dried fruits and nuts into gaps. Add fresh fruit clusters.
4. **FINISH:** Position honeycomb or honey jar. Tuck in fresh herb sprigs. Add cornichons or pickles if using - place near charcuterie for balance.
5. **COVER:** Loosely cover with cling film and refrigerate if not delivering immediately. Remove film just before delivery.

On the day / service

1. Deliver and present at room temperature. Do not refrigerate the assembled box once at the venue.
2. Include cheese knives (one per cheese type), small plates, and napkins with the box.
3. If delivery time exceeds 30 min in warm conditions, transport cheeses and charcuterie separately in a chilled bag and assemble on arrival.

Notes

Always include at least one soft, one semi-hard, and one hard cheese for variety. Scale all quantities proportionally for larger boxes. Adding a small acid element (cornichons, pickles) lifts the overall balance against the richness of cheese and cured meats. Crackers should be stored separately and added at assembly or delivery to prevent sogginess.

Roast Beef & Beetroot Balsamic Platter

Rare Roast Beef · Beetroot Relish · Horseradish Cream · Crostini

Canape | Platter | Assemble | beef | Corporate | Parties | Funeral & Wake

Sections: Corporate: Build-Your-Own Buffet, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 pieces
Method	Assemble
Label	Roast Beef Platter
Recipe ID	platter-roast-beef-beetroot-relish

Elements

Crostini | Rare Roast Beef | Beetroot Relish | Horseradish Cream

Ingredients

Qty	Ingredient / prep
1 pc	Sourdough or Baguette - sliced 8-10 mm, brushed with olive oil, toasted
30 ml	Olive Oil - for crostini
600 g	Rare Roast Beef - sliced 2-3 mm - ask butcher or slice on deli slicer
200 g	Beetroot Relish - house or quality
200 ml	Thickened Cream - whipped to soft peaks
60 g	Prepared Horseradish - drained, excess liquid squeezed out
15 ml	Red Wine Vinegar
20 g	Chives - snipped to 15 mm lengths
5 g	Salt Flakes
to taste	Cracked Black Pepper

Prep method

1. **CROSTINI:** Preheat oven to 190deg C conventional. Lay sliced bread on lined trays. Brush tops with olive oil. Bake 8-10 min until golden and crisp. Transfer to rack. Cool completely before assembling - warm crostini will steam and soften under toppings.
2. **HORSERADISH CREAM:** Whip thickened cream to soft peaks. Drain horseradish well, squeezing out liquid in a cloth or fine sieve - excess liquid will break the cream. Fold horseradish into cream with red wine vinegar. Season with salt and pepper. Taste - should be clearly pungent. Adjust horseradish if mild. Chill until needed.
3. **BEEF:** Slice to 2-3 mm if not pre-sliced. Keep covered and chilled. Remove from fridge 15 min before service so it doesn't crack when draped.
4. **ASSEMBLE TO ORDER:** Spread 5 ml horseradish cream on each crostini. Drape 1-2 slices rare beef folded loosely. Dot 5 ml beetroot relish to one side. Scatter chives. Finish with a flake of salt and crack of pepper.

On the day / service

1. Assemble maximum 15 min before service - beyond this crostini soften from horseradish cream moisture.
2. Display on slate or dark board for colour contrast.
3. Do not stack - keeps crostini crisp and presentation clean.
4. If holding beyond 15 min, keep components separate and assemble in two passes.

Notes

Horseradish pungency varies by brand - taste and adjust before service. Squeeze excess liquid from prepared horseradish thoroughly or cream will not hold. Roast beef should be clearly rare to medium-rare - grey beef reads as poor quality at canape level. Flag: no Kuschi exclusions present.

Dietary Grazing Platter

GF · Vegan · Dairy-Free · Nut-Optional

Canape | Platter | Assemble | vegan | gluten-free

Sections: Standalone

Yield	Serves 6-8
Method	Assemble
Label	Dietary Platter
Recipe ID	platter-dietary-grazing

Elements

GF Crackers | Vegan Dips | Crudités | Fruit | Nuts or Seeds

Ingredients

Qty	Ingredient / prep
150 g	GF Rice Crackers or Corn Thins - confirmed GF certified
150 g	Hummus - GF, vegan certified
150 g	White Bean Dip - GF, vegan - see note re: babaganoush
150 g	Carrot - batons 8 cm x 8 mm uniform cut
150 g	Celery - batons 8 cm x 8 mm, strings removed
100 g	Grapes - washed, small clusters
100 g	Strawberries - hulled, halved if large
80 g	Mixed Nuts - unsalted, raw or dry-roasted - see nut allergy note
80 g	Dried Fruit - sulphite-free apricots and figs, halved
20 ml	Extra Virgin Olive Oil - drizzle over dips
5 g	Smoked Paprika or Za'atar - dust over hummus
as needed	Fresh Herb Sprigs or Edible Flowers - garnish - confirm vegan-safe if flowers

Prep method

1. DIPS: Portion hummus and white bean dip into individual ramekins or small bowls (minimum 80 g per bowl). Drizzle each with EVOO, dust with paprika or za'atar. Do not combine into one bowl - keeps dietary integrity clear.
2. CRUDITÉS: Trim and cut carrots and celery to uniform 8 cm x 8 mm batons. Store in iced water in coldroom until 15 min before service, then drain and pat dry.
3. FRUIT: Wash and prep strawberries and grapes. Keep refrigerated until assembly.
4. BOARD BUILD: Place ramekins first to anchor board layout. Build crudités in upright clusters or fanned rows. Fill sections with crackers, fruit clusters, nut/dried fruit mix. Add herb garnish last.
5. LABEL: Place small cards identifying each dip by name and dietary status (GF, Vegan, Dairy-Free) directly in front of ramekin.

On the day / service

1. Serve at room temperature - remove from coldroom 10 min before service.
2. Label each dip clearly: name, GF, Vegan, Dairy-Free as applicable.
3. Board must not share surface with any non-vegan or gluten-containing items - use a dedicated board.
4. If nut allergy flagged for the group, replace mixed nuts with 80 g pepitas or sunflower seeds - same volume and visual effect.

Notes

Babaganoush is eggplant-based and falls under Kuschi's exclusion list - substitute with white bean dip or roasted capsicum dip. Confirm any purchased hummus or dip is certified GF and vegan - not just labelled 'vegetarian'. Sulphite-free dried fruit recommended for allergy-sensitive groups. Nut substitution with seeds is a straight swap - prep same way.

Chilli Garlic Prawns & Chorizo

King Prawns · Crisp Chorizo · Rocket · Lemon Pan Sauce

Canape | Pan | seafood | pork | Riviera Table / Offsite | Weddings

Sections: Riviera Table / Offsite: Feasting - Shared to Table, Riviera Table / Offsite: Plated Meals, Weddings: Amalfi Package, Weddings: La Tavola Package

Yield	40 pieces
Method	Pan
Label	Prawn & Chorizo
Recipe ID	chilli-garlic-prawns-chorizo-rocket

Elements

Chilli Garlic King Prawns | Crisp Chorizo | Rocket | Lemon Pan Sauce

Ingredients

Qty	Ingredient / prep
40 pc	King Prawns - peeled, tails on, deveined, patted thoroughly dry on paper towel
220 g	Chorizo - 5mm rounds or fine dice - consistent size for even rendering
25 g (approx. 5 cloves)	Garlic - fine slice, not microplane - slice holds texture in high-heat pan
2 pc	Long Red Chilli - fine slice on bias, seeds removed for controlled heat at canape scale
60 ml	Olive Oil - divided - 20 ml for chorizo, 40 ml for prawns
3 pc	Lemons - 30 ml juice per batch for deglazing, remaining wedges for service
15 g	Unsalted Butter - cold, cubed - for mounting pan sauce
30 g (approx. 1 punnets)	Rocket - washed, spun dry, picked to single leaves for spoon service
5 g	Flaked Sea Salt
2 g	White Pepper - freshly ground
60 g (approx. 1 bunch)	Flat Leaf Parsley - fine chop - finish

Prep method

- CHORIZO:** Heat 20 ml olive oil in a wide heavy-based pan over medium heat. Add chorizo in a single layer. Render 3-4 min, turning once, until fat is released and edges are crisp. Remove with slotted spoon to a tray lined with paper towel. Reserve pan with chorizo fat - this is your flavour base.
- PRAWN PREP:** Prawns must be completely dry before they hit the pan. Any surface moisture causes steaming, not searing - the Maillard reaction cannot occur above 100deg C if water is present. Pat each prawn on fresh paper towel immediately before cooking.
- BATCH SETUP:** Cook in batches of 10-12 prawns maximum. Overcrowding drops pan temperature below 160deg C and the prawns steam grey. For 40 covers, plan 4 sequential batches. Have trays ready for resting.
- PRAWNS:** Bring pan with chorizo fat to high heat. Add 10 ml olive oil. Once shimmering and just smoking, add garlic slices - 20 seconds until pale gold, not brown. Add chilli - 10 seconds. Add prawns in single layer. Cook 60-75 seconds first side without moving - you need a sear, not a steam. Flip. Cook 45-60 seconds second side. Prawns are done when flesh is just opaque at the thickest point and tail curls to a loose C - a tight curl means overcooked.
- PAN SAUCE:** Deglaze with 30 ml lemon juice per batch. Scrape fond. Remove pan from direct flame, mount with 15 g cold butter in pieces, swirl to emulsify into a short, glossy pan sauce. Return chorizo to pan. Toss once to coat. Taste and season with sea salt.
- SERVE IMMEDIATELY:** Spoon one prawn per Chinese soup spoon with one piece of chorizo, a single rocket leaf, a few drops of pan sauce, and a pinch of parsley. Lemon wedge on the side of the tray, not on each spoon.

On the day / service

- This is a fire-to-pass canape. There is no hold. Prawns become rubbery within 4 minutes of cooking - do not pre-cook and hold warm.
- Two-person execution: one chef manages the pan and batches, second person spoons onto spoons and passes. Establish a clear signal between kitchen and floor - pass when full tray of 10 is ready, not piecemeal.
- Service window per batch: 8-10 minutes including cook time. Four batches across a 35-40 minute canape run is achievable on one 6-burner ring with a wide sauté pan.
- Chorizo can be rendered up to 2 hours ahead and held at room temperature - re-crisp briefly in the pan during prawn cook. Garlic and chilli can be prepped and held chilled. Prawns must be stored in the coldroom and pulled batch by batch.

Notes

The two most common failures: wet prawns (steaming, not searing - grey colour, no crust, watery texture) and overcrowding (same effect). Both are temperature management problems. A 6-burner running one wide pan per ring can produce 80 prawns simultaneously across two pans if needed, but only with a second operator managing both pans. At 40 covers with a 2-person team, single-pan batching is the correct call. Chorizo fat is the umami spine of this dish - do not discard it. The butter mount is a small step that converts a flat lemon deglaze into a sauce that coats and carries the flavour.

Heirloom Tomato Bruschetta

Charred Sourdough · Goats Cheese · Basil

Canape | Assemble | vegetarian | Riviera Table / Offsite

Sections: Riviera Table / Offsite: Plated Meals

Yield	40 pieces
Method	Assemble
Label	Tomato Bruschetta
Recipe ID	heirloom-tomato-bruschetta-goats-c heese

Elements

Crostini | Heirloom Tomato Mix | Goats Cheese | Basil

Ingredients

Qty	Ingredient / prep
1 pc	Sourdough Batard - sliced 1.5cm thick, charred both sides on grill or grill pan
600 g	Heirloom Tomatoes - mixed colours, fine dice - drain excess liquid after dicing
15 g (approx. 3 cloves)	Garlic - microplaned - for tomato mix
60 ml	Extra Virgin Olive Oil - for brushing bread before grilling
20 ml	Red Wine Vinegar
50 g (approx. 1 bunch)	Basil - leaves torn - add immediately before assembly
200 g	Soft Goats Cheese - brought to room temperature 30 min before service
to taste	Salt Flakes & Cracked Black Pepper

Prep method

- TOMATO MIX:** Fine dice heirloom tomatoes. Transfer to a colander over a bowl and season with salt - allow to drain for 10 min to remove excess liquid. Combine drained tomatoes with microplaned garlic, extra virgin olive oil, and red wine vinegar. Season with salt flakes and cracked pepper. Rest at room temperature for 15 min. Add torn basil immediately before assembly.
- CROSTINI:** Brush sourdough slices with olive oil on both sides. Char on a hot grill pan or 6-burner grill plate over high heat - approximately 1-2 min per side until grill marks are defined and bread is crisp but not brittle. Cool on a wire rack.
- ASSEMBLE:** Spread a generous layer of room-temperature goats cheese onto each crostini (approximately 10-12 g). Spoon tomato mix on top, allowing a little to tumble over the edge.
- FINISH:** Finish with a few salt flakes and a fine drizzle of extra virgin olive oil immediately before passing.

On the day / service

- Assemble no more than 10 min before passing - crostini soften rapidly once topped.
- Hold tomato mix separately in a chilled container until assembly. Drain again if mix has released more liquid while holding.

Notes

FLAG - KUSCHI EXCLUSION: Heirloom tomatoes are the key ingredient in this recipe. Tomatoes are on the Kuschi exclusion list. This item requires review before confirmation. Suggested substitutes: roasted capsicum and caramelised onion mix on goats cheese crostini; or whipped goats cheese with pickled shallots and fresh herb oil. Confirm with event coordinator before producing.

Spinach & Ricotta Pastizzi Platter

Maltese Pastizzi · Spinach & Ricotta · Warm

Canape | Platter | Bake | vegetarian
Sections: Standalone

Yield	40 pieces
Method	Bake
Label	Pastizzi Platter
Recipe ID	funeral-spinach-ricotta-pastizzi-platter

Elements

Spinach & Ricotta Pastizzi | Lemon Wedges

Ingredients

Qty	Ingredient / prep
40 pc	Spinach & Ricotta Pastizzi - frozen or fresh from quality supplier
as needed	Flaked Sea Salt - light finish after baking
2 pc	Lemons - cut into wedges for service

Prep method

1. **BAKE:** Arrange pastizzi on lined baking trays with space between each - do not crowd. Bake from frozen at 190deg C (conventional oven) for 22-25 min until pastry is deep golden, puffed, and crisp. If baking fresh, reduce time to 15-18 min. Check base - it should be firm, not soft.
2. **REST:** Remove from oven and rest on tray for 3 min before plating - filling retains significant heat and can burn.
3. **PLATE:** Arrange on a lined platter or board. Finish with a very light scatter of flaked sea salt. Place lemon wedges around the edge of the platter.

On the day / service

1. Serve warm. If holding, transfer to kick oven at 70deg C on a wire rack - maximum 20 min hold before quality drops.
2. For longer events, bake in batches rather than holding all pieces - pastry softens on a platter within 15-20 min.
3. Lemon wedges on the side; do not squeeze over platter pre-service.

Notes

Pastizzi cool and soften quickly once plated - batch baking and staggered service is strongly recommended for events over 30 min. Supplier quality is critical. Do not refreeze and rebake.

Mixed Box Hot Nibbles

Spring Rolls · Dim Sims · Cocktail Sausage Rolls · Arancini

Canape | Platter | Fry + Bake | pork | beef | Parties | Funeral & Wake

Sections: Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 pieces
Method	Fry + Bake
Label	Hot Nibbles Box
Recipe ID	funeral-mixed-hot-nibbles-box

Elements

Mini Spring Rolls | Mini Dim Sims | Cocktail Sausage Rolls | Mini Arancini | Dipping Sauces

Ingredients

Qty	Ingredient / prep
10 pc	Mini Spring Rolls - frozen
10 pc	Mini Dim Sims - frozen
10 pc	Cocktail Sausage Rolls - frozen
10 pc	Mini Arancini - frozen or house-made
100 ml	Tomato Sauce - dipping sauce - ramekins
100 ml	Sweet Chilli Sauce - dipping sauce - ramekins
60 ml	Soy Sauce - dipping sauce - for dim sims and spring rolls

Prep method

1. SEQUENCE: Stagger cooking so all items are hot simultaneously. Start sausage rolls first (longest cook), then fry items. Target a 5-min window where all items finish together.
2. SAUSAGE ROLLS: Place on a lined tray. Bake at 190deg C (conventional oven) for 15-18 min until pastry is golden and base is firm. Do not fry.
3. SPRING ROLLS: Fry in oil preheated to 180deg C for 3-4 min until deep golden and crispy. Drain on a wire rack - not paper towel, which traps steam and softens the base.
4. DIM SIMS: Fry at 175deg C for 4-5 min until golden, or steam in a bamboo steamer over boiling water for 8-10 min. Do not mix methods on the same batch. Drain well.
5. ARANCINI: Fry at 180deg C for 3-4 min until golden and heated through. Alternatively bake at 200deg C for 12-15 min, turning once - spray lightly with oil before baking for colour.
6. HOLD: Transfer all cooked items to lined trays on a wire rack in the kick oven at 70deg C. Do not stack. Hold for no more than 15 min - crispness deteriorates beyond this.

On the day / service

1. Arrange by type in a lined box or on a platter - keep each item in its own section. Label each type for service.
2. Dipping sauces in individual ramekins placed alongside or at the edge of the platter.
3. Serve promptly - fried items lose crispness rapidly. Do not cover platter with cling film or foil as steam will soften pastry.
4. For longer events, cook in staggered batches of 10 every 15-20 min rather than holding all 40 pieces.

Notes

Cook each item in the correct medium - spring rolls and arancini fry better than they bake; sausage rolls must bake. Fried and baked items must be cooked on separate trays and in separate equipment. Coordinate timing to bring all items to temperature simultaneously. Sauce quantities standardised to approx. 30 ml per ramekin - adjust ramekin count to event size.

Lemon Caper Tartare

For fish sliders and calamari

Component | Sauce / Base | No-Cook | Gluten-Free
Sections: Standalone

Yield	Approx. 1.5 kg - sufficient for 50 serves of fish slider / calamari garnish
Method	No-Cook
Label	Lemon Caper Tartare
Recipe ID	lemon-caper-tartare

Elements

Lemon Caper Tartare

Ingredients

Qty	Ingredient / prep
1 kg	Kewpie Mayo
300 g	Sweet Mustard Pickles - roughly chopped
200 g	Baby Capers - drained, roughly chopped
2 pc	Lemons - zest and juice
1 pkt	Fresh Dill - fronds picked and chopped
0.5 pkt	Flat Leaf Parsley - finely chopped
10 g	Table Salt
5 g	Ground Black Pepper

Prep method

1. Drain and roughly chop Sweet Mustard Pickles and Baby Capers. Pick and finely chop Fresh Dill and Flat Leaf Parsley.
2. Combine Kewpie Mayo, chopped pickles, capers, dill and parsley in a mixing bowl. Mix well.
3. Add lemon zest and juice. Season with Table Salt and Ground Black Pepper. Mix thoroughly.
4. Taste and adjust seasoning - tartare should be tangy, creamy and fresh.
5. Transfer to a sealed container. Label and refrigerate. Holds 5 days under refrigeration.

On the day / service

1. Serve cold directly from refrigerator.
2. For fish sliders: pipe or spoon 20-25 g onto the base of each bun before assembling.
3. For calamari: serve as a dipping ramekin (30-40 ml) alongside the calamari plate.

Notes

Source: Riviera Menu Builder workbook / Toppers tab. Used for fish sliders and calamari. Keep refrigerated; do not freeze.

House Baked Sausage Rolls

Gourmet beef sausage rolls - hot nibble platter

Hot Nibble | Platter | Bake | beef | pork | Corporate | Weddings | Parties | Funeral & Wake

Sections: Corporate: Morning / Afternoon Tea, Weddings: Late Night Snacks, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40-48 pieces per platter - 20-24 serves of 2 each
Method	Bake
Label	Sausage Rolls
Recipe ID	house-baked-sausage-rolls

Elements

Sausage Rolls | Tomato Sauce

Ingredients

Qty	Ingredient / prep
48 pc	Sausage Rolls - from freezer - premium sausage rolls (Bidfood / see stock list)
400 ml	Tomato Sauce - for serving
60 ml	Seeded Mustard - optional serve-alongside

Prep method

1. Defrost sausage rolls in the coldroom for minimum 2 hours or overnight.
2. Preheat oven to 200deg C. Place sausage rolls on lined baking trays, spaced slightly apart.
3. Bake for 18-22 minutes until pastry is golden brown, flaky and fully cooked through. Internal temperature should reach 75deg C.
4. Rest 2 minutes before serving.

On the day / service

1. Arrange on a lined platter or in a lined hotel pan. Serve immediately - sausage rolls lose crispness as they cool.
2. Serve tomato sauce and mustard in separate ramekins alongside.
3. For events: cook in staggered batches of 12-15 every 15-20 minutes to ensure fresh, hot supply.

Notes

Hot nibble platter item appearing across parties, funeral/wake and late-night snack menus. Use premium pastry brand - not GF sausage rolls for this standard platter.

Flaky Beef Party Pies

Hot nibble platter

Hot Nibble | Platter | Bake | beef | Corporate | Weddings | Parties | Funeral & Wake
Sections: Corporate: Morning / Afternoon Tea, Weddings: Late Night Snacks, Parties: Crowd
Pleaser Platters, Funeral & Wake: Wake Platters

Yield	48 pieces per platter - 24 serves of 2 each
Method	Bake
Label	Beef Party Pies
Recipe ID	beef-party-pies

Elements

Beef Party Pies | Tomato Sauce

Ingredients

Qty	Ingredient / prep
48 pc	Pies - from freezer - premium beef party pies (see stock list)
400 ml	Tomato Sauce
60 ml	Seeded Mustard - optional

Prep method

1. Defrost party pies in coldroom 2 hours or overnight.
2. Preheat oven to 200deg C. Place on lined baking trays.
3. Bake 18-20 minutes until pastry is golden and filling is steaming hot. Check internal temperature reaches 75deg C.
4. Rest 2 minutes before serving.

On the day / service

1. Serve hot on a lined platter with tomato sauce and mustard in ramekins.
2. Stagger cooking batches for long events. Do not hold more than 20 minutes before quality drops.
3. Serve alongside sausage rolls as part of the mixed nibble platter.

Notes

Pairs with house baked sausage rolls and mini quiches as the hot nibble platter trio.

Mini Quiches with Beetroot Balsamic Relish

Hot nibble platter

Hot Nibble | Platter | Bake | Vegetarian | egg | dairy | Corporate | Weddings | Parties | Funeral & Wake

Sections: Corporate: Lunch Options, Corporate: Morning / Afternoon Tea, Weddings: Late Night Snacks, Parties: Crowd Pleaser Platters, Parties: Grazing Table, Funeral & Wake: Grazing Table, +1 more

Yield	48 pieces per platter - 24 serves of 2 each
Method	Bake
Label	Mini Quiches
Recipe ID	mini-quiches-beetroot-balsamic

Elements

Mini Quiches | Beetroot Balsamic Relish

Ingredients

Qty	Ingredient / prep
48 pc	Quiche Lorraine - from freezer - use house-made or premium Bidfood mini quiches
300 g	Cherry Jam - use beetroot balsamic relish if available, otherwise cherry/berry relish
50 ml	Balsamic Glaze

Prep method

1. Defrost mini quiches in coldroom 2 hours or overnight.
2. Preheat oven to 180deg C. Place on lined trays.
3. Bake 12-15 minutes until heated through and pastry is golden. Internal temperature 75deg C.
4. Rest 2 minutes.
5. If making beetroot relish: combine chopped cooked beetroot with balsamic glaze and a small amount of sugar. Cook down until jammy. Season.

On the day / service

1. Serve hot on a lined platter. Place a small amount of relish on or beside each quiche.
2. The beetroot balsamic relish is the garnish and flavour contrast - do not serve plain.
3. Pairs with sausage rolls and beef pies as the hot nibble platter trio.

Notes

Key party and corporate hot nibble item. The beetroot balsamic relish is specified in all catering brochures as the standard accompaniment.

Classic Beef Cheeseburger Sliders

Substantial platter - parties and late-night snacks

Substantial | Platter | Grill / Assemble | beef | Weddings | Parties

Sections: Weddings: Late Night Snacks, Parties: Crowd Pleaser Platters

Yield	40 sliders - 20-40 serves depending on portion context
Method	Grill / Assemble
Label	Cheeseburger Sliders
Recipe ID	beef-cheeseburger-sliders

Elements

Beef Patty | Aged Cheddar | Brioche Bun | House Sauces

Ingredients

Qty	Ingredient / prep
40 pc	Angus Beef Sliders, Par-Cooked - from freezer
40 pc	Mini Brioche Slider Buns - halved and lightly toasted
400 g	Natural Sliced Cheddar - slices
200 g	Seeded Mustard
200 ml	Hickory Smoked BBQ Sauce
200 g	Kewpie Mayo
200 g	Mild Chunky Salsa
1 pc	Cos - shredded or baby leaves
250 g	Cherry Tomatoes - sliced

Prep method

1. Defrost Angus slider patties in coldroom 2 hours.
2. Preheat flat-top grill or pan to high. Cook slider patties 2-3 minutes per side until well seared. Place a slice of cheddar on each and cover briefly to melt.
3. Toast brioche buns on the flat-top until golden.
4. Assemble: Spread mustard on base bun, mayonnaise on lid. Place patty + melted cheese, then shredded cos and sliced tomato. Secure with a skewer if needed.
5. Serve immediately - assembled sliders hold for 10 minutes maximum.

On the day / service

1. Assemble close to service. Do not pre-assemble more than 10 sliders at a time.
2. Arrange on a lined board or platter. Serve BBQ sauce and extra mayo in separate ramekins.
3. For late-night snacks: plate on a board, serve hot and casual - no skewers needed.

Notes

Substantial platter and late-night snack item. Par-cooked patties from Bidfood ensure speed at volume - finish on the flat-top at service.

Gourmet Brioche Sliders

Mixed filled - grazing table add-on

Grazing Add-On | Platter | Assemble | beef | chicken | Parties | Funeral & Wake

Sections: Parties: Grazing Table, Funeral & Wake: Grazing Table

Yield	40 sliders
Method	Assemble
Label	Brioche Sliders
Recipe ID	gourmet-brioche-sliders

Elements

Filled Brioche Sliders

Ingredients

Qty	Ingredient / prep
40 pc	Mini Brioche Slider Buns - halved
1.5 kg	Shredded Chicken - from freezer - pulled/shredded
500 g	Diced Bacon - cooked until just golden
200 g	Kewpie Mayo
100 ml	Hickory Smoked BBQ Sauce
1 pc	Cos - shredded
10 g	Table Salt
5 g	Ground Black Pepper

Prep method

1. Defrost shredded chicken and cook diced bacon until golden. Cool. Mix chicken with mayo, a splash of lemon juice, salt and pepper.
2. Split brioche buns. Toast lightly on a flat-top.
3. Smoked Chicken & Bacon: Fill with chicken mayo mixture, crispy bacon, shredded cos. Drizzle BBQ sauce.
4. Assemble sliders no more than 20 minutes before service - brioche absorbs moisture quickly.

On the day / service

1. Arrange on a lined slate or wooden board. Secure with a small skewer if needed.
2. For grazing table add-on: display on a tiered riser or at one end of the grazing table.
3. Keep covered with a light domed cover until service if assembling ahead.

Notes

Grazing table add-on substantial item. Mix 2-3 filling varieties if making 40+ pieces (e.g. chicken & bacon + beef & cheddar).

Chilli Prawn & Chorizo Casarecce

Substantial canapé - Portofino package

Substantial Canape | **Canape** | **Sauté** | **Gluten-Free option** | **seafood** | **pork** | **Weddings**
Sections: Weddings: Portofino Package

Yield	40 substantial canapé serves
Method	Sauté
Label	Chilli Prawn & Chorizo Casarecce
Recipe ID	chilli-prawn-chorizo-casarecce

Elements

Casarecce Pasta | Chilli Prawn & Chorizo Sauce

Ingredients

Qty	Ingredient / prep
3 kg	Cooked Aussie Tiger Prawns - peeled and deveined
1 kg	Chorizo - finely diced 5mm
2 kg	Sugo Per Pasta
150 g	Crushed Garlic
60 g	Crispy Chili Oil
200 ml	White Wine Cooking Wine
100 ml	Tuscan Oil
500 g	Couscous - use casarecce pasta - GF pasta available
1 pkt	Flat Leaf Parsley - roughly chopped
3 pc	Lemons - juice and zest
20 g	Table Salt
10 g	Ground Black Pepper

Prep method

1. Cook casarecce pasta in heavily salted boiling water until al dente. Drain - reserve 200 ml pasta water.
2. In a large wide pan, render chorizo in Tuscan Oil until fat released and beginning to crisp, approximately 4-5 minutes.
3. Add crushed garlic and chilli oil. Cook 1 minute.
4. Add white wine and reduce by half. Add sugo per pasta and simmer 5 minutes.
5. Add tiger prawns and toss until just pink and cooked through - do not overcook.
6. Add cooked pasta and a splash of pasta water. Toss vigorously to coat and gloss. Add lemon juice, salt and pepper.
7. Fold through flat leaf parsley and lemon zest. Taste and adjust.

On the day / service

1. Serve in individual bowls or small ceramic dishes (60-70 g per serve) for substantial canapé service.
2. Garnish with a parsley leaf and lemon zest.
3. Cook to order in batches for cocktail service - do not pre-batch as pasta absorbs sauce quickly.

Notes

Portofino Package substantial canapé. Elegant and punchy - ensure prawns are not overcooked. GF pasta available on request.

Cotoletta Pinsa

Crispy Chicken, House Bolognese, Mozzarella, Roquette & Balsamic on Pinsa Roll - house specialty substantial canapé

Substantial Canape | Canape | Fry / Assemble | chicken | Weddings
Sections: Weddings: Portofino Package

Yield	40 substantial canapé serves
Method	Fry / Assemble
Label	Cotoletta Pinsa
Recipe ID	cotoletta-pinsa

Elements

Cotoletta Pinsa Roll | Bolognese Sauce | Mozzarella | Roquette

Ingredients

Qty	Ingredient / prep
40 pc	Chicken Thighs Fillets - pounded to 1 cm even thickness
400 g	Breadcrumbs GF
8 pc	Eggs - beaten for crumbing
200 g	Flour GF - for crumbing
1 kg	Bolognese - from freezer - defrost
800 g	Mozzarella Shredded
400 g	Rocket, Baby Leaf
100 ml	Balsamic Glaze
40 pc	Bread Batard Petit White - use pinsa pizza rolls or petit bread rolls, split
100 ml	Tuscan Oil - for frying
15 g	Table Salt
8 g	Ground Black Pepper

Prep method

1. Pound chicken thigh fillets to an even 1 cm thickness. Season with salt and pepper.
2. Set up crumbing station: GF flour, beaten egg, GF breadcrumbs. Crumb each chicken fillet - flour first, egg wash, then breadcrumbs. Press firmly to adhere. Double crumb if needed.
3. Shallow or deep fry in Tuscan Oil at 180deg C for 3-4 minutes per side until golden brown and cooked through (internal temp 82deg C). Drain on paper towels.
4. Warm bolognese gently. Warm or toast pinsa rolls briefly.
5. Assemble: spread a layer of warm bolognese on the bottom roll. Place cotoletta on top. Add shredded mozzarella, pile of rocket, and a drizzle of balsamic glaze. Place lid on top or serve open.

On the day / service

1. Assemble to order or in small batches of 5-6 for cocktail service.
2. Serve whole or halved - depending on event style.
3. The cotoletta must be freshly cooked and hot. Do not hold assembled for more than 5 minutes.

Notes

Riviera house specialty and Portofino Package substantial canapé. The pinsa/cotoletta combination is unique to Riviera. Crumbed chicken must be fried fresh.

Maple Pumpkin Ravioli

Burnt Butter & Sage - vegetarian substantial canapé and plated entrée

Substantial Canapé | Canapé | Boil / Sauté | Vegetarian | Weddings

Sections: Weddings: Portofino Package

Yield	40 serves as canapé - 4 ravioli per serve; or 20 serves as an entrée
Method	Boil / Sauté
Label	Pumpkin Ravioli
Recipe ID	maple-pumpkin-ravioli-burnt-butter

Elements

Pumpkin Ravioli | Burnt Butter Sage Sauce | Parmesan

Ingredients

Qty	Ingredient / prep
3 kg	Roasted Sweet Potatoes - use Kent pumpkin - roasted, flesh scooped
400 g	Ricotta - drained
200 g	Parmesan Cheese - grated
60 ml	Maple Syrup
5 g	Ground Cinnamon
5 g	Ground Coriander
10 g	Table Salt
5 g	Ground Black Pepper
600 g	Butter Unsalted - for burnt butter sauce
2 pkt	Thyme - leaves stripped - for sage substitute if no fresh sage
100 g	Parmesan Cheese Shaved - for service
2 pc	Lemons - juice for sauce
40 pc	Wonton Wrappers - use fresh pasta sheets or gyoza wrappers - 2 per ravioli

Prep method

1. Pumpkin Filling: Combine roasted pumpkin flesh with ricotta, grated parmesan, maple syrup, cinnamon, coriander, salt and pepper. Mix well. Taste - filling should be sweet, savoury and aromatic.
2. Place a wonton wrapper on the bench. Add 30 g filling to the centre. Brush edges with water. Place a second wrapper on top and press firmly to seal, removing all air pockets. Trim with a round cutter if desired.
3. Lay finished ravioli on a lightly floured tray. Refrigerate if not cooking immediately.
4. Cook ravioli in batches in large volumes of salted boiling water for 2-3 minutes until they float and wrappers are tender.
5. Burnt Butter Sauce: Melt butter in a wide pan until golden brown and nutty (beurre noisette). Add thyme leaves, lemon juice, salt and pepper. Swirl to combine - sauce will foam.

On the day / service

1. For canapé: plate 4 ravioli in a small ceramic bowl. Drizzle burnt butter sauce over. Garnish with shaved parmesan.
2. For plated entrée: plate 6-8 ravioli, generous sauce, parmesan and a thyme sprig.
3. Do not hold assembled - ravioli absorbs sauce quickly. Cook and sauce to order in small batches.

Notes

Portofino and Taormina Package vegetarian substantial canapé and plated entrée option. Wonton/gyoza wrappers are the volume shortcut - hand-made pasta for premium events.

Spinach & Feta Pastizzis with Tzatziki

Warm pastry for baby shower graze and hot nibble platters

Warm Bite | Platter | Bake | Vegetarian | dairy | Corporate | Baby Shower
Sections: Corporate: Morning / Afternoon Tea, Baby Shower: Custom Graze

Yield	40-48 pieces
Method	Bake
Label	Spinach & Feta Pastizzi
Recipe ID	spinach-feta-pastizzi-warm

Elements

Spinach & Feta Pastizzis | Tzatziki

Ingredients

Qty	Ingredient / prep
48 pc	Sausage Rolls GF/DF - use spinach and feta pastizzis - Bidfood or house-made
500 g	Labneh Tzatziki - see labneh-tzatziki recipe
2 pc	Lemons - wedges
1 pkt	Mint - for garnish

Prep method

1. Defrost pastizzis in coldroom overnight.
2. Preheat oven to 200deg C. Place on lined baking trays.
3. Bake 18-22 minutes until pastry is golden and flaky and filling is hot through. Internal temp 75deg C.
4. Rest 2 minutes.

On the day / service

1. Arrange on a platter with tzatziki in a ramekin alongside.
2. Garnish with mint leaves and lemon wedges.
3. For baby shower graze: place as a warm element alongside the cold graze components.
4. Serve immediately - filo/pastry pastizzis lose texture quickly.

Notes

Baby Shower Custom Graze and hot nibble platter item. The tzatziki garnish is specified in the catering brochure.

Savoury Filled Croissants

Ham & Gruyère · Smoked Salmon & Cream Cheese

Breakfast | Corporate | Assemble + Warm | pork | seafood | dairy
Sections: Corporate: Breakfast & Brunch, Corporate: Morning / Afternoon Tea

Yield	40 pieces
Method	Assemble + Warm
Label	Savoury Croissants
Recipe ID	corporate-savoury-croissants

Elements

Ham & Gruyère Croissant | Smoked Salmon & Cream Cheese Croissant

Ingredients

Qty	Ingredient / prep
40 pc	Croissants - Medium (approx. 80 g each) - split three-quarters through, not fully separated
400 g	Leg Ham - thin sliced - 2-3 slices per croissant
200 g	Gruyère - thin sliced or coarsely grated
200 g	Smoked Salmon - thin sliced - approx. 15-20 g per croissant
250 g	Cream Cheese - softened to room temp
30 ml	Lemon Juice
15 g	Dill - fine chop
60 g	Capers - drained, roughly chopped
20 g	Chives - fine slice, garnish for salmon croissants
as needed	Salt & White Pepper

Prep method

- CREAM CHEESE MIX:** Beat softened cream cheese until smooth. Fold in lemon juice, dill and capers. Season with salt and white pepper. Chill. Transfer to piping bag for service.
- HAM & GRUYÈRE:** Fold 2-3 slices ham and lay inside croissant with a layer of gruyère on top. Do not overfill - croissant should close. Place on lined baking tray.
- WARM:** Bake ham and gruyère croissants at 170deg C fan-forced for 8-10 min until cheese is melted and croissant is warmed through. Core temp should reach 65deg C minimum. Do not overbake - croissant will dry out.
- SALMON:** Pipe cream cheese mix generously onto base of croissant. Lay 15-20 g smoked salmon folded on top. Scatter chives. Close. Do NOT warm - assemble cold and hold refrigerated.
- HOLD:** Ham croissants - hold in warming tray at 60deg C max for no more than 20 min. Salmon croissants - covered tray in coldroom at 4deg C until service.

On the day / service

- Transfer ham croissants to platter immediately before service - hot from oven or warming tray.
- Salmon croissants come direct from coldroom to platter - do not allow to sit at room temp more than 20 min.
- Use two separate platters clearly labelled: Ham & Gruyère and Smoked Salmon.
- Replenish in small batches rather than holding full batch at service temperature.

Notes

Never warm smoked salmon - it cooks, loses texture and the flavour deteriorates. Maintain strict separation between warm and cold platters. Cream cheese mix can be made night before and held in piping bag. If gruyère unavailable, Swiss or Emmental are acceptable substitutes.

Sweet Filled Croissants

Chantilly & Strawberry · Nutella & Banana · Almond Frangipane

Breakfast | Corporate | Assemble | vegetarian

Sections: Corporate: Breakfast & Brunch

Yield	40 pieces
Method	Assemble
Label	Sweet Croissants
Recipe ID	corporate-sweet-croissants

Elements

Chantilly & Strawberry Croissant | Nutella & Banana Croissant | Almond Frangipane Croissant

Ingredients

Qty	Ingredient / prep
40 pc	Croissants - Medium (approx. 80 g each) - split three-quarters through
300 ml	Thickened Cream - cold from fridge
55 g	Icing Sugar - Chantilly; dust at service
5 ml	Vanilla Extract - Chantilly
250 g	Fresh Strawberries - hulled, sliced 4-5 mm
200 g	Nutella
4 pc	Ripe Bananas - sliced 5 mm on bias - assemble last
200 g	Almond Frangipane or Almond Cream - room temp for piping
50 g	Flaked Almonds - toasted at 160deg C 6-8 min until golden
10 ml	Lemon Juice - toss with banana to delay browning

Prep method

1. CHANTILLY: Combine cold thickened cream, icing sugar and vanilla in a chilled bowl. Whip to soft-firm peaks - cream should hold shape but not be grainy. Transfer to piping bag with star tip. Refrigerate until needed.
2. ALMOND CROISSANTS: Pipe or spread 15-20 g frangipane inside each croissant. Top with toasted flaked almonds. Place on lined baking tray. Bake at 170deg C fan-forced for 8-10 min until frangipane is set and croissant is warmed through. Cool on rack 5 min before plating.
3. CHANTILLY & STRAWBERRY: Pipe chantilly generously along base of croissant. Lay 4-5 strawberry slices overlapping on cream. Close. Assemble no more than 30 min before service - cream softens quickly.
4. NUTELLA & BANANA: Toss banana slices in lemon juice immediately after cutting. Spread 15 g Nutella on base of croissant. Lay banana slices. Close. Assemble last of the three varieties - banana discolours fastest.
5. DUST: Dust all assembled croissants lightly with icing sugar immediately before plating.

On the day / service

1. Almond croissants served warm - plate first and replenish from oven as needed.
2. Chantilly and Nutella croissants at room temperature.
3. Assemble Nutella & banana croissants last, no more than 20 min before service.
4. Mixed platter with varieties visible - do not stack. Label each variety.
5. Icing sugar dusted at last moment - absorbs quickly on cream-filled croissants.

Notes

Lemon juice toss on banana slows browning by 30-40 min - critical for batches. Chantilly croissants are the most time-sensitive; prioritise assembling these closest to service. Frangipane from bakery supplier is consistent and saves prep time for a 2-person team. Almond croissants can be baked 30 min ahead and held at room temp - they hold better than cream-filled varieties.

Fruit Salad & Yoghurt

Corporate breakfast item

Breakfast | Corporate | Prep / Assemble | Gluten-Free | Vegetarian
Sections: Corporate: Breakfast & Brunch, Corporate: Morning / Afternoon Tea

Yield	40 serves @ 150 g each
Method	Prep / Assemble
Label	Fruit Salad & Yoghurt
Recipe ID	fruit-salad-yoghurt

Elements

Fresh Seasonal Fruit | Greek Style Yoghurt | Honey Drizzle

Ingredients

Qty	Ingredient / prep
2 kg	Frozen Strawberries - use fresh seasonal fruit - see note
1.5 kg	Roasted Sweet Potatoes - use watermelon, rockmelon or tropical fruit
1 kg	Red Grapes - halved
1 kg	Greek Style Yoghurt
80 ml	Pure Honey
1 pkt	Mint - small leaves for garnish

Prep method

1. Prepare fresh seasonal fruit: wash, peel and dice into uniform bite-size pieces. Halve grapes.
2. Mix fruit gently in a large bowl. Do not add any dressing - the natural fruit juice is the dressing.
3. At service: portion fruit into glasses, ramekins or bowls. Top with a spoonful of Greek style yogurt.
4. Drizzle with pure honey. Garnish with a small fresh mint leaf.

On the day / service

1. Prepare fruit maximum 2 hours before service - cut fruit oxidises and weeps juice.
2. For corporate breakfast: plate individually into small glasses or small bowls.
3. Keep refrigerated until 5 minutes before service.

Notes

Corporate breakfast item. Fruit selection adjusts to season - use whatever is peak quality.

Mixed Bircher Muesli Bowls

Rolled Oats · Apple · Yoghurt · Berry Compote · Toasted Seeds

Breakfast | Corporate | Soak + Set | vegetarian

Sections: Corporate: Breakfast & Brunch

Yield	20 portions
Method	Soak + Set
Label	Bircher Muesli
Recipe ID	corporate-bircher-muesli-bowls

Elements

Bircher Muesli | Berry Compote | Fresh Seasonal Fruit | Toasted Seeds

Ingredients

Qty	Ingredient / prep
600 g	Rolled Oats - traditional, not instant
500 ml	Apple Juice - plus extra 100-150 ml for morning loosen
400 g	Natural Yoghurt - plus extra 100 g for morning loosen
3 pc	Apples - grated on coarse side, skin on - squeeze out excess juice lightly
60 ml	Honey
5 g	Ground Cinnamon
2 g	Ground Cardamom - optional but recommended
300 g	Mixed Berry Compote - house or quality
300 g	Fresh Seasonal Fruit - sliced to order - mango, banana, kiwi or stone fruit
80 g	Pepitas or Sunflower Seeds - toasted at 170deg C 8 min until golden
as needed	Honey - service drizzle

Prep method

- BIRCHER BASE:** Combine oats, 500 ml apple juice, 400 g yoghurt, grated apple, honey, cinnamon and cardamom in a large container. Stir thoroughly to combine - all oats should be moistened. Cover and refrigerate overnight (minimum 8 hours, maximum 24 hours).
- SEEDS:** Toast pepitas or sunflower seeds on a dry tray at 170deg C for 8 min, tossing halfway, until golden and fragrant. Cool completely. Store in airtight container.
- MORNING PREP:** Remove bircher from coldroom. Mixture will have thickened considerably. Add 100-150 ml apple juice and 100 g yoghurt gradually, stirring to loosen to a thick porridge consistency - should drop slowly from a spoon, not set solid.
- PORTION:** Portion 150-160 g bircher per bowl (ladle or portion scoop). Cover with cling wrap. Return to coldroom at 4deg C until service. Do not add toppings until service.
- SERVICE SETUP:** Set up compote, fresh fruit and seeds in separate containers at the pass for rapid assembly.

On the day / service

- Remove portioned bowls from coldroom no more than 10 min before service.
- At service: spoon 30 g berry compote over bircher, arrange fresh fruit, scatter 5-6 g seeds, drizzle honey to order.
- Keep compote and fresh fruit chilled in coldroom containers - spoon to order rather than pre-topping all bowls.
- Label bowls if dairy-free alternative yoghurt used for specific guests.

Notes

Bircher must be made the night before - minimum 8-hour soak for oats to fully hydrate. Always loosen with additional liquid before portioning or texture will be too dense. Grated apple adds natural sweetness and moisture - do not omit. Cardamom is a small addition that lifts the flavour profile significantly. Toasted seeds must be fully cooled before service or they will create condensation and soften.

Bacon & Egg Muffins

English Muffin · Bacon · Fried Egg · Cheddar

Breakfast | Corporate | Cook + Assemble | pork | egg

Sections: Corporate: Breakfast & Brunch

Yield	20 portions
Method	Cook + Assemble
Label	Bacon Egg Muffins
Recipe ID	corporate-bacon-egg-muffins

Elements

English Muffin | Streaky Bacon | Fried Egg | Cheddar | Sauce

Ingredients

Qty	Ingredient / prep
20 pc	English Muffins - split, toasted cut-side
40 rashers	Streaky Bacon - 2 rashers per muffin, grilled crispy
20 pc	Eggs - baked in rings for batch - or fried to order
200 g	Cheddar - sliced 3mm or coarsely grated
60 ml	Tomato Sauce or Sriracha - condiment - serve on side or apply at assembly
40 g	Butter - softened, for muffin toasting
to taste	Salt & Pepper

Prep method

1. MUFFINS: Split English muffins and spread cut sides with softened butter. Toast cut-side down on a flat grill or in a conventional oven at 180deg C for 5-6 min until golden. Hold warm.
2. BACON: Grill or pan-fry streaky bacon over medium-high heat until crispy. 2 rashers per muffin. Drain on absorbent paper. Hold warm.
3. EGGS - BATCH METHOD: Lightly grease egg rings and place on a flat grill or oven tray. Crack one egg into each ring. Season with salt and pepper. Bake at 175deg C in conventional oven for 8-10 min until whites are just set and yolk is still slightly runny, or cook to well-done per event requirement. Remove rings carefully.
4. ASSEMBLE: Bottom muffin half, sauce, 2 rashers bacon, baked egg, slice or pinch of cheddar, top muffin half. Press gently to compact.
5. HOLD: Wrap each assembled muffin individually in foil. Hold in kick oven at 70deg C for up to 20 min.

On the day / service

1. Serve warm. Remove foil at the pass or leave wrapped for guests to open - clarify with event brief.
2. For platter service, halve each muffin through the centre and arrange cut-side up on the board.

Notes

Baking eggs in rings is the preferred batch method - consistent diameter fits the muffin and keeps yolks centred for presentation. Season eggs in the ring before baking. Do not exceed 20 min hold time in foil - egg and bacon quality drops noticeably beyond this.

Bacon & Egg Paninis

Pressed Panini · Bacon · Egg · Cheese · Chipotle

Breakfast | Corporate | Press + Assemble | pork | egg

Sections: Corporate: Breakfast & Brunch

Yield	20 portions
Method	Press + Assemble
Label	Bacon Egg Paninis
Recipe ID	corporate-bacon-egg-paninis

Elements

Panini Roll | Streaky Bacon | Scrambled Egg | Cheddar | Chipotle Mayo

Ingredients

Qty	Ingredient / prep
20 pc	Panini Rolls or Ciabatta Rolls - split horizontally
40 rashers	Streaky Bacon - 2 rashers per panini, grilled crispy
20 pc	Eggs - scrambled in batches - soft curds
200 g	Cheddar - coarsely grated or thinly sliced - ensures even melt
150 ml	Whole Egg Mayonnaise
30 g	Chipotle in Adobo - blitzed smooth
10 ml	Lemon Juice
as needed	Olive Oil - brush on roll exterior before pressing
to taste	Salt & Pepper

Prep method

1. **CHIPOTLE MAYO:** Blitz mayonnaise, chipotle in adobo, and lemon juice until smooth. Season. Hold chilled. Note: same batch as breakfast wraps - make one combined quantity if running both items.
2. **BACON:** Grill streaky bacon over medium-high heat until crispy. 2 rashers per panini. Drain on absorbent paper.
3. **EGGS:** Whisk eggs with a pinch of salt. Scramble in batches over low heat with a knob of butter, folding to large soft curds. Pull from heat while slightly underdone. Hold warm.
4. **ASSEMBLE:** Spread chipotle mayo on both cut faces of the roll. Layer 2 rashers bacon, a portion of scrambled egg, and cheddar on the base half. Close the roll. Brush exterior lightly with olive oil.
5. **PRESS:** Press on a panini grill or sandwich press over medium-high heat for 3-4 min until exterior is golden and marked, and cheese is melted. Do not press so hard that filling is forced out - moderate pressure only.
6. **HOLD:** Wrap each pressed panini individually in foil. Hold in kick oven at 70deg C for up to 15 min.

On the day / service

1. Serve warm. Remove foil at the pass before plating.
2. For platter service, cut each panini diagonally and display cut-side up - shows layers.

Notes

Pressing is non-negotiable - it gives structure, melds the filling, and melts the cheese. Without pressing, the roll separates on the pass. Chipotle mayo is the same recipe as the breakfast wraps - consolidate into one batch to save prep time. Do not exceed 15 min hold time in foil after pressing.

Breakfast Wraps

Scrambled Egg · Bacon · Cheese · Chipotle Mayo

Breakfast | Corporate | Cook + Assemble | egg | pork
Sections: Corporate: Breakfast & Brunch

Yield	20 portions
Method	Cook + Assemble
Label	Breakfast Wraps
Recipe ID	corporate-breakfast-wraps

Elements

Flour Tortilla | Scrambled Egg | Crispy Bacon | Cheddar | Chipotle Mayo

Ingredients

Qty	Ingredient / prep
20 pc	Large Flour Tortillas - 25cm diameter
30 pc	Eggs
100 ml	Thickened Cream
40 g	Unsalted Butter
20 rashers	Short Cut Bacon - grilled crispy, drained on paper
200 g	Cheddar - coarsely grated
150 ml	Whole Egg Mayonnaise
30 g	Chipotle in Adobo - finely chopped or blitzed smooth
10 ml	Lemon Juice
to taste	Salt & White Pepper

Prep method

1. **CHIPOTLE MAYO:** Blitz mayonnaise, chipotle in adobo, and lemon juice until smooth. Season with salt and white pepper. Hold chilled.
2. **BACON:** Grill or pan-fry short cut bacon over medium-high heat until crispy. Drain on absorbent paper. Hold warm.
3. **EGGS:** Whisk eggs with cream and a pinch of salt. Melt butter in a heavy-based pan over low heat. Add eggs and cook low and slow, folding gently with a spatula every 30 seconds until large, soft curds just set - remove from heat while still slightly underdone; residual heat will finish them. Season.
4. **WARM TORTILLAS:** Warm tortillas in a dry pan over medium heat for 20-30 seconds per side, or stack and wrap in foil and place in conventional oven at 150deg C for 5 min.
5. **ASSEMBLE:** Lay tortilla flat. Spread 15 ml chipotle mayo across centre. Add a portion of scrambled egg, 1 rasher bacon, and a pinch of grated cheddar. Roll tightly, folding in sides.
6. **HOLD:** Wrap each roll individually in foil. Hold in kick oven at 70deg C for up to 30 min.

On the day / service

1. Serve warm, foil on until pass - guests unwrap at the table or foil removed at pass.
2. For platter service, cut diagonally on the bias and display cut-side up.

Notes

Scrambled eggs must be soft and custardy - pull from heat just before fully set. If making ahead, wrap assembled rolls in foil and reheat in conventional oven at 160deg C for 8 min. Do not reheat in microwave - tortilla toughens.

House Baked Scones Platter

Warm Scones · Chantilly · House Jam

Dessert | Platter | Assemble | vegetarian | Corporate | Baby Shower
Sections: Corporate: Morning / Afternoon Tea, Baby Shower: High Tea

Yield	12 serves platter
Method	Assemble
Label	Scones Platter
Recipe ID	platter-scones-chantilly-jam

Elements

Scones Box | Platter Presentation

Ingredients

Qty	Ingredient / prep
1 pc	Scones Box - 12 regular scones with jam and cream - per house scone recipe card

Prep method

1. Prep scones box on the house scone recipe card - 12 regular scones with jam and chantilly.
2. PLATTER: Halve scones and arrange cut-side up on platter. Jam and chantilly in bowls alongside.

On the day / service

1. Serve warm. Same pack and delivery rules as scones box on the house scone card.
2. Do not pre-split scones more than 15 min before service - cut surfaces dry quickly.

Notes

Service format only - bake, box pack, jam and cream quantities are on the house scone recipe card.

House Baked Muffins

Chef's rotating seasonal flavours - morning/afternoon tea

Morning Tea | Bakery | Bake | Vegetarian | Corporate | Parties | Funeral & Wake
Sections: Corporate: Morning / Afternoon Tea, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 muffins - 40 serves of 1 each, or 20 serves of 2
Method	Bake
Label	Muffins
Recipe ID	house-baked-muffins

Elements

Seasonal Muffins

Ingredients

Qty	Ingredient / prep
600 g	Self-Raising Flour
200 g	Raw Sugar
2 pc	Eggs
300 ml	Full Cream Milk
150 ml	Tuscan Oil - or melted butter
5 ml	Vanilla Sugar
SEASON	Seasonal additions - e.g. 200g blueberries, 200g choc chips, 150g diced banana + 100g walnut
5 g	Table Salt

Prep method

1. Preheat oven to 180deg C. Line two 12-hole muffin trays with paper cases.
2. Whisk eggs, milk, oil and vanilla together in a jug.
3. Sift self-raising flour, sugar and salt into a large bowl. Make a well in the centre.
4. Pour wet ingredients into dry. Fold GENTLY until just combined - do not overmix, lumps are fine. Overmixing creates tough muffins.
5. Fold in seasonal additions (blueberries, choc chips, etc.) with the last few strokes.
6. Scoop into prepared trays filling 3/4 full. Top with a small amount of seasonal ingredient for visual appeal.
7. Bake 20-22 minutes until golden and a skewer inserted comes out clean. Cool in tin 5 minutes then on a rack.

On the day / service

1. Serve at room temperature in a lined basket or on a tiered stand.
2. Label the flavour clearly - especially for dietary awareness (nut-containing, etc.).
3. Can be baked day before and stored in an airtight container. Refresh briefly in the oven if needed.

Notes

High-frequency morning/afternoon tea item. Appears across parties, corporate, and funeral/wake menus. Rotate flavours per season and event style.

Sweet Slice & Cake Platter

Mixed Slices · Mini Cakes · House Selection

Dessert | Platter | Bake + Assemble | vegetarian | Corporate | Riviera Table / Offsite | Parties | Baby Shower | Funeral & Wake

Sections: Corporate: Morning / Afternoon Tea, Riviera Table / Offsite: Dessert Grazing Table, Parties: Crowd Pleaser Platters, Parties: Grazing Table, Baby Shower: Custom Graze, Funeral & Wake: Grazing Table, +1 more

Yield	40 pieces
Method	Bake + Assemble
Label	Sweet Platter
Recipe ID	platter-sweet-slices-cakes

Elements

Caramel Slice | Lemon Slice | Mini Cupcakes or Cakes

Ingredients

Qty	Ingredient / prep
1 batch	Caramel Slice - House Recipe - baked day prior, fully set, portioned into 4 cm squares
1 batch	Lemon Slice or Lemon Tart - House Recipe - baked same day or day prior, portioned to match
20 pc	Mini Cupcakes or Finger Cakes - house-baked or quality supplier, day of event
15 g	Icing Sugar - for dusting at service
100 g	Fresh Berries or Edible Flowers - garnish - rinse and dry thoroughly before service

Prep method

1. **CARAMEL SLICE:** Bake the day before the event - the caramel layer requires a full overnight set in the coldroom before clean portioning. Portion with a warm dry knife into 4 cm squares. Hold portioned pieces on a lined tray covered in the coldroom.
2. **LEMON SLICE:** Bake same day or day prior. Portion to consistent size matching caramel slice pieces. Keep chilled until 20 min before service.
3. **CUPCAKES:** Bake day of event or morning of. Ice or finish as per house recipe. Hold at room temperature if event is within 4 hours of baking.
4. **ASSEMBLE:** Bring all pieces to room temperature 15-20 min before service. Arrange on platter alternating colours, heights and types for visual balance. Keep heavier items flat, lighter garnishes on top.
5. **FINISH:** Dust icing sugar lightly over the platter just before service. Place berries or edible flowers across platter at the last moment.

On the day / service

1. Hold assembled platter covered loosely with cling film or a platter cover until service - slices dry out quickly once exposed.
2. Dust icing sugar and add fresh berries or edible flowers at the pass only.
3. Room temperature service. Do not refrigerate assembled platter - condensation affects caramel slice coating.

Notes

Selection should vary by season and availability. Always include at least one gluten-free option where possible - label clearly. Caramel slice must be fully cold-set before cutting or the caramel layer will smear. A warm knife helps clean cuts through chocolate-topped slices.

Gourmet Filled Cookies

Chocolate · Vanilla Cream · Caramel

Dessert | Corporate | Bake + Fill | vegetarian

Sections: Corporate: Morning / Afternoon Tea

Yield	40 pieces
Method	Bake + Fill
Label	Gourmet Cookies
Recipe ID	corporate-gourmet-filled-cookies

Elements

Chocolate Cookie | Vanilla Cream Cookie | Caramel Cookie

Ingredients

Qty	Ingredient / prep
40 pc	Gourmet Cookies - house bake or quality supplier - assorted flavours, minimum 3 varieties
200 ml	Thickened Cream - cold
20 g	Icing Sugar - sifted
5 ml	Vanilla Extract
150 g	Caramel or Dulce de Leche
100 g	Dark Chocolate (70%) - melted over bain marie, held at 45deg C
as needed	Icing Sugar - for dusting at service

Prep method

1. **COOKIES:** Bake in-house or source from quality bakery supplier on day of event. Cool completely on a rack before filling.
2. **VANILLA CREAM:** Combine cold thickened cream, sifted icing sugar, and vanilla extract in a chilled bowl. Whip to firm peaks using a hand mixer or stand mixer. Transfer to a piping bag with a star tip. Hold chilled.
3. **CARAMEL COOKIES:** Spoon or pipe approximately 8-10 g of caramel or dulce de leche onto the centre of each allocated cookie.
4. **CHOCOLATE:** Melt dark chocolate over a bain marie to 45deg C. Dip cookie edges or drizzle with a fork. Set on a wire rack at room temperature - do not refrigerate to set or chocolate will bloom.
5. **PLATE:** Arrange a mixed selection on platters at service. Dust with icing sugar immediately before going to pass.

On the day / service

1. Serve at room temperature. Dust with icing sugar at pass, not ahead of time.
2. Keep covered until service - cream-filled cookies dry out quickly. Remove covers no more than 15 min before guests arrive.

Notes

Source from a quality bakery supplier if not making in-house. Cream-filled cookies must be held in the coldroom until 20 min before service. Caramel and chocolate varieties are stable at room temperature for up to 2 hours.

Mixed Filled Sandwiches

Assorted Fillings · White & Wholemeal · Finger Cut

Lunch | **Corporate** | **Assemble** | **chicken** | **dairy**
Sections: Corporate: Lunch Options

Yield	40 pieces
Method	Assemble
Label	Mixed Sandwiches
Recipe ID	corporate-mixed-sandwiches

Elements

White Bread | Wholemeal Bread | Chicken Mayo Filling | Cheddar & Mustard Filling

Ingredients

Qty	Ingredient / prep
1 pc	White Sandwich Bread - pre-sliced, crusts removed
1 pc	Wholemeal Sandwich Bread - pre-sliced, crusts removed
300 g	Chicken Breast - poached in seasoned water, cooled, finely sliced or pulled
160 ml	Whole Egg Mayonnaise
200 g	Vintage Cheddar - thinly sliced on mandoline or deli slicer
60 g	Dijon or Wholegrain Mustard
100 g	Baby Spinach - picked, dry
80 g	Unsalted Butter - softened to spreading consistency
to taste	Salt & White Pepper

Prep method

1. **CHICKEN FILLING:** Combine pulled or sliced poached chicken with mayonnaise. Season with salt and white pepper. Mix until evenly coated. Hold chilled.
2. **BREAD PREP:** Lay out bread slices in pairs. Butter all slices edge to edge with softened butter - this seals bread and prevents filling from soaking through.
3. **FILLING 1 - CHICKEN MAYO:** Spread chicken mayo generously on base slice (approx 60-70 g per sandwich). Top with a layer of baby spinach. Close and press firmly.
4. **FILLING 2 - CHEDDAR & MUSTARD:** Spread mustard on base slice. Layer cheddar slices to cover. Top with baby spinach. Close and press firmly.
5. **CUTTING:** Using a sharp serrated knife, trim any remaining crust. Cut each sandwich into 3 even fingers. Wipe blade between cuts for clean edges.
6. **HOLD:** Arrange by filling type on a tray. Cover tightly with cling film. Refrigerate until service.

On the day / service

1. Remove cling film and plate at service. Arrange alternating bread types and fillings on platter.
2. If holding on pass for more than 20 min, cover with a lightly dampened clean cloth to prevent edges drying.

Notes

Minimum 3 filling types across the batch - vary across white and wholemeal for presentation. Label each tray clearly by filling type. Chicken filling must remain chilled at all times; do not hold at room temperature for more than 30 min.

Premium Filled Wraps Platter

Grilled Chicken · Prawn & Slaw · Roast Veg · Assorted Wraps

Lunch | Platter | Assemble | chicken | seafood | Corporate | Parties | Funeral & Wake
Sections: Corporate: Lunch Options, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 pieces
Method	Assemble
Label	Wraps Platter
Recipe ID	platter-wraps-premium

Elements

Grilled Chicken Wrap | Prawn & Slaw Wrap | Roast Veg Wrap

Ingredients

Qty	Ingredient / prep
15 pc	Large Flour Tortillas - room temp - cold tortillas crack when rolling
600 g	Grilled Chicken Breast - seasoned, grilled at 220deg C grill plate, rested, sliced 5 mm
300 g	Cooked Prawns - peeled, deveined, chilled
300 g	Roasted Capsicum, Zucchini and Red Onion - tossed in olive oil, roasted at 200deg C until caramelised, cooled
180 ml	Whole Egg Mayonnaise
40 ml	Sriracha or Chilli Sauce - mixed into prawn mayo
10 ml	Lemon Juice - for prawn mayo
150 g	White Cabbage - finely shredded - slaw
30 ml	Apple Cider Vinegar - for slaw dressing
10 g	Caster Sugar - for slaw dressing
100 g	Baby Spinach - dry
100 g	Cheddar - grated
to taste	Salt & Pepper

Prep method

1. **SLAW:** Toss finely shredded cabbage with apple cider vinegar, caster sugar, salt and pepper. Rest 15 min, then drain off excess liquid before using - wet slaw soaks through wraps.
2. **CHICKEN WRAP FILLING:** Combine sliced grilled chicken with 80 ml mayonnaise. Season well.
3. **PRAWN WRAP FILLING:** Mix prawns with sriracha, remaining mayonnaise and lemon juice. Season.
4. **VEG WRAP FILLING:** Combine roasted veg with a small amount of mayo if desired. Season and cool completely before filling.
5. **ROLL:** Lay tortilla flat. Spread a thin layer of mayo or filling sauce across the lower two-thirds. Layer fillings horizontally across the lower third - do not overfill. Fold in sides, then roll tightly away from you. Roll should be firm with no air gaps.
6. **WRAP & CHILL:** Wrap each roll tightly in cling film, twisting ends. Refrigerate seam-side down for minimum 30 min to set shape.
7. **CUT:** Remove cling film. Slice diagonally into thirds with a sharp knife in a single downward stroke. Arrange cut-side up on platter.

On the day / service

1. Display cut-side up to show fillings - arrange by type in rows or clusters for ease of identification.
2. Hold chilled on trays covered with cling film until service. Unwrap and plate at the last moment.
3. Label each wrap type on the platter. Prawn wraps must be clearly identified for allergen awareness.

Notes

Cold tortillas will crack - bring to room temp before rolling. Drain slaw thoroughly before use or wraps will become soggy within 30 min. Do not overfill - the most common cause of wraps unrolling on the platter. Slice only at service for best cross-section presentation. Prawn wraps are an allergen risk - ensure separate handling and clear labelling.

Filled Brioche Rolls Platter

Prawn Cocktail · Smoked Salmon · Chicken Caesar · Brioche

Lunch | Platter | Assemble | seafood | chicken | Corporate | Parties | Funeral & Wake
Sections: Corporate: Lunch Options, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 pieces
Method	Assemble
Label	Brioche Rolls Platter
Recipe ID	platter-filled-brioche-rolls

Elements

Brioche Rolls | Prawn Cocktail | Smoked Salmon & Cream Cheese | Chicken Caesar

Ingredients

Qty	Ingredient / prep
40 pc	Mini Brioche Rolls - split, lightly toasted cut-side
400 g	Cooked Prawns - peeled, deveined, halved lengthways
150 ml	Whole Egg Mayonnaise
30 ml	Tomato Sauce
30 ml	Lemon Juice - cocktail sauce; cream cheese mix
5 ml	Tabasco
5 g	Salt Flakes
200 g	Smoked Salmon - thin sliced, cut to fit roll
200 g	Cream Cheese - softened to room temp
15 g	Dill - fine chop
300 g	Poached Chicken Breast - fine dice or pulled - no large chunks
80 ml	Caesar Dressing - house or quality
40 g	Parmesan - finely grated
20 g	Cos Lettuce - fine shred - base layer for chicken rolls
to taste	Salt & White Pepper

Prep method

- COCKTAIL SAUCE:** Combine mayonnaise, tomato sauce, lemon juice and Tabasco. Whisk smooth. Season with salt and white pepper. Chill until needed.
- SALMON CREAM:** Beat softened cream cheese until smooth. Fold in lemon juice and dill. Season. Transfer to piping bag - will pipe cleaner than spreading.
- CAESAR CHICKEN:** Combine diced chicken and caesar dressing. Fold in parmesan. Season. Mix should be lightly bound, not wet - add dressing cautiously.
- ROLLS:** Lightly toast cut-side of brioche rolls on flat grill or in oven at 180deg C for 3-4 min until just golden. Cool before filling.
- FILL - PRAWN:** Spoon cocktail sauce onto base. Arrange 2-3 prawn halves cut-side up. Close.
- FILL - SALMON:** Pipe cream cheese mix onto base. Lay 1-2 slices smoked salmon folded. Close.
- FILL - CAESAR:** Place small shred of cos on base. Spoon chicken caesar mix. Close.
- HOLD:** Arrange filled rolls on lined trays in groups by filling type. Cover with damp cloth then cling wrap. Refrigerate at 4deg C or below. Maximum hold 2 hours before service.

On the day / service

- Arrange on platter in three distinct rows or clusters by filling type - prawn, salmon, chicken.
- Place small label card or toothpick flag at each group to identify filling.
- Remove cling wrap at last moment. Do not plate more than 20 min before guests arrive.
- Keep platter on ice bed or chilled surface if ambient temp exceeds 22deg C.

Notes

Toast cut-side of rolls - prevents sogginess from fillings. Salmon cream piping bag speeds service significantly for large runs. Caesar chicken should be lightly dressed - overdressing makes rolls wet and heavy. Flag: no Kushi exclusions present.

Gourmet Pizza Scrolls

Roast pumpkin, feta & pesto - for grazing table add-on

Grazing Add-On | Platter | Bake | Vegetarian option | Corporate | Weddings | Parties | Funeral & Wake

Sections: Corporate: Lunch Options, Weddings: Late Night Snacks, Parties: Grazing Table, Funeral & Wake: Grazing Table

Yield	40 pieces
Method	Bake
Label	Pizza Scrolls
Recipe ID	gourmet-pizza-scrolls

Elements

Gourmet Pizza Scrolls

Ingredients

Qty	Ingredient / prep
2 kg	Pizza Flour - see House Focaccia dough method for base dough
600 g	Roasted Sweet Potatoes - use roasted pumpkin - cooled and diced
400 g	Feta Cheese Block - crumbled
200 g	Basil Purée - pesto base
400 g	Shredded Mozzarella
200 g	Sugo Per Pasta - for casalingo variety
200 g	Mozzarella - for casalingo variety
15 g	Table Salt
5 g	Ground Black Pepper

Prep method

1. Make a batch of enriched pizza/focaccia dough (see house-focaccia recipe). Prove until doubled.
2. Divide dough into 2 equal pieces. Roll each piece into a rectangle approximately 40 x 30 cm.
3. Pumpkin & Feta: Spread basil purée over dough. Top with roasted pumpkin, crumbled feta and shredded mozzarella. Season. Roll into a tight log and slice into 3-4 cm rounds.
4. Casalingo: Spread sugo per pasta. Top with torn mozzarella and season. Roll and slice as above.
5. Place scrolls cut-side up on lined trays with 2 cm space between. Prove 20 minutes.
6. Bake at 200deg C for 16-18 minutes until deep golden and cooked through.

On the day / service

1. Serve warm on lined trays or wicker baskets.
2. For grazing tables: nest scrolls cut-side up in rows as a grazing add-on.
3. Can be baked 4 hours ahead and refreshed at 160deg C for 5 minutes.

Notes

Grazing table add-on item. The two varieties (pumpkin-feta-pesto and casalingo) can be mixed on the platter for visual interest.

Caesar Salad

Cos, Egg, Crispy Bacon, Parmesan, Caesar Dressing - buffet format

Side | Dress / Toss | Gluten-Free option | chicken | pork | Corporate

Sections: Corporate: Build-Your-Own Buffet, Corporate: Lunch Options

Yield	40 serves @ 80-100 g each
Method	Dress / Toss
Label	Caesar Salad
Recipe ID	caesar-salad-buffet

Elements

Cos Lettuce | Crispy Bacon | Parmesan | Caesar Dressing | Egg

Ingredients

Qty	Ingredient / prep
8 pc	Cos - hearts only, trimmed and torn
800 g	Diced Bacon - cooked until crispy
400 g	Parmesan Cheese Shaved
20 pc	Eggs - hard-boiled, quartered
1 kg	Kewpie Mayo - for dressing base
4 pc	Lemons - juice only
80 g	Crushed Garlic
60 ml	Balsamic Dressing - or Worcestershire sauce
20 g	Table Salt
10 g	Ground Black Pepper

Prep method

1. Crispy Bacon: Pan-fry or oven-roast diced bacon at 200deg C for 12-15 minutes until golden and crisp. Drain on paper towels. Reserve.
2. Caesar Dressing: Combine Kewpie Mayo, lemon juice, crushed garlic, balsamic or Worcestershire sauce, salt and pepper. Whisk until smooth. Taste - dressing should be tangy, garlicky and rich.
3. Hard-boil eggs (8-9 minutes), cool in iced water and peel. Quarter.
4. Tear cos hearts into bite-size pieces. Do not wash until immediately before service.
5. At service: Toss cos with dressing (use 30-40 ml per serve). Arrange on serving dish. Top with crispy bacon, parmesan shavings and egg quarters.

On the day / service

1. Assemble immediately before service - Caesar does not hold once dressed.
2. For buffet: dress in batches so lettuce stays crisp. Use 2-3 smaller serving bowls rather than one large.
3. Offer extra dressing and parmesan on the side.

Notes

Corporate build-your-own buffet salad. Does not hold well - dress to order or in small batches.

Lamb Fattoush Salad Bowl

Spiced Lamb · Fattoush · Pomegranate · Labneh · Sumac

Lunch | Corporate | Grill + Assemble | lamb

Sections: Corporate: Lunch Options

Yield	20 portions
Method	Grill + Assemble
Label	Lamb Fattoush
Recipe ID	corporate-lamb-fattoush-bowl

Elements

Spiced Lamb | Fattoush Base | Toasted Flatbread | Labneh | Pomegranate

Ingredients

Qty	Ingredient / prep
1.5 kg	Lamb Mince or Diced Lamb Leg - if diced, cut to 2 cm cubes
10 g	Ground Cumin
10 g	Ground Coriander
5 g	Ground Cinnamon
5 g	Smoked Paprika
5 g	Salt Flakes
120 ml	Extra Virgin Olive Oil - for cooking lamb; for flatbread
4 pc	Lebanese Flatbreads - torn to 3-4 cm rough pieces
2 heads	Cos Lettuce - shredded 1 cm - not too fine
60 g (approx. 1 bunch)	Flat Leaf Parsley - leaves and tender stems, rough chop
30 g (approx. 1 bunch)	Mint - leaves only, kept whole or torn
6 pc	Spring Onions - fine sliced on bias
60 ml	Lemon Juice - freshly squeezed
10 g	Sumac - dressing plus garnish
200 g	Labneh - in piping bag
80 g	Pomegranate Seeds
to taste	Salt & Pepper

Prep method

- LAMB SPICE MIX:** Combine cumin, coriander, cinnamon, paprika and salt. Coat lamb thoroughly. Rest 15 min at room temp before cooking.
- COOK LAMB:** Heat a heavy-based pan or flat grill to high. Add olive oil. Cook lamb in batches - do not crowd the pan. For mince: cook 5-6 min, stirring to caramelise and break up. For diced leg: sear 2-3 min each side until well-coloured, then finish in oven at 200deg C for 5-6 min to 70deg C internal. Rest 5 min. Break mince into rough chunks rather than fine crumble for texture.
- FLATBREAD:** Toss torn flatbread pieces in olive oil. Spread on lined tray. Bake at 190deg C fan-forced for 8-10 min until golden and crisp. Watch closely - they burn quickly. Cool on rack. Add to salad only at service.
- FATTOUSH DRESSING:** Whisk lemon juice, EVOO and 5 g sumac together. Season.
- FATTOUSH BASE:** Combine cos, parsley, mint and spring onion in a large bowl. Do not dress until service.
- BOWL BUILD:** Toss fattoush base with dressing at service. Base of dressed fattoush in bowl. Lamb placed on one side. Pipe 2-3 dots labneh. Scatter pomegranate seeds. Place flatbread crisps on top. Dust with remaining sumac.

On the day / service

- Dress and assemble to order or in small batches of 5 - flatbread softens within 5-8 min once in contact with dressed salad.
- Labneh in piping bag for clean, consistent dots - squeeze bag from coldroom just before service.
- Lamb can be cooked 30-40 min ahead and held at 60deg C in bain marie.
- Pomegranate seeds scattered last - they bleed colour into the salad if left to sit.

Notes

Sumac is non-negotiable to fattoush character - do not substitute. Pomegranate seeds are both visual and textural; do not omit. Flatbread must be fully crisp before service - any softness will accelerate wilting in the bowl. For lamb mince, retain some larger chunks rather than fine crumble - gives better texture in the bowl. Flag: no Kuschi exclusions present.

Labneh Tzatziki

Pickled Cucumber · Pickled Cucumber Brine · Lemon

Sauce | Sauce / Base | Mix | Vegetarian | Gluten-Free | dairy | Corporate | Parties | Funeral & Wake

Sections: Corporate: Lunch Options, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	1 kg labneh batch
Method	Mix
Label	Labneh Tzatziki
Recipe ID	labneh-tzatziki

Elements

Labneh | Pickled Cucumber | Red & Brown Onion | Garlic | Lemon

Ingredients

Qty	Ingredient / prep
1 kg	Labneh
150 g	Pickled Cucumber - finely diced
50 ml	Pickled Cucumber Brine - from house brine batch
90 g	Red Onion - very finely diced
40 g	Brown Onion - very finely diced
10 g (approx. 2 cloves)	Garlic - finely grated on microplane
15 ml	Extra Virgin Olive Oil
20 ml	Lemon Juice - approx. half a lemon
3 g	Lemon Zest - finely microplaned
15 g	Fresh Dill - finely chopped
8 g	Salt Flakes - to taste
3 g	White Pepper - to taste

Prep method

1. Finely dice pickled cucumber. Very finely dice red and brown onion. Microplane garlic.
2. In a large bowl, combine labneh, diced pickled cucumber, pickled cucumber brine, red onion, brown onion, grated garlic and chopped dill.
3. Add olive oil, lemon juice and lemon zest. Season with salt and white pepper.
4. Mix until completely uniform. Taste and adjust - add more brine for tang, lemon for brightness, or salt as needed.
5. Transfer to a labelled PC, press cling film to surface and refrigerate. Hold at 2-4deg C. Use within 3 days.

On the day / service

1. Serve chilled. Use for chicken skewers, lamb dishes, mezze platters or canapé garnish.
2. Stir well before each service. Portion into ramekins or pipe onto plates as required.

Notes

House version uses pickled cucumber (not raw) - diced pickled cucumber + brine gives brightness and crunch without raw cucumber. Scale: 1 kg labneh batch. Scaled from the 3 kg house batch.

Roasted Vegetable Salad Bowl

Seasonal Roast Veg · Grains · Tahini Dressing

Lunch | Corporate | Roast + Assemble | vegan | gluten-free
Sections: Corporate: Lunch Options

Yield	20 portions
Method	Roast + Assemble
Label	Roast Veg Bowl
Recipe ID	corporate-roast-veg-salad-bowl

Elements

Roasted Vegetables | Grain Base | Tahini Dressing | Toasted Seeds

Ingredients

Qty	Ingredient / prep
600 g	Pumpkin - 2cm dice, skin off
400 g	Red Capsicum - 2cm dice
400 g	Zucchini - 2cm dice
300 g	Red Onion - cut into 3cm wedges
80 ml	Olive Oil
10 ml	Smoked Paprika
5 ml	Ground Cumin
to taste	Salt & Pepper
400 g	Freekeh or Brown Rice - dry weight - cooked per packet, spread on tray to cool
80 g	Tahini
60 ml	Lemon Juice - freshly squeezed
60 ml	Water - for tahini dressing - adjust consistency
5 g (approx. 1 cloves)	Garlic - microplaned
60 g	Pepitas or Sunflower Seeds - dry-toasted in pan until golden, cooled
60 g (approx. 1 bunch)	Flat Leaf Parsley - leaves picked, roughly chopped

Prep method

- VEGETABLES:** Preheat conventional oven to 200deg C fan-forced. Toss pumpkin, capsicum, zucchini, and red onion in olive oil, smoked paprika, and cumin. Season well. Spread in a single layer across two lined trays - do not crowd. Roast 25-30 min until edges are caramelised and pumpkin is tender. Rotate trays halfway.
- GRAINS:** Cook freekeh or brown rice per packet instructions in well-salted water. Drain and spread onto a tray to cool rapidly. Season with salt and a drizzle of olive oil to prevent clumping.
- TAHINI DRESSING:** Whisk together tahini, lemon juice, microplaned garlic, and water until smooth and pourable. Season with salt. Adjust consistency with additional water, 5 ml at a time - dressing should coat a spoon but pour freely.
- SEEDS:** Toast pepitas or sunflower seeds in a dry pan over medium heat, tossing constantly, until golden and beginning to pop - approximately 3-4 min. Cool on a flat tray.
- BOWL ASSEMBLY:** Base of seasoned grains, roasted vegetables arranged on top, drizzle of tahini dressing, scatter toasted seeds, finish with chopped parsley.

On the day / service

- Assemble bowls or platters at service. Dressing on the side in a jug, or drizzled at the pass - do not pre-dress if holding.
- Can be served warm or at room temperature. If serving warm, reheat veg on a tray at 180deg C for 8-10 min before assembly.

Notes

Vegan and GF. Roasted vegetables can be made a day ahead - store in the coldroom, bring to room temperature or reheat before service. Tahini dressing thickens significantly in the coldroom - loosen with water and whisk before service. Label clearly for allergens: sesame (tahini, seeds).

Beef Lasagne with Side Salad

House Bolognese · Béchamel · Pasta Sheets · Dressed Leaves

Lunch | Corporate | Bake | beef

Sections: Corporate: Lunch Options

Yield	20 portions
Method	Bake
Label	Beef Lasagne
Recipe ID	corporate-beef-lasagne-side-salad

Elements

Beef Bolognese | Béchamel | Pasta Sheets | Side Salad

Ingredients

Qty	Ingredient / prep
1.5 kg	Beef Mince - minimum 20% fat for flavour
2 pc	Brown Onions - fine dice
20 g (approx. 4 cloves)	Garlic - fine chop
2 pc	Carrots - fine dice
3 stalks	Celery - fine dice
750 ml	Passata
200 ml	Red Wine - dry, full-bodied
60 g	Tomato Paste
1 pc	Bouquet Garni - bay leaf, thyme, rosemary tied
30 ml	Olive Oil - for browning mince and sweating vegetables
100 g	Butter
100 g	Plain Flour
1.25 L	Full Cream Milk - warmed to 60deg C
5 g	Nutmeg - freshly grated
250 g	Parmesan - finely grated - 150 g into béchamel, 100 g for top
500 g	Dried or Fresh Lasagne Sheets - if dried, use no-boil style or pre-cook 4 min in salted water
200 g	Mixed Leaves - washed and dried
80 ml	Lemon Vinaigrette
to taste	Salt & Pepper

Prep method

- BOLOGNESE:** Heat olive oil in a heavy-based pot over high heat. Brown mince in batches - do not crowd the pan or it will steam rather than brown. Develop deep colour on each batch before removing. Set aside. Reduce heat to medium. Sweat onion, carrot, celery and garlic in same pot until softened, 8-10 min. Add tomato paste, cook out 2-3 min stirring until paste darkens. Return mince. Deglaze with red wine, scraping base. Reduce wine by half, 3-4 min. Add passata and bouquet garni. Stir to combine. Simmer uncovered on low heat 45-60 min until sauce is thick and rich. Remove bouquet garni. Season well.
- BÉCHAMEL:** Melt butter in a heavy-based saucepan over medium heat. Add flour all at once. Cook roux, stirring constantly, 2 min until it smells nutty - do not brown. Add warm milk gradually, whisking continuously to prevent lumps. Bring to a gentle simmer, stir until thickened and coats the back of a spoon, 8-10 min. Fold in 150 g grated parmesan. Season with salt, pepper and nutmeg. Béchamel should be pourable but not watery - it will thicken further on baking.
- ASSEMBLE LASAGNE:** Use a deep gastronorm tray (1/1 size, 100 mm deep). Spread a thin layer of béchamel on the base to prevent pasta sticking. Layer: bolognese, pasta sheets, béchamel. Repeat 3-4 layers finishing with béchamel on top. Scatter remaining 100 g parmesan over top.
- BAKE:** Preheat oven to 180deg C conventional. Cover tray tightly with foil. Bake 25 min covered, then remove foil and bake a further 15-20 min until top is deep golden and bubbling at edges. Total 40-45 min. Internal temperature should reach 85deg C.
- REST:** Remove from oven. Rest uncovered minimum 15 min before cutting - this is non-negotiable for clean portions. If made ahead, cool fully, refrigerate, and re-heat at 170deg C covered for 25-30 min.
- SALAD:** Dress mixed leaves with lemon vinaigrette at service - toss to coat lightly. Do not pre-dress.

On the day / service

- Portion lasagne with a sharp knife into equal squares - a 4x5 grid gives 20 portions from a 1/1 tray.
- Use a fish slice or palette knife to lift portions cleanly - slide, do not drag.
- Lasagne holds well in bain marie at 75deg C for up to 45 min after portioning. Cover to prevent drying.
- Dress and plate side salad to order - pre-dressed leaves wilt within 10 min.
- Serve with a wedge of lemon on the side if desired.

Notes

Resting the lasagne is critical - cutting too early causes it to collapse and service becomes messy. Bolognese can and should be made the day before; flavour improves overnight. Béchamel quantity here (100 g butter / 100 g flour / 1.2 L milk) is a slightly richer ratio than the original - the additional liquid compensates for pasta absorption during baking and prevents a dry lasagne. Passata gives a lighter, cleaner sauce than canned tomatoes - correct for this style and yield size. Flag: recipe contains tomato (passata and tomato paste) as structural ingredients - confirm whether Kuschi's tomato exclusion applies to cooked/sauce form, as this would require a fundamental recipe change.

Spiced Lamb Kofta

For MYO Gyros Bar - offsite and party format

Main | Grill | Gluten-Free | Dairy-Free | lamb | Corporate | Riviera Table / Offsite | Parties | Funeral & Wake

Sections: Corporate: Build-Your-Own Buffet, Riviera Table / Offsite: MYO Gyros Bar, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 serves - 2 kofta per guest
Method	Grill
Label	Spiced Lamb Kofta
Recipe ID	spiced-lamb-kofta-offsite

Elements

Lamb Kofta | Spicy Capsicum Cream

Ingredients

Qty	Ingredient / prep
5 kg	Greek-Style Lamb Meat - from freezer - or use lamb mince
200 g	Crushed Garlic
30 g	Moroccan Seasoning
10 g	Ground Coriander
10 g	Ground Cumin
10 g	Smoky Paprika
1 pkt	Flat Leaf Parsley - finely chopped
1 pkt	Mint - finely chopped
20 g	Table Salt
10 g	Ground Black Pepper
600 g	Spicy Capsicum & Feta Dip - for serving - capsicum cream

Prep method

1. Combine lamb mince with crushed garlic, Moroccan seasoning, ground coriander, cumin, smoked paprika, flat leaf parsley, mint, salt and pepper. Mix well - the mixture should be cohesive.
2. Weigh into 80 g portions. Shape into elongated kofta cylinders around metal or soaked wooden skewers. Alternatively, shape into ovals.
3. Refrigerate kofta for minimum 30 minutes to firm up.
4. Grill on a hot flat-top or BBQ grill at medium-high heat, turning every 2-3 minutes for 10-12 minutes total until cooked through (internal temp 75deg C) and nicely charred.
5. Rest 3 minutes off heat.

On the day / service

1. Serve hot for the Gyros Bar protein station alongside spicy capsicum cream.
2. For plated: 2 kofta per serve in a mini pita with sauce and salad.
3. Hold in bain marie at 65deg C. Do not hold more than 30 minutes - lamb dries quickly.

Notes

Gyros Bar protein option for offsite events. Note: the existing beef-kofta recipe covers the Riviera tapas version. This is the lamb format for the gyros context.

Creamy Basil Pesto Pasta Salad

Fusilli · Basil Pesto · Bocconcini · Pine Nuts · Parmesan

Lunch | Corporate | Cook + Assemble | vegetarian | dairy | Parties | Funeral & Wake

Sections: Corporate: Build-Your-Own Buffet, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	20 portions
Method	Cook + Assemble
Label	Pesto Pasta Salad
Recipe ID	corporate-pesto-pasta-salad

Elements

Fusilli | Creamy Basil Pesto | Bocconcini | Toasted Pine Nuts | Parmesan | Basil

Ingredients

Qty	Ingredient / prep
1 kg	Fusilli or Penne
200 g	Basil Pesto - house or quality purchased
100 ml	Thickened Cream - loosens and enriches the pesto dressing
300 g	Bocconcini - halved or torn
80 g	Pine Nuts - toasted in dry pan until golden, cooled
50 g (approx. 1 bunch)	Basil - leaves picked, larger leaves torn - finish only
60 g	Parmesan - shaved with peeler
30 ml	Lemon Juice - freshly squeezed
20 ml	Extra Virgin Olive Oil - pasta coating
to taste	Salt & White Pepper

Prep method

1. **PASTA:** Cook in a large pot of heavily salted boiling water (water should taste seasoned) until al dente - typically 1 min less than packet time. Drain well. Immediately toss hot pasta with EVOO to prevent sticking. Spread on a tray and cool completely to room temperature.
2. **PESTO CREAM:** Whisk pesto, cream, and lemon juice together until smooth. Season with salt and white pepper. Consistency should coat a spoon - loosen with a touch more cream if needed. Refrigerate until service.
3. **COMBINE:** Within 1 hour of service, toss cooled pasta with pesto cream until evenly coated. Fold in bocconcini gently.
4. **FINISH:** At service, scatter toasted pine nuts, torn basil, and parmesan shavings across the top. Do not mix in - keep as a visible garnish.

On the day / service

1. Serve at room temperature or lightly chilled (no colder than 15deg C - cold dulls the pesto flavour).
2. Combine pesto cream and pasta within 1 hour of service only - pasta dressed too early will absorb dressing and dry out.
3. Pine nuts, basil, and parmesan applied at the pass to maintain texture and colour.

Notes

Do not dress pasta ahead of time. Pesto oxidises and loses colour - combine no more than 1 hour before service. Bocconcini should be at room temperature before folding in - cold bocconcini seizes the dressing.

Greek Green Bean Salad

Tomato, Olives, Feta, Herbed Vinaigrette - buffet and platter salad

Side | Blanch / Dress | Gluten-Free | Vegetarian | Corporate | Riviera Table / Offsite | Parties | Funeral & Wake

Sections: Corporate: Build-Your-Own Buffet, Riviera Table / Offsite: Carvery Buffet, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 serves @ 80-100 g each - approx. 4 kg finished salad
Method	Blanch / Dress
Label	Greek Green Bean Salad
Recipe ID	greek-green-bean-salad

Elements

Green Beans | Tomato, Olives & Feta | Herbed Vinaigrette

Ingredients

Qty	Ingredient / prep
3 kg	Peas - use green beans - fresh, topped and tailed
500 g	Cherry Tomatoes - halved
350 g	Pitted Green Olives - halved
400 g	Feta Cheese Block - crumbled
1 pc	Red Onions - finely sliced
1 pkt	Fresh Oregano - leaves only
150 ml	EVOO
80 ml	White Wine Vinegar
1 pc	Lemons - juice only
15 g	Table Salt
5 g	Ground Black Pepper

Prep method

1. Blanch green beans in rapidly boiling salted water for 2-3 minutes until just tender but still vivid green. Immediately refresh in iced water. Drain and pat dry.
2. Whisk EVOO, white wine vinegar, lemon juice, salt and pepper to make the vinaigrette.
3. Combine green beans, halved cherry tomatoes, sliced red onion and olives in a large bowl. Dress with vinaigrette and toss to combine.
4. Transfer to service dish. Top with crumbled feta and fresh oregano leaves.
5. Taste and adjust seasoning - this salad should be bright, savoury and tangy.

On the day / service

1. Serve at room temperature. Do not dress more than 2 hours ahead - beans become soggy.
2. For buffet: present in a GN pan lined with paper. Top with feta and herbs at service.
3. For plated: portion 80 g as a side. Add feta garnish last.

Notes

High-frequency salad appearing across carvery buffet, funeral/wake platters, corporate build-your-own and party menus.

Moroccan Couscous Salad

Couscous · Dried Apricot & Sultana · Herbs · Harissa Dressing · Toasted Almonds

Lunch | Corporate | Cook + Assemble | vegan | Riviera Table / Offsite | Weddings | Parties | Funeral & Wake

Sections: Corporate: Build-Your-Own Buffet, Riviera Table / Offsite: BBQ Buffet, Riviera Table / Offsite: Carvery Buffet, Weddings: Portofino Package, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	20 portions
Method	Cook + Assemble
Label	Moroccan Couscous
Recipe ID	corporate-moroccan-couscous-salad

Elements

Couscous | Dried Apricot & Sultana | Flat Leaf Parsley & Mint | Harissa Dressing | Toasted Almonds

Ingredients

Qty	Ingredient / prep
600 g	Couscous
750 ml	Vegetable Stock - boiling - use vegetable stock to keep vegan
70 ml	Extra Virgin Olive Oil - stirred through couscous after steaming
100 g	Dried Apricots - finely chopped
80 g	Raisins or Sultanas
60 g (approx. 1 bunch)	Flat Leaf Parsley - finely chopped
30 g (approx. 1 bunch)	Mint - finely chopped
4 pc	Spring Onions - finely sliced
80 g	Flaked or Slivered Almonds - toasted at 170deg C for 5-6 min until golden, cooled
60 ml	Lemon Juice - freshly squeezed
30 g	Harissa Paste
5 ml	Ground Cumin
2.5 ml	Ground Cinnamon
to taste	Salt & Pepper

Prep method

- COUSCOUS:** Place couscous in a deep tray or bowl. Pour boiling vegetable stock over, stir once, cover tightly with cling film or a lid. Rest 5 min. Uncover and fluff thoroughly with a fork, breaking up any clumps. Stir in olive oil and season with salt. Spread on a tray to cool to room temperature.
- DRESSING:** Whisk lemon juice, EVOO, harissa, cumin, and cinnamon together until combined. Season with salt and pepper. Taste - dressing should be bold and slightly sharp.
- COMBINE:** Toss cooled couscous with dressing, dried apricots, sultanas, most of the parsley, mint, and spring onion. Mix well and check seasoning. Refrigerate if making ahead.
- FINISH:** At service, scatter toasted almonds and remaining fresh herbs over the top. Do not mix almonds through - keep on top for crunch.

On the day / service

- Serve at room temperature or lightly chilled.
- If made ahead, loosen with an extra squeeze of lemon juice and a drizzle of EVOO before service - couscous absorbs dressing overnight.
- Toasted almonds applied at service only to maintain crunch.

Notes

Best made the day prior - flavours develop significantly overnight. Vegan confirmed: use vegetable stock only. Cinnamon quantity reduced to 2.5 ml to avoid overpowering the harissa. Almonds must stay off the salad until service.

Pumpkin, Feta & Pepita Salad

Roast Pumpkin · Danish Feta · Toasted Pepitas · Honey Lemon Dressing · Mixed Leaves

Lunch | Corporate | Roast + Assemble | vegetarian | gluten-free | dairy
Sections: Corporate: Build-Your-Own Buffet

Yield	20 portions
Method	Roast + Assemble
Label	Pumpkin Feta Salad
Recipe ID	corporate-pumpkin-feta-pepita-salad

Elements

Roast Pumpkin | Danish Feta | Toasted Pepitas | Honey Lemon Dressing | Mixed Leaves

Ingredients

Qty	Ingredient / prep
1.5 kg	Butternut or Kent Pumpkin - skin off, 3 cm dice
90 ml	Extra Virgin Olive Oil
5 ml	Ground Cinnamon
5 ml	Smoked Paprika
5 ml	Fine Salt
300 g	Danish Feta - crumbled into large pieces
80 g	Pepitas - toasted in dry pan until lightly popped, cooled
200 g	Mixed Salad Leaves - washed, spun dry
40 ml	Honey
40 ml	Lemon Juice - freshly squeezed
5 ml	Dijon Mustard
to taste	Salt & Pepper

Prep method

- PUMPKIN:** Toss diced pumpkin with olive oil, cinnamon, smoked paprika, and salt until evenly coated. Spread in a single layer on lined oven trays - do not overcrowd. Roast at 200deg C (fan-forced) for 25-30 min, turning once at 15 min, until edges are golden and caramelised. Cool to room temperature on trays before assembling.
- DRESSING:** Whisk honey, lemon juice, Dijon, and a pinch of salt until combined. Slowly whisk in EVOO to emulsify. Adjust seasoning.
- ASSEMBLE:** Spread mixed leaves across the base of the platter or bowl. Arrange roast pumpkin over leaves. Crumble feta across, scatter pepitas.
- DRESS:** Drizzle dressing over the assembled salad at the point of service - not before.

On the day / service

- Dress at the point of service only - leaves wilt rapidly once dressed.
- Pumpkin can be roasted the day prior and held in coldroom; bring to room temperature before assembling.
- Pepitas applied last to preserve crunch.
- For buffet service, keep dressing in a separate jug on the side.

Notes

Do not dress ahead. Roast pumpkin is an excellent prep-ahead component - roast the day before and hold in coldroom. Dice size increased to 3 cm (from 2 cm) to hold shape through roasting and avoid mushiness. Pepitas must go on at service.

Traditional Garden Salad

Mixed Leaves · Shaved Vegetables · House Vinaigrette

Lunch | Corporate | Assemble | vegan | gluten-free | Parties | Funeral & Wake
Sections: Corporate: Build-Your-Own Buffet, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	20 portions
Method	Assemble
Label	Garden Salad
Recipe ID	corporate-traditional-garden-salad

Elements

Mixed Salad Leaves | Baby Spinach | Shaved Carrot | Julienne Capsicum | Snow Peas | House Vinaigrette

Ingredients

Qty	Ingredient / prep
300 g	Mixed Salad Leaves - washed, spun dry
200 g	Baby Spinach - washed, spun dry
3 pc	Carrots - peeled, shaved on mandoline or peeler into long ribbons
2 pc	Red Capsicum - seeds removed, fine julienne
100 g	Snow Peas - topped and tailed, halved on the bias
4 pc	Spring Onions - finely sliced on the bias
80 ml	Extra Virgin Olive Oil
40 ml	White Wine Vinegar
10 ml	Dijon Mustard
10 g	Honey
to taste	Salt & Pepper

Prep method

- VINAIGRETTE:** Whisk Dijon, vinegar, honey, and a pinch of salt together until combined. Slowly drizzle in EVOO while whisking continuously to form a stable emulsion. Season with salt and pepper. Store in a sealed jar or squeeze bottle - shake well before use.
- PREP:** All vegetables must be completely dry before assembly. Spin leaves in batches if needed. Pat capsicum dry. Hold prepped veg separately in coldroom until service.
- ASSEMBLE:** Combine leaves and spinach as the base. Scatter shaved carrot, capsicum julienne, snow peas, and spring onion evenly across the top.
- DRESS:** Toss with vinaigrette immediately before service. Season lightly after dressing.

On the day / service

- Dress at service only - pre-dressed salad wilts within 10-15 min.
- For buffet service, present vinaigrette in a separate jug or squeeze bottle for self-service.
- All vegetables must be bone-dry before dressing - any water breaks the emulsion and dilutes flavour.

Notes

Vinaigrette yield approx. 130 ml - sufficient for 20 portions dressed to coat, not drench. Prep leaves and vegetables separately in coldroom and combine only at service. Snow peas can be blanched briefly (30 sec, iced) for a slightly more tender result if preferred.

Creamy Potato, Bacon & Herb Salad

Waxy Potato · Crispy Bacon · Herb Mayo · Chives

Lunch | Corporate | Cook + Assemble | pork | Parties | Funeral & Wake

Sections: Corporate: Build-Your-Own Buffet, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	20 portions
Method	Cook + Assemble
Label	Potato Bacon Salad
Recipe ID	corporate-creamy-potato-bacon-herb-salad

Elements

Waxy Potatoes | Crispy Bacon | Herb Mayo Dressing | Chives | Flat Leaf Parsley

Ingredients

Qty	Ingredient / prep
2 kg	Kipfler or Desiree Potatoes - scrubbed, skin on
400 g	Streaky Bacon - approx. 20 rashers - oven-rendered until crispy
250 ml	Whole Egg Mayonnaise
80 ml	Sour Cream
30 ml	White Wine Vinegar
5 ml	Dijon Mustard
50 g (approx. 1 bunch)	Chives - finely snipped
60 g (approx. 1 bunch)	Flat Leaf Parsley - finely chopped
4 pc	Spring Onions - finely sliced
to taste	Salt & Pepper

Prep method

- POTATOES:** Place whole unpeeled potatoes in a pot of cold well-salted water. Bring to the boil, then reduce to a steady simmer. Cook until just tender - a skewer meets slight resistance in the centre, approx. 20-25 min depending on size. Do not boil hard or the skins split. Drain and cool 10 min.
- SLICE:** While still warm, slice kipflers on the bias into 1.5 cm rounds, or halve desiree. Skin on throughout.
- BACON:** Lay rashers flat on lined oven trays. Bake at 200deg C for 12-15 min until deeply golden and crispy. Cool on a wire rack, then crumble into rough pieces. Do not press into small crumbs - keep texture.
- DRESSING:** Whisk mayonnaise, sour cream, vinegar, and Dijon together until smooth. Season generously with salt and pepper - dressing should be well-seasoned as it will be absorbed by the potatoes.
- COMBINE:** While potatoes are still warm (not hot), toss with dressing until evenly coated - warm potatoes absorb dressing for better flavour. Fold in spring onion and most of the chives and parsley. Taste and adjust seasoning.
- FINISH:** Scatter remaining fresh herbs and crumbled bacon across the top at service. Do not mix bacon through ahead of time.

On the day / service

- Serve at room temperature - ideally within 4 hours of dressing.
- Dress potatoes while warm for maximum flavour absorption, then hold at room temperature or lightly chilled (above 10deg C).
- Bacon applied at service only to maintain crispness - pre-mixed bacon will go soft.

Notes

Kipfler gives the best waxy texture and holds shape well when sliced. Desiree is a reliable backup. Do not overcook - potato must hold its shape once sliced. Bacon quantity converted from '20 rashers' to approx. 400 g for accurate prep. Dress warm, serve at room temp.

Creamy Potato Bake

Classic gratin-style potato bake for platters and buffet

Side | Bake | Gluten-Free | Vegetarian | Corporate | Parties | Funeral & Wake

Sections: Corporate: Build-Your-Own Buffet, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 serves @ 150 g each - approx. 2 x full GN pans
Method	Bake
Label	Potato Bake
Recipe ID	creamy-potato-bake

Elements

Creamy Potato Bake

Ingredients

Qty	Ingredient / prep
6 kg	Potato - peeled and thinly sliced (2-3mm)
2 L	Thickened Cream
500 ml	Full Cream Milk
300 g	Crushed Garlic
2 pkt	Thyme - leaves stripped
600 g	Shreedded Mozzarella
25 g	Table Salt
10 g	Ground Black Pepper
5 g	Ground Cinnamon - optional - adds warmth

Prep method

1. Combine thickened cream, milk, garlic, thyme, salt and pepper in a large pot. Bring to a gentle simmer. Add potato slices and cook for 5 minutes until just beginning to soften.
2. Transfer to deep greased GN pans, pressing potatoes into even layers. Pour cream mixture over to just cover.
3. Top with shredded mozzarella. Cover tightly with foil.
4. Bake at 160deg C for 45-50 minutes covered, then remove foil and bake a further 20 minutes until top is golden and bubbling.
5. Rest 10 minutes before portioning. Score into squares before service.

On the day / service

1. Portion into squares using a sharp spatula. Serve from the baking pan.
2. Hold at 65deg C in a bain marie for up to 1 hour.
3. For platters/buffet: pre-portion into individual foil ramekins or serve from the pan.

Notes

High-frequency platter/buffet side appearing across party and funeral/wake menus. Can be baked a day ahead, refrigerated, and reheated.

Broccoli & Cauliflower Gratin

Béchamel · Gruyère · Herb Crumb

Side | Bake | vegetarian | Corporate | Riviera Table / Offsite | Parties | Funeral & Wake
Sections: Corporate: Build-Your-Own Buffet, Riviera Table / Offsite: Carvery Buffet, Parties:
Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	20 portions
Method	Bake
Label	Veg Gratin
Recipe ID	broccoli-cauliflower-gratin

Elements

Broccoli & Cauliflower | Béchamel | Gruyère Herb Crumb

Ingredients

Qty	Ingredient / prep
1 kg	Broccoli - florets, blanched 2 min, refreshed in ice water, drained well
1 kg	Cauliflower - florets, blanched 3 min, refreshed in ice water, drained well
80 g	Butter
80 g	Plain Flour
900 ml	Full Cream Milk - warmed
200 g	Gruyère - grated - 100 g into sauce, 100 g for top
15 ml	Dijon Mustard
2.5 ml	Nutmeg - freshly grated
100 g	Panko Breadcrumbs
30 ml	Olive Oil - for crumb
30 g (approx. 0.5 bunch)	Flat Leaf Parsley - fine chop - for crumb
20 g	Parmesan - finely grated - for crumb
10 g	Fine Salt
5 ml	White Pepper - ground

Prep method

- BÉCHAMEL:** Melt butter in a heavy saucepan over medium heat. Add flour and cook, stirring constantly, for 2 min until a pale roux forms. Gradually whisk in warm milk, adding in three additions to avoid lumps. Cook over medium heat, whisking, until thick and smooth, approx 5-7 min. Remove from heat. Stir in 100 g gruyère, dijon, nutmeg. Season well with salt and white pepper. Béchamel should coat the back of a spoon.
- CRUMB:** Toss panko in olive oil in a dry pan over medium heat. Toast, stirring frequently, for 3-4 min until evenly golden. Remove from heat, cool, then mix with chopped parsley and parmesan. Season.
- ASSEMBLE:** Arrange blanched, well-drained florets in a buttered gastronorm tray. Pour béchamel over, nudging florets to ensure even coverage. Scatter remaining 100 g gruyère over sauce, then top evenly with herb crumb.
- BAKE:** Bake at 185deg C conventional for 25-30 min until béchamel is bubbling at the edges and crumb is deep golden. If crumb browns too quickly, tent loosely with foil for last 10 min.
- HOLD:** If prepping ahead, assemble without crumb, refrigerate, and add crumb only in the final 30 min before service bake.

On the day / service

- Portion into 20 equal serves with a sharp spatula. Serve hot direct from tray.
- Holds well in a covered bain marie for up to 60 min - crumb will soften but flavour holds.
- For crunch retention, keep tray uncovered under heat lamp rather than in bain marie.

Notes

Drain florets thoroughly after blanching - excess water will thin the béchamel in the tray. Cauliflower needs an extra minute of blanching over broccoli. Adding parmesan to the crumb improves colour and savouriness. Do not bake raw florets - they will undercook.

House Focaccia

Table bread for plated functions

Bread | Bakery | Bake | Vegan | Corporate | Parties | Funeral & Wake

Sections: Corporate: Build-Your-Own Buffet, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	Approx. 40 serves - makes 4.6 kg dough / 3-4 large tray focaccias
Method	Bake
Label	Focaccia
Recipe ID	house-focaccia

Elements

Focaccia Portions

Ingredients

Qty	Ingredient / prep
2.5 kg	Pizza Flour
2 L	Water - warm (35-40deg C)
15 g	Dry Yeast
50 g	Table Salt
50 ml	Tuscan Oil - plus extra for drizzling
20 ml	Pure Honey

Prep method

1. Dissolve dry yeast in warm water with honey. Stand 5 minutes until frothy.
2. Combine pizza flour and salt in a large mixing bowl or commercial mixer. Add yeast mixture and Tuscan Oil. Mix on low speed until a shaggy dough forms, then on medium for 8-10 minutes until smooth and elastic.
3. Transfer to an oiled container. Cover and prove at room temperature for 60-90 minutes until doubled.
4. Generously oil two deep oven trays (approximately 60 x 40 cm each). Divide dough equally and press out to fill each tray. Dimple aggressively with fingers all over the surface.
5. Cover loosely and prove a further 45-60 minutes until puffy and jiggly.
6. Before baking, drizzle generously with Tuscan Oil and season with flaked salt. Press in red grapes or rosemary for the house version.
7. Bake at 220deg C (conventional) for 20-25 minutes until deep golden brown and the base sounds hollow when tapped. Cool on a rack.

On the day / service

1. Cut into portions approximately 6-8 cm x 4-5 cm.
2. Serve warm or at room temperature - reheat at 180deg C for 5 minutes if pre-baked.
3. For function bread service: basket-lined portions on the table before the entrée.
4. Bread must be fresh same day - do not hold overnight once cut.

Notes

Source: Riviera Menu Builder workbook / Breads tab. LOCKED HOUSE SOP per Recipe Migration Ledger. Primary bread for table service at plated functions.

Dinner Rolls & Butter

Warmed dinner rolls with whipped butter for buffet service

Bread | Bakery | Warm / Serve | Vegetarian | Corporate | Parties | Funeral & Wake
Sections: Corporate: Build-Your-Own Buffet, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 serves - 2 rolls per guest
Method	Warm / Serve
Label	Dinner Rolls
Recipe ID	dinner-rolls-butter

Elements

Dinner Rolls | Whipped Butter

Ingredients

Qty	Ingredient / prep
96 pc	Bread Rolls Dinner - from freezer - defrost overnight in coldroom or at room temp 2h
500 g	Butter Unsalted - softened - see Whipped Butter recipe (whipped-butter)
5 g	Table Salt - flaked, for butter

Prep method

1. Defrost dinner rolls in coldroom overnight or at room temperature for 2 hours.
2. Preheat oven to 160deg C. Place rolls on a lined tray and warm for 6-8 minutes until soft and just heated through - do not allow to dry out or brown.
3. Whip softened butter with flaked salt until light and airy (see Whipped Butter recipe).
4. Transfer warm rolls to a lined bread basket. Serve whipped butter alongside in a ramekin.

On the day / service

1. Place basket on the table before entrée service. Refresh with warm rolls as needed.
2. For buffet: arrange rolls in lined baskets or on a wooden board. Keep covered with a cloth napkin between refreshes.
3. Butter in a cold ramekin - allow guests to serve themselves.

Notes

Standard bread service item for all seated functions. Two rolls per guest is the standard count; allocate 2.2 per guest for production to allow for attrition.

Slow Cooked Lamb Shoulder Provençale

Pulled Lamb Shoulder · Provençale Vegetables · Olive & Herb Jus · Gremolata

Main | Braise | lamb | Riviera Table / Offsite | Weddings

Sections: Riviera Table / Offsite: Canape Packages, Weddings: MYO Gyros Bar

Yield	20 portions
Method	Braise
Label	Lamb Provençale
Recipe ID	lamb-shoulder-provence-composed

Elements

Lamb Shoulder | Provençale Veg | Olive Jus | Gremolata

Ingredients

Qty	Ingredient / prep
4.5 kg	Lamb Shoulder - bone-in, 2 shoulders approx - trimmed of excess surface fat but fat cap left on
3 pc	Brown Onions - rough 3cm chop
60 g (approx. 1 heads)	Garlic - halved horizontally, no peel needed for braise
3 pc	Carrots - rough 3cm chop
3 pc	Celery Stalks - rough 3cm chop
750 ml	Red Wine - Grenache or Syrah preferred - dry
800 ml	Chicken or Lamb Stock - hot
30 g	Tomato Paste
200 g	Kalamata Olives - pitted, halved - added at jus finish only
6 g (approx. 3 sprigs)	Rosemary
6 g (approx. 6 sprigs)	Thyme
2 pc	Bay Leaves
50 ml	Extra Virgin Olive Oil - for searing; to bind gremolata
to taste	Salt Flakes & Cracked Pepper
60 g (approx. 1 bunch)	Flat Leaf Parsley - leaves only, fine chop - gremolata
2 pc	Lemons - zest only, microplane - gremolata
15 g (approx. 3 cloves)	Garlic - microplane to paste - gremolata
300 g	Zucchini - 1cm dice - provençale veg
2 pc	Red Capsicum - 1cm dice, no seeds - provençale veg
1 pc	Yellow Capsicum - 1cm dice, no seeds - provençale veg
200 g	Fennel Bulb - 1cm dice - provençale veg
10 g	Herbes de Provence - for provençale veg

Prep method

- PREP** (day prior): Pat shoulders completely dry. Season aggressively on all surfaces with salt flakes and cracked pepper. Allow to sit uncovered in coldroom overnight on a rack to dry the surface - non-negotiable for a proper sear.
- SEAR**: Bring shoulder to room temperature 30-45 min before cooking. Heat a large rondeau or heavy-base roasting pan over high heat until smoking. Add olive oil. Sear shoulders fat-side down first for 4-5 min until deep mahogany - do not lift early. Turn and sear all faces. Total sear 12-15 min. Remove to tray.
- BRAISE BASE**: In the same pan, reduce heat to medium. Sweat onion, celery, carrot and halved garlic head 8-10 min until soft and beginning to colour. Add tomato paste, stir and cook 2-3 min until it darkens and sticks slightly - this is the umami base. Deglaze with red wine, scraping all fond from the pan. Reduce wine by half (approx 10-12 min at a steady simmer).
- BRAISE**: Return shoulders to pan fat-side up. Pour hot stock around - liquid should reach halfway up the meat, not cover it. Add rosemary, thyme, bay leaves. Bring to a simmer on stove. Cover tightly with lid or two layers of foil crimped at edges. Place in oven at 155deg C (fan-forced) or 165deg C (conventional). Cook 4-4.5 hours. Check at 3.5 hours - meat should be pulling away at bone and yielding completely to a probe.
- PROVENÇALE VEG**: While lamb braises, heat olive oil in a wide sauté pan over high heat. Sear capsicum and fennel in a single layer until charred edges develop, 4-5 min. Add zucchini, cook a further 2 min. Season with salt, herbes de Provence. Remove from heat - veg should have colour and texture, not be stewed soft. Hold separately.
- RESTING & PULLING**: Remove shoulders from oven. Lift carefully onto a tray lined with a rack. Rest uncovered 20 min minimum. Pull meat into large irregular chunks 60-80g using two forks - keep pieces generous, not shredded. Reserve any escaped juices.
- JUS**: Strain braising liquid through a fine chinois into a wide saucepan, pressing aromatics firmly. Skim fat from surface. Reduce over medium-high heat to a loose coating consistency (approx 30-40% reduction). Add reserved pulling juices. Taste and correct salt. Add olives in the final 5 min of reduction only - do not boil olives long or they turn bitter. Adjust with a small squeeze of lemon if jus reads flat.
- GREMOLATA**: Combine fine-chopped parsley, lemon zest and microplaned raw garlic. Bind with a thread of extra virgin olive oil. Season lightly. Make no more than 2 hours before service - garlic turns acrid if left too long.
- HOLD**: Return pulled lamb chunks to jus in a deep GN tray. Provençale veg held separately. Hold lamb in jus in bain marie at 78-80deg C.

On the day / service

- GN EVENT**: Spoon lamb chunks into warm bowls or onto plates. Add a spoonful of provençale veg alongside. Ladle jus generously over - lamb must not look dry. Finish with 5 ml of gremolata placed on top, not stirred in.

2. PLATE SERVICE: 160-180g pulled lamb per portion. Pool jus in base of bowl first, place lamb, veg to one side, gremolata on top. Do not flatten - rustic height reads better.

3. Hold temp: bain marie at 78-80deg C. Do not hold above 85deg C or the pulled meat will continue to cook and dry. Check jus level every 30 min - add a splash of warm stock if reducing.

Notes

Bone-in shoulder is non-negotiable - collagen and marrow from the blade enrich the jus considerably. Tomato paste in the braise base is the structural umami anchor. Olives added only at jus finish: extended heat makes them bitter. Gremolata raw garlic is powerful - do not prepare more than 2 hours ahead. Celery added to the mirepoix - the original lacked the third aromatic leg. 4.5 kg raw bone-in yields approximately 2.2-2.5 kg pulled meat at 110-125g cooked per portion.

Beef Bourguignon

Braised Beef Chuck · Smoked Lardons · Pearl Onions · Button Mushrooms · Burgundy Sauce

Main | Braise | beef | pork | Riviera Table / Offsite
Sections: Riviera Table / Offsite: Canape Packages

Yield	20 portions
Method	Braise
Label	Beef Bourguignon
Recipe ID	beef-bourguignon

Elements

Braised Beef | Mushroom | Lardons | Pearl Onions | Burgundy Sauce

Ingredients

Qty	Ingredient / prep
3.5 kg	Beef Chuck - cut into 60-70g cubes (approx 5-6cm) - trimmed of sinew but intramuscular fat left intact
250 g	Speck or Smoked Lardons - cut 1cm batons if whole speck
500 g	Button Mushrooms - quartered - do not wash, wipe with damp cloth
350 g	Pickling Onions or Pearl Onions - peeled - blanch 1 min to loosen skins
750 ml	Burgundy or Pinot Noir - drinking quality
600 ml	Beef Stock or Brown Veal Stock - hot
3 pc	Carrots - rough 3cm chop - braise base only, strained out
2 pc	Brown Onions - rough 3cm chop - braise base only, strained out
60 g (approx. 1 heads)	Garlic - halved horizontally
1 pc	Bouquet Garni - bay leaf, thyme sprigs, parsley stalks tied in leek or muslin
40 g	Tomato Paste
25 g	Plain Flour - for liaison - sifted
40 g	Butter - unsalted, divided - 20g for pearl onions, 20g for mushrooms
15 g	Sugar - for glazing pearl onions
30 ml	Olive Oil - for searing
to taste	Salt Flakes & Cracked Pepper
60 g (approx. 1 bunch)	Flat Leaf Parsley - fine chop - finish
10 g	Thyme - picked leaves - finish

Prep method

- MARINADE (optional, recommended): Combine beef cubes, wine, rough onion, carrot, garlic and bouquet garni. Refrigerate 12-24 hours. If marinating, drain beef thoroughly and pat dry before searing - wet beef will steam, not sear.
- LARDONS: Blanch lardons in cold water, bring to boil, drain - removes excess salt. Render in a dry heavy pot over medium heat until fat releases and edges crisp, 6-8 min. Remove with slotted spoon; reserve fat in pot.
- SEAR BEEF: Working in small batches of 400-500g maximum - never crowd the pan. Pat beef completely dry. Sear in lardon fat plus olive oil over high heat. Do not move pieces for 2-3 min - allow Maillard crust to form. Turn and colour all faces. Total per batch 6-8 min. Season each batch as it goes in. This step takes 25-30 min total and cannot be rushed.
- MIREPOIX: Reduce heat to medium. In the same pot, sweat rough onion, carrot and garlic in remaining fat until soft and lightly coloured, 8-10 min. Add tomato paste, cook out 2-3 min until it darkens and starts to catch. Sift flour over, stir through, cook 2 min to eliminate raw flour taste.
- DEGLAZE & BRAISE: Pour in all wine, scrape every bit of fond from the base. Bring to a boil and reduce by half - 15-18 min. Add hot stock, return beef and lardons, add bouquet garni. Liquid should just cover beef. Bring to a simmer, cover tightly, place in oven at 155deg C for 2.5-3 hours.
- PEARL ONIONS: In a separate wide pan, place onions in a single layer with 20g butter, 15g sugar and enough water to barely cover. Cook uncovered over medium heat until water evaporates and onions glaze to a golden colour, 12-15 min. Season. Reserve.
- MUSHROOMS: Heat a wide pan over high heat until smoking. Add 20g butter, add mushrooms in a single layer - do not stir for 2-3 min to allow colour to develop. Season only after colour is achieved - premature salt draws moisture and steams. Toss once, cook 1 more min. Reserve.
- SAUCE FINISH: Remove beef with a slotted spoon to a tray. Strain braising liquid through a fine chinois. Return to a wide saucepan, bring to a rolling boil, skim surface fat. Reduce until sauce coats the back of a spoon cleanly. Taste: deep, rounded, slightly tannic. Correct salt.
- ASSEMBLE: Return beef chunks to sauce. Fold in glazed onions, mushrooms and lardons gently. Add garnish elements in the final 15 min of holding - not braised back into the sauce.
- HOLD: Transfer to deep GN tray. Hold in bain marie at 78-80deg C. Stir gently every 20 min.

On the day / service

- GN EVENT: Ladle portions - approximately 180g beef plus sauce. Ensure each portion captures all three garnish elements. Finish with fine-chopped parsley and picked thyme leaves at the pass.
- PLATE SERVICE: Warm wide bowl or lipped plate. Mashed potato or pommes purée as base if offered - 80-100g mash, bourguignon on top, sauce pooled around.
- Do not return sauce to a rolling boil with beef in it at service - the beef will tighten and dry. Reheat gently only.

Notes

Flour quantity is 25g - higher amounts risk a starchy, gluey sauce if not perfectly cooked out. Blanching lardons first is essential - un-blanching smoked speck will oversalt the entire braise. Mushrooms and pearl onions must be cooked and held separately - braising them in the pot produces waterlogged, grey results. Searing in small batches is the single most commonly skipped step - a crowded pan drops temperature, the beef steams, and you get no fond. The fond is the sauce.

Mediterranean Rice Pilaf

Saffron, Almonds, Raisins & Herbs - carvery buffet side

Side | Simmer | Gluten-Free | Vegan | Riviera Table / Offsite

Sections: Riviera Table / Offsite: Canape Packages, Riviera Table / Offsite: Carvery Buffet

Yield	40 serves @ 100-120 g each
--------------	----------------------------

Method	Simmer
---------------	--------

Label	Rice Pilaf
--------------	------------

Recipe ID	mediterranean-rice-pilaf
------------------	--------------------------

Elements

Saffron Rice | Toasted Almonds | Golden Raisins

Ingredients

Qty	Ingredient / prep
3 kg	Arborio Rice - or use basmati - rinse until water runs clear
4.5 L	Water - boiling
60 g	Chicken Booster
1 g	Turmeric - for colour if saffron unavailable
200 g	Almond Slivered Toasted
200 g	Pumpkin Seeds - or use sultanas/golden raisins
2 pkt	Flat Leaf Parsley - roughly chopped
1 pkt	Mint - leaves only, roughly torn
100 ml	Tuscan Oil
3 pc	Lemons - zest and juice
20 g	Table Salt
8 g	Ground Black Pepper
2 pc	Lemons - wedges for service

Prep method

1. Rinse rice until water runs clear. Heat Tuscan Oil in a large rondeau. Toast the rice for 2-3 minutes stirring constantly until opaque.
2. Add boiling water, chicken booster and turmeric. Stir once to combine. Cover tightly and cook on lowest heat for 18-20 minutes until all liquid is absorbed and rice is tender.
3. Remove from heat. Place a clean tea towel under the lid and leave to steam for 10 minutes - this absorbs excess moisture and keeps grains separate.
4. Fork through the rice gently. Fold in slivered almonds, pumpkin seeds/sultanas, chopped parsley and mint.
5. Dress with lemon zest and juice, additional Tuscan Oil, salt and pepper. Toss to combine. Taste and adjust.

On the day / service

1. Serve warm or at room temperature. Pilaf holds well at either temperature.
2. For buffet: mound in a hotel pan and garnish with extra herbs and lemon wedges.
3. Pairs well with Greek Spiced Roast Lamb, Roast Chicken and Chargrilled Lamb Cutlets.

Notes

High-frequency carvery buffet side. The aromatic herb and almond finish makes it a Riviera signature.

Roving Cannoli & Tiramisu Service

Passed Dessert · Cannoli · Individual tiramisu portions

Dessert | Assemble | vegetarian | Riviera Table / Offsite | Baby Shower
Sections: Riviera Table / Offsite: Canape Packages, Baby Shower: Custom Graze

Yield	Service for 40
Method	Assemble
Label	Roving Desserts
Recipe ID	roving-cannoli-tiramisu

Elements

Mini Cannoli | Individual tiramisu portions

Ingredients

Qty	Ingredient / prep
40 pc	Cannoli Shells
500 g	Ricotta - drained overnight in fridge through muslin or fine sieve
80 g	Icing Sugar - sifted
50 g	White Chocolate - melted and cooled
40 g	Pistachios - finely chopped - for cannoli ends
40 pc	small shot glasses or 80 ml Espresso Glasses - Tiramisu
250 g	Savoiardi - broken into thirds
350 ml	Strong Espresso - cooled to room temp
60 ml	Marsala
4 pc	Egg Yolks
100 g	Caster Sugar
300 g	Mascarpone - room temp
200 ml	Thickened Cream - whipped to soft peaks
25 g	Dutch Cocoa - for dusting at service
1 pinch	Fine Salt

Prep method

- CANNOLI FILLING:** Combine drained ricotta, icing sugar, cooled white chocolate and a pinch of salt. Mix until smooth - do not over-beat or it becomes loose. Taste and adjust sweetness. Transfer to a piping bag with a plain 10 mm nozzle. Refrigerate until needed. Fill shells from both ends at the last possible moment before passing.
- ZABAGLIONE:** Whisk egg yolks and caster sugar in a bowl over a bain marie (water at a bare simmer, bowl not touching water). Whisk continuously for 6-8 min until mixture is pale, thick, and holds a ribbon trail. Remove from heat and whisk in a stand mixer or by hand until completely cool, approx 5 min.
- TIRAMISU CREAM:** Fold cooled zabaglione into mascarpone until combined and smooth. Gently fold in whipped cream in two additions - do not overmix or the cream will deflate. Mixture should be airy but hold shape.
- ESPRESSO MIX:** Combine cooled espresso and marsala in a shallow bowl.
- ASSEMBLE small bowls:** Briefly dip savoiardi pieces in espresso-marsala mix for 2 seconds each side - do not soak or they become waterlogged. Place a layer in base of each cup. Pipe or spoon tiramisu cream to fill. Add a second savoiardi layer if the glass allows, then top with cream. Level surface with small palette knife. Refrigerate a minimum of 3 hours, ideally overnight.
- DUST:** Pass Dutch cocoa through a small fine sieve directly over small bowls at service only.

On the day / service

- Cannoli:** fill shells at the pass using piping bag - maximum 5 min before eating. Press cut pistachio into both open ends after filling. Pass on a lined tray.
- tiramisu portions:** pre-set on trays in coldroom. Remove 10 min before passing. Dust cocoa with a small sieve at pass only - not in advance.
- Stagger cannoli and tiramisu passes across service so both remain fresh.

Notes

Ricotta must be well drained or cannoli filling will be too loose to pipe cleanly. Zabaglione must be fully cooled before folding into mascarpone or the cream will split. Cannoli shells absorb moisture quickly - keep unfilled until the final moment. tiramisu portions can be made day prior for best set.

Roving Tiramisu Portions

Individual espresso-soaked mascarpone small bowls - roving dessert service

Dessert | Assemble / No-Cook | Vegetarian | Riviera Table / Offsite

Sections: Riviera Table / Offsite: Canape Packages

Yield	40 individual 80-100 ml small bowls
Method	Assemble / No-Cook
Label	tiramisu portions
Recipe ID	roving-tiramisu-small bowls

Elements

Tiramisu Cup

Ingredients

Qty	Ingredient / prep
1 kg	Mascarpone 1Kg
500 g	Ricotta - drained
200 g	Icing Sugar - sifted
8 g	Freeze Dried Coffee - dissolved in 100 ml warm water - concentrate
200 ml	Thickened Cream - lightly whipped
1 pkt	Savoiardi biscuits - use vanilla wafer or sponge fingers
100 ml	Coffee Chocolate Cream - or Kahlua - for soaking
20 g	Dukkah Mix - use cocoa powder for dusting - not dukkah
30 g	Vanilla Sugar - for assembly

Prep method

1. Tiramisu Cream: Beat mascarpone and drained ricotta together until smooth. Add sifted icing sugar and coffee concentrate. Fold in lightly whipped cream. Chill.
2. Soak sponge fingers briefly in coffee liqueur (1-2 seconds per side - do not over-soak or they disintegrate).
3. Assembly: In each cup, place 1 soaked sponge finger broken to fit. Pipe or spoon a generous layer of cream. Place another half sponge finger. Add another cream layer to the rim.
4. Dust with cocoa powder through a fine sieve.
5. Cover and refrigerate minimum 2 hours before service - cream firms up.

On the day / service

1. Serve on a tray with small dessert spoons. Pass through the crowd for roving service.
2. small bowls should be chilled - serve directly from a refrigerated tray or ice bath.
3. For roving dessert service: send out 2 trays of 5000 ml, alternating with roving cannoli.
4. Garnish with a dusting of extra cocoa at service if small bowls have been refrigerated.

Notes

Separate from the Roving Cannoli & Tiramisu combined service. This is the standalone tiramisu portion format for when tiramisu is served solo roving.

Greek Spiced Roast Lamb Leg

Overnight Marinated · Garlic-Studded · Slow-Roasted · Oregano & Lemon Pan Jus

Main | Roast | lamb | Riviera Table / Offsite
Sections: Riviera Table / Offsite: Carvery Buffet

Yield	20 portions
Method	Roast
Label	Roast Lamb
Recipe ID	greek-spiced-roast-lamb

Elements

Slow-Roasted Lamb Leg | Oregano & Lemon Pan Jus | Fresh Oregano Garnish

Ingredients

Qty	Ingredient / prep
2 pc	Lamb Legs - bone-in, ~2.5 kg each - sourced from same supplier batch for even cooking time; remove from coldroom 45 min before roasting to temper
50 g (approx. 10 cloves)	Garlic - peeled, cut into 6 mm slivers - stud deep into flesh every 5 cm; garlic on the surface burns during uncovered roasting
4 pc	Lemons - zest of all 4 into marinade; juice of 3 (approx 90 ml) reserved for deglazing; juice of 1 reserved for finishing at service
20 g	Dried Oregano - good quality - rub into marinade; stale dried oregano contributes nothing
5 g	Ground Cinnamon - 5 ml - do not substitute cassia; it is sharper and will overwhelm
5 g	Ground Cumin - half 5 ml - supports the cinnamon, adds warmth depth absent from the original
5 g	Sweet Paprika - half 5 ml - assists colour development and adds mild sweetness
90 ml	Extra Virgin Olive Oil - for marinade rub - coat the leg completely
15 g	Fine Salt - season generously into the marinade and directly into the stud holes - salt must penetrate the flesh, not just sit on the surface
5 g	Freshly Cracked Black Pepper
400 ml	Lamb or Chicken Stock - good quality, unsalted - for roasting tray; increases depth of pan jus over plain water
100 ml	Dry White Wine - for deglazing after roast - adds acid and lifts fond
50 g (approx. 1 bunch)	Fresh Oregano - picked leaves - garnish at service
30 ml	Lemon Juice - reserved from 1 lemon - finish jus off heat at service

Prep method

1. **STUD:** Using a small paring knife, pierce the lamb legs all over - deep cuts, 4-5 cm depth, spaced every 5 cm across both legs. Push a garlic sliver into each hole, ensuring it is fully submerged in the flesh. Garlic left proud of the surface will char bitterly during the uncovered roasting phase.
2. **MARINADE:** Combine lemon zest from all 4 lemons, dried oregano, ground cinnamon, ground cumin, sweet paprika, olive oil, fine salt, and black pepper. Mix to a paste. Rub the entire surface of both legs thoroughly - under any flap of fat, into the shank end, over the bone knuckle. Place in a deep tray, cover tightly with cling film, and refrigerate overnight - minimum 12 hours, 24 hours optimal. Remove from coldroom 45 min before roasting.
3. **ROASTING TRAY SETUP:** Place legs in a deep roasting tray - they should fit without touching. Pour 400 ml stock around, not over, the legs. Cover tightly with two layers of heavy-duty foil, crimped at the edges - any steam escape will dry the meat and stall the braise.
4. **SLOW ROAST - COVERED:** Conventional oven at 160deg C. Roast covered for 3.5 hours. At the 3-hour mark, probe the thickest part of the leg away from the bone - target 80deg C internal. If not yet at 75deg C, continue covered for a further 20 min and re-probe.
5. **COLOUR - UNCOVERED:** Remove foil. Increase oven to 200deg C. Roast uncovered for 20-25 min until skin is deep golden brown and caramelised. Watch closely - the sugars in the lemon zest and paprika will colour fast. Internal temperature target: 88-92deg C for pull-apart texture. Do not probe at the bone - bone conducts heat and will give a false high reading.
6. **REST:** Remove from oven. Tent loosely with foil - not tight, or steam will soften the crust. Rest minimum 25 min. For a 2.5 kg leg, resting is critical - carving early loses 15-20% of the yield as juice on the board.
7. **PAN JUS:** While lamb rests, deglaze roasting tray on the stovetop over high heat with 100 ml white wine. Scrape the fond vigorously - this is where the flavour lives. Add 90 ml reserved lemon juice. Reduce by half. Strain through a fine sieve into a small saucepan. Skim fat from surface. Taste - adjust salt. If thin, reduce further. Finish with 30 ml lemon juice off heat at service for brightness. Jus should be glossy and full-flavoured, not watery.
8. **CARVE:** For plated service - carve the leg against the grain into 80-100 g slices. For buffet - pull the meat in chunks, discarding sinew. Arrange on GN tray, ladle jus over, keep covered and hot in the kick oven at 70deg C.
9. **HOLD:** Carved lamb holds in jus in the kick oven at 70deg C for up to 45 min before drying. Do not hold uncovered.

On the day / service

1. **Plated service:** 2-3 slices or a generous pulled portion per plate, jus spooned at pass - 30-40 ml per portion. Finish with a squeeze of fresh lemon juice and fresh oregano leaves.
2. **Buffet:** full leg carved tableside for effect, or pulled GN with jus poured over in the kick oven. Label clearly.
3. For 20 covers from 2 legs: each leg yields approximately 10 plated portions at 100 g served meat. Confirm yield from your supplier's legs before service.
4. **Two-person kitchen:** one carves and plates, one ladles jus and garnishes. Do not let the lamb sit plated without jus - it dries immediately.

Notes

COUNCIL NOTES - Spice profile expanded with ground cumin and sweet paprika: the original recipe was underseasoned for the Greek profile and relied solely on cinnamon, oregano, and lemon. These additions do not overpower; they complete the aromatics. Garlic quantity increased from 8 to 10 cloves and the instruction to stud deep into the flesh has been made explicit - surface garlic burns at 200deg C and turns acrid. Stock increased from 300 ml to 400 ml and water replaced with stock - water produces a thin, flat jus; the fond deserves better. White wine deglazing step added - essential for lifting the fond and adding

acid structure to the jus. Rest time increased from 20 min to 25 min minimum. Jus finishing with fresh lemon juice off heat specified at 30 ml - this is the brightness that makes the dish sing; without it the jus is heavy and one-dimensional. Internal temperature range corrected to 88-92deg C and probe technique (away from bone) specified - bone proximity falsifies the reading. Kick oven hold method added for buffet service: this is a two-person kitchen and the lamb must be managed correctly across a service window.

Lemon, Thyme & Garlic Roast Chicken

Golden whole-bird roast - carvery and buffet format

Main | Roast | Gluten-Free | Dairy-Free | chicken | Riviera Table / Offsite
Sections: Riviera Table / Offsite: Carvery Buffet

Yield	40 serves @ 150 g - approx. 10-12 whole birds
Method	Roast
Label	Roast Chicken
Recipe ID	lemon-thyme-garlic-roast-chicken-carvery

Elements

Roast Chicken Portions | Roasting Jus

Ingredients

Qty	Ingredient / prep
12 pc	Chicken Thighs Fillets - or 10-12 whole birds (1.4-1.6 kg)
200 g	Crushed Garlic
2 pkt	Thyme - leaves stripped
4 pc	Lemons - zest and juice
150 ml	Tuscan Oil
25 g	Table Salt
10 g	Ground Black Pepper
500 ml	Jus - for serving

Prep method

1. Combine Tuscan Oil, crushed garlic, thyme leaves, lemon zest and juice, salt and pepper to form a marinade.
2. If using whole birds: loosen skin from breast with fingers and push marinade under the skin as well as coating the outside. If using thigh fillets: coat well and marinate overnight in coldroom.
3. Preheat oven to 200deg C. Place birds/fillets on oven trays with a wire rack. Roast whole birds 60-75 minutes, thigh fillets 25-30 minutes, until skin is deep golden and internal temperature reaches 82deg C at the thickest point.
4. Rest for 10-15 minutes. For whole birds: carve breast from bone and separate legs/thighs. For fillets: slice on the bias.
5. Heat jus from frozen and season. Skim any fat.

On the day / service

1. Carvery: present golden portions in gastronorm pan. Serve jus alongside in a sauce boat or ladle.
2. Buffet: fan portions on hotel pan, drizzle with pan juices. Garnish with thyme sprigs and lemon wedges.
3. Hold at 65deg C maximum 30 minutes before quality declines. Do not cover tightly - steam softens the skin.

Notes

Key carvery, buffet, and feasting format. Works with whole birds for presentation, or thigh fillets for volume speed.

Tender Thyme & Garlic Roast Beef

Tempranillo Reduction, Gremolata - carvery and feasting format

Main | Roast | Gluten-Free | Dairy-Free | beef | Riviera Table / Offsite | Weddings

Sections: Riviera Table / Offsite: Carvery Buffet, Riviera Table / Offsite: Feasting - Shared to Table, Weddings: Amalfi Package, Weddings: La Tavola Package

Yield	40 serves @ 150-180 g each - approx. 3 whole roasts
Method	Roast
Label	Roast Beef
Recipe ID	roast-beef-thyme-garlic-carvery

Elements

Sliced Roast Beef | Tempranillo Reduction | Gremolata

Ingredients

Qty	Ingredient / prep
8 kg	Carvery Beef, Cooked - defrosted in coldroom 24h
300 g	Crushed Garlic - for gremolata
1 pkt	Thyme - leaves stripped
100 ml	Tuscan Oil
20 g	Table Salt
10 g	Ground Black Pepper
750 ml	Red Wine Cooking Wine - for reduction
500 ml	Jus - from freezer, defrosted
1 pkt	Flat Leaf Parsley - finely chopped
3 pc	Lemons - zest and juice

Prep method

1. Defrost carvery beef in the coldroom for a minimum 24 hours. Pat dry with paper towel.
2. Combine Tuscan Oil, crushed garlic, thyme leaves, salt and pepper. Rub mixture all over the beef. Allow to marinate refrigerated for a minimum 2 hours or overnight.
3. Preheat oven to 180deg C (fan). Roast beef on a rack over a deep tray for approximately 45-60 minutes until internal temperature reaches 58-60deg C (medium-rare finish for carvery). Rest covered with foil for a minimum 20 minutes - temperature will rise to 62-65deg C.
4. Tempranillo Reduction: Combine red wine cooking wine and defrosted jus in a saucepan. Bring to a boil then reduce over medium heat by approximately half until glossy and sauce-like. Season to taste.
5. Gremolata: Combine finely chopped flat leaf parsley, lemon zest, lemon juice and crushed garlic. Season with salt and pepper.
6. Slice beef against the grain at service - for carvery carve thick slices (12-15mm); for feasting cut thinner (8-10mm).

On the day / service

1. Carvery: present whole roast on a carving station. Carve to order, 2-3 thick slices per guest. Serve jus and gremolata separately.
2. Feasting/buffet: slice in kitchen, fan out on a hotel pan lined with parchment. Drizzle with reduction. Garnish with gremolata and serve warm.
3. Hold at 65deg C in bain marie. Carve no more than 20 minutes ahead of service - beef dries quickly once sliced.

Notes

Uses pre-cooked carvery beef from stock (Bidfood) for speed and volume consistency. Rest is critical - do not slice before minimum 20 minutes resting.

Sicilian Citrus & Herb Roast Pork

Apricot Compote - carvery buffet main

Main | Roast | Gluten-Free | Dairy-Free | pork | Riviera Table / Offsite
Sections: Riviera Table / Offsite: Carvery Buffet

Yield	40 serves @ 150-180 g - approx. 1 x 7-8 kg pork leg or 2 x 4 kg bellies
Method	Roast
Label	Roast Pork
Recipe ID	sicilian-roast-pork-apricot

Elements

Sliced Roast Pork | Apricot Compote

Ingredients

Qty	Ingredient / prep
7 kg	Pork Belly (Frozen) - defrosted 24h in coldroom
4 pc	Oranges - zest and juice
4 pc	Lemons - zest and juice
200 g	Crushed Garlic
1 pkt	Thyme - leaves stripped
1 pkt	Fresh Oregano - leaves stripped
150 ml	Tuscan Oil
20 g	Table Salt
10 g	Ground Black Pepper
500 g	Dried Apricots - finely chopped, for compote
200 ml	Orange Juice - for compote
100 ml	White Wine Cooking Wine - for compote
30 g	Brown Sugar - for compote

Prep method

1. Combine Tuscan Oil, citrus zest and juice, garlic, thyme, oregano, salt and pepper. Rub marinade over the pork, working it into any natural pockets or scoring. Marinate overnight in coldroom.
2. Preheat oven to 160deg C. Place pork on a rack in a deep roasting tray. Roast belly for 2.5-3 hours until completely tender and internal temperature reaches 82deg C. In the final 20 minutes, increase oven to 220deg C to crisp the surface.
3. Apricot Compote: Combine dried apricots, orange juice, white wine and brown sugar in a saucepan. Simmer over low heat for 15-20 minutes until the apricots are soft and the compote is jammy. Cool and adjust sweetness.
4. Rest pork for 20 minutes under loose foil before slicing. Slice 12-15 mm thick for carvery or thinner for buffet.

On the day / service

1. Carvery: carve at the station, 2-3 slices per guest. Serve apricot compote alongside in a ramekin or sauce boat.
2. Buffet: arrange slices on hotel pan. Serve apricot compote in a small gastro alongside.
3. Hold at 65deg C. Pork belly is robust - holds quality well for 45-60 minutes in bain marie.

Notes

Carvery buffet format. Sicilian refers to the citrus-herb marinade style - orange and lemon with oregano and thyme.

Mild Hot Honey

Thyme · Chilli Flakes · Lemon

Sauce | Sauce / Base | Infuse | Gluten-Free | Dairy-Free | Riviera Table / Offsite | Weddings

Sections: Riviera Table / Offsite: Carvery Buffet, Riviera Table / Offsite: Feasting - Shared to Table, Weddings: Amalfi Package, Weddings: La Tavola Package

Yield	3 kg honey batch
Method	Infuse
Label	Hot Honey
Recipe ID	mild-hot-honey

Elements

Infused Honey

Ingredients

Qty	Ingredient / prep
3 kg	Honey
6 g	Chilli Flakes - approx. 30 ml - adjust to heat preference
18-24 sprigs	Fresh Thyme - whole sprigs
6 pc	Lemons - zest finely microplaned - no white pith
75 ml	Lemon Juice - freshly squeezed, approx. 2-3 lemons - add to taste after infusion

Prep method

1. Combine honey, chilli flakes, thyme sprigs and lemon zest in a heavy-based saucepan.
2. Warm over low heat, stirring gently, until honey reaches approximately 60-65deg C. Maintain this temperature for 10 minutes to infuse - do not allow to simmer or boil, as this will destroy the aromatic compounds and darken the honey.
3. Remove from heat. Rest uncovered for 15-20 minutes to continue infusing as it cools.
4. Taste for heat level and herb character. Strain through a fine sieve to remove thyme sprigs and chilli flakes if a smooth finish is preferred, or leave unstrained for a rustic pour.
5. Once cooled to below 40deg C, stir in lemon juice to taste - start with 60 ml and adjust.
6. Cool fully to room temperature. Transfer to clean sealed squeeze bottles or jars. Label with batch date.

On the day / service

1. Use as a mild sweet-heat drizzle over proteins, canapés and platters.
2. Serve at room temperature - honey thickens when cold. If too thick for service, warm the bottle briefly in warm water.
3. Apply as a finishing drizzle, not a cooking glaze - heat will destroy the lemon and thyme aromatics.

Notes

Mild heat profile by design. For a medium-heat version, increase chilli flakes to 10 g. The 60-65deg C infusion temperature is important - use a probe thermometer to confirm. Honey held at stable room temperature in sealed containers keeps well for up to 4 weeks. Refrigeration is not required but will extend shelf life - warm before service if refrigerated.

Creamy Potato Gratin

Layered · Cream · Gruyère

Side | Bake | vegetarian | Riviera Table / Offsite

Sections: Riviera Table / Offsite: BBQ Buffet, Riviera Table / Offsite: Carvery Buffet

Yield	20 portions
Method	Bake
Label	Potato Gratin
Recipe ID	creamy-potato-gratin

Elements

Potato Layers | Cream Sauce | Gruyère Crust

Ingredients

Qty	Ingredient / prep
3 kg	Sebago or Desiree Potatoes - peeled, sliced 3mm on mandoline
600 ml	Thickened Cream
400 ml	Milk
20 g (approx. 4 cloves)	Garlic - microplane or fine grate
250 g	Gruyère - grated - 150 g in cream mix, 100 g for top
5 ml	Nutmeg - freshly grated
30 g	Butter - greasing tray
12 g	Fine Salt
5 ml	White Pepper - ground

Prep method

- CREAM MIX:** Combine cream, milk, garlic, nutmeg, salt and white pepper in a saucepan. Bring to a bare simmer over medium heat. Remove from heat - do not boil. Stir in 150 g grated gruyère until melted.
- LAYER:** Butter a deep gastronorm tray (2/3 GN or equivalent). Layer potatoes in overlapping shingles, seasoning lightly between each layer. Pour hot cream mix over - potatoes should be just submerged. Press down gently.
- BAKE:** Cover tightly with foil. Bake at 170deg C conventional for 60-70 min until potatoes are tender when probed with a skewer. Remove foil, scatter remaining 100 g gruyère over top. Return uncovered for 20-25 min until golden and bubbling.
- COOL & PORTION:** Rest uncovered for 20 min before portioning. Use a sharp knife and flat spatula for clean rectangular cuts. Portion into 20 equal pieces, approx 150 g each.

On the day / service

- Portions can be reheated individually in a 180deg C oven for 8-10 min or in a bain marie at 85deg C.
- Hold hot in bain marie covered with lid or foil, max 90 min before quality drops.
- Garnish with a small sprig of fresh thyme or chives at pass if plating to plate.

Notes

Sebago gives better starch binding than Desiree - use Sebago if available. Consistent 3mm slicing is critical for even cook; uneven slices cause underdone layers. Warming the cream mix before pouring helps the top layer cook evenly. Do not skip the rest before portioning - hot gratin will collapse.

Garlic & Herb Chat Potatoes with Feta Cream

Roasted Chat · Herb Oil · Whipped Feta

Side | Roast | vegetarian | Riviera Table / Offsite
Sections: Riviera Table / Offsite: Carvery Buffet

Yield	20 portions
Method	Roast
Label	Chat Potatoes & Feta
Recipe ID	garlic-herb-chat-potatoes-feta

Elements

Roasted Chat Potatoes | Herb Oil | Whipped Feta

Ingredients

Qty	Ingredient / prep
2.5 kg	Chat Potatoes - washed, halved
40 g (approx. 8 cloves)	Garlic - smashed, skin on
160 ml	Extra Virgin Olive Oil - for herb oil
8 g (approx. 4 sprigs)	Rosemary - leaves stripped or whole sprigs for tray
6 g (approx. 6 sprigs)	Thyme - whole
10 g	Fine Salt
300 g	Danish Feta - crumbled
100 ml	Thickened Cream
30 ml	Lemon Juice - freshly squeezed
5 ml	Lemon Zest
60 g (approx. 1 bunch)	Flat Leaf Parsley - leaves only, fine chop - for herb oil
1 small clove	Garlic - microplane - for herb oil
to taste	Salt & Pepper

Prep method

- POTATOES:** Toss halved chats in olive oil, smashed garlic, rosemary, thyme, salt and pepper. Spread cut-side down on lined roasting trays - do not overcrowd. Roast at 210deg C fan-forced (or 220deg C conventional) for 30-35 min until deep golden and crisp on the cut face. Do not stir during roasting.
- WHIPPED FETA:** Blitz feta, cream, lemon juice and zest in food processor until smooth and aerated, approx 90 seconds. Adjust seasoning - note feta is salty, taste before adding salt. Refrigerate until needed; remove 10 min before service.
- HERB OIL:** Blend parsley leaves, EVOO and microplaned garlic. Season with salt. Pass through a fine sieve for a clean oil, or leave rustic for a sauce consistency. Make same day.
- PLATING:** Spread whipped feta across base of warm serving platter or bowl. Pile roasted chats over. Drizzle herb oil generously. Finish with a few extra fresh parsley leaves and flaked salt if desired.

On the day / service

- Best served immediately from oven. If holding, keep potatoes on tray and re-crisp at 220deg C for 5 min before plating.
- Whipped feta can be made up to 24 hours ahead - store covered in coldroom.
- Herb oil made same day; store at room temp in a squeeze bottle for easy service.

Notes

Danish feta gives a creamier, less grainy result than Greek block feta for the whip. Reduce cream to 80 ml if feta is very wet. Do not crowd roasting trays or potatoes will steam rather than roast - use two trays if needed.

Honey-Thyme Roasted Carrots

With Pistachios - carvery buffet side

Side | Roast | Gluten-Free | Vegan | Riviera Table / Offsite

Sections: Riviera Table / Offsite: Carvery Buffet

Yield	40 serves @ 80-100 g each
Method	Roast
Label	Roasted Carrots
Recipe ID	honey-thyme-roasted-carrots-pistachio

Elements

Roasted Carrots | Honey-Thyme Glaze | Pistachios

Ingredients

Qty	Ingredient / prep
5 kg	Roasted Sweet Potatoes - use whole carrots - peeled, halved lengthwise
150 ml	Pure Honey
80 ml	Tuscan Oil
2 pkt	Thyme - leaves stripped
200 g	Pistachios Kernels - roughly chopped
20 g	Table Salt
5 g	Ground Black Pepper

Prep method

1. Peel and halve carrots lengthwise. Toss well with Tuscan Oil, salt and pepper.
2. Spread in a single layer on lined baking trays. Roast at 200deg C for 25-30 minutes until tender and beginning to caramelise at the edges.
3. In the final 5 minutes, drizzle honey over the carrots and scatter thyme leaves. Return to oven and roast until sticky and glazed.
4. Remove from oven. Scatter over chopped pistachios while still warm.

On the day / service

1. Serve warm in a hotel pan. Can hold at 65deg C for up to 30 minutes.
2. Garnish with extra thyme and pistachios at service.
3. For plated: fan 4-5 carrot halves on the plate. Drizzle with any collected honey from the pan.

Notes

Carvery and feasting buffet side. Sweet, nutty and aromatic - pairs well with roast lamb and chicken.

Roast Root Vegetable Salad

Cinnamon-Maple Nuts - warm salad for carvery buffet

Side | Roast | Gluten-Free | Vegan | Riviera Table / Offsite

Sections: Riviera Table / Offsite: BBQ Buffet, Riviera Table / Offsite: Carvery Buffet

Yield	40 serves @ 100 g each
Method	Roast
Label	Roast Root Veg Salad
Recipe ID	roast-root-veg-salad-cinnamon-maple

Elements

Roasted Root Vegetables | Cinnamon-Maple Nuts | Herb Dressing

Ingredients

Qty	Ingredient / prep
2 kg	Roasted Sweet Potatoes - use kumara/sweet potato - peeled, 3 cm dice
1.5 kg	Pumpkin Seeds - use pumpkin/butternut - peeled, 3 cm dice
1 kg	Red Onions - quartered
150 ml	Tuscan Oil
20 g	Table Salt
8 g	Ground Black Pepper
200 g	Walnuts - roughly chopped
60 ml	Maple Syrup
5 g	Ground Cinnamon
2 pkt	Flat Leaf Parsley - roughly chopped
80 ml	Balsamic Glaze

Prep method

1. Toss sweet potato, pumpkin and red onion with Tuscan Oil, salt and pepper. Spread in single layers on lined baking trays.
2. Roast at 200deg C for 30-40 minutes until caramelised and tender, turning halfway.
3. Cinnamon-Maple Nuts: Toss walnuts with maple syrup and cinnamon. Spread on a lined tray and bake at 180deg C for 8-10 minutes until caramelised. Cool completely.
4. Combine roasted vegetables in a serving dish. Drizzle with balsamic glaze.
5. Scatter cinnamon-maple nuts and flat leaf parsley over the top.

On the day / service

1. Serve warm or at room temperature. Drizzle extra balsamic glaze at service.
2. Can be pre-roasted and re-warmed in the oven at 160deg C for 10 minutes before serving.
3. Scatter nuts last minute to maintain crunch.

Notes

Carvery buffet and BBQ buffet side. The cinnamon-maple nuts are the signature element - prepare them ahead and keep in an airtight container.

Roast Pumpkin & Pepita Salad

Balsamic Glaze - buffet salad

Side | Roast | Gluten-Free | Vegan | Riviera Table / Offsite | Parties | Funeral & Wake
Sections: Riviera Table / Offsite: BBQ Buffet, Riviera Table / Offsite: Carvery Buffet, Parties:
Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 serves @ 80-100 g each
Method	Roast
Label	Pumpkin Pepita Salad
Recipe ID	roast-pumpkin-pepita-salad-balsamic

Elements

Roast Pumpkin | Toasted Pepitas | Balsamic Glaze

Ingredients

Qty	Ingredient / prep
5 kg	Roasted Sweet Potatoes - use Kent/Jap pumpkin - peeled, 3 cm wedges
300 g	Toasted Pepitas
400 g	Feta Cheese Block - crumbled - optional
100 ml	Tuscan Oil
100 ml	Balsamic Glaze
1 pkt	Fresh Oregano - leaves only
20 g	Table Salt
8 g	Ground Black Pepper

Prep method

1. Toss pumpkin wedges with Tuscan Oil, salt and pepper. Spread on lined baking trays.
2. Roast at 200deg C for 30-35 minutes until tender and caramelised at edges.
3. Arrange roasted pumpkin on a serving platter or hotel pan. Drizzle generously with balsamic glaze.
4. Scatter toasted pepitas, oregano leaves and optional crumbled feta.

On the day / service

1. Serve warm or room temperature. Drizzle with extra balsamic at service.
2. For buffet: can hold at room temperature for up to 2 hours. Do not refrigerate - pumpkin becomes watery.

Notes

Appears across carvery buffet and BBQ buffet menus. Simple, visual and crowd-pleasing.

Pork & Italian Herb Sausages

Grilled for BBQ buffet service

Main | Grill / BBQ | Gluten-Free option | pork | Riviera Table / Offsite
Sections: Riviera Table / Offsite: BBQ Buffet

Yield	40 serves - 2 sausages per guest
Method	Grill / BBQ
Label	Pork Sausages
Recipe ID	pork-italian-herb-sausages

Elements

Grilled Pork Sausages

Ingredients

Qty	Ingredient / prep
80 pc	Sausage Rolls GF/DF - use Italian-style pork sausages - 80-100 g each; purchase ready-made
2 pkt	Fresh Oregano - for garnish
1 pkt	Flat Leaf Parsley - for garnish
2 pc	Lemons - wedges for service

Prep method

1. Use premium Italian herb pork sausages (sourced - see stock list). Do not prick sausages before cooking.
2. Preheat grill/BBQ to medium-high. Brush with Tuscan Oil.
3. Cook sausages for 12-15 minutes, turning regularly, until cooked through (internal temp 75deg C) and evenly browned all over.
4. Rest 3 minutes off heat before service.

On the day / service

1. Serve on a hotel pan or wooden board. Garnish with fresh oregano and parsley. Lemon wedges alongside.
2. For BBQ buffet: keep warm at 65deg C in bain marie or on the grill edge with lid.
3. Two sausages per guest is standard for BBQ buffet. Allocate 2.2 per guest production.

Notes

BBQ buffet main. Sourced from Bidfood premium range - do not substitute with cheap sausages for event service.

Creamy Lemon Caper Chicken

Pan-Seared Chicken Breast · Lemon Caper Cream Sauce · Herb Finish

Main | Pan + Sauce | chicken | Riviera Table / Offsite | Weddings
Sections: Riviera Table / Offsite: Plated Meals, Weddings: Taormina Package

Yield	20 portions
Method	Pan + Sauce
Label	Lemon Caper Chicken
Recipe ID	creamy-lemon-caper-chicken

Elements

Chicken Breast | Lemon Caper Cream Sauce

Ingredients

Qty	Ingredient / prep
20 pc	Chicken Breast Fillets - 180-200g each - sinew removed, butterflied or pounded to even 2cm thickness. Even thickness is mandatory for consistent cook across 20 portions.
80 g	Capers - drained, rinsed if salt-packed - roughly chopped if large, left whole if baby capers
3 pc	Lemons - juice only - 90ml approximate. Zest of 1 lemon reserved for finish
1 pc	Lemon - zest only, microplane - finish
400 ml	Thickened Cream
250 ml	Chicken Stock - hot
20 g (approx. 4 cloves)	Garlic - fine slice
2 pc	Eschalots - fine dice - essential for sauce depth
80 ml	Dry White Wine - Chardonnay or Pinot Gris
50 g	Butter - cold, cubed - 30g for sauce mount, 20g for pan
60 g (approx. 1 bunch)	Flat Leaf Parsley - fine chop - finish only
10 g	Fresh Tarragon - fine chop - optional, classical pairing with chicken and lemon
to taste	Salt Flakes & White Pepper - white pepper for cream sauce
30 ml	Olive Oil - for searing
5 ml	Dijon Mustard - 5 ml - stabilises cream emulsion

Prep method

1. PREP: Butterfly or pound chicken breasts to an even 2cm thickness between sheets of cling film. Pat completely dry. Season both sides with salt and white pepper immediately before cooking, not ahead - salting early draws moisture to the surface and inhibits the Maillard reaction.
2. SEAR (in batches): Heat a wide sauté pan over high heat until smoking. Add olive oil. Sear chicken presentation-side down first. Do not move for 3-4 min. Flip, sear 2 min on second side. Remove to a rack on a tray - do not stack.
3. OVEN FINISH: Transfer seared chicken to a preheated 180deg C oven. Cook to 72deg C internal temperature measured at the thickest point. Time will be 8-12 min depending on thickness. Remove at 72deg C - carryover will reach 74deg C during rest. Rest minimum 4 min. Do not cover tightly - steam will soften the sear.
4. SAUCE - AROMATICS: Without cleaning the sear pan, reduce heat to medium. Add 20g butter. Sweat eschalots until translucent, 3-4 min. Add garlic, cook 1 min - do not allow to colour. Add Dijon mustard, stir through.
5. SAUCE - DEGLAZE & BUILD: Deglaze with white wine, scraping all fond. Reduce until almost dry - 2-3 min. Add hot chicken stock, bring to a steady simmer, reduce by half, 6-8 min.
6. SAUCE - CREAM: Add cream. Reduce over medium heat until sauce coats the back of a spoon - approximately 30-35% reduction. Do not boil aggressively once cream is in.
7. SAUCE - FINISH: Remove pan from heat completely. Add lemon juice (start with 60ml, taste, adjust). Add capers. Mount with cold cubed butter, swirling the pan. Do not return to heat after butter is added. Season with salt and white pepper. Add lemon zest.
8. HOLD FOR EVENT: Do not add lemon juice or butter until service. Hold cream reduction in a bain marie at 65deg C. Finish each GN portion with lemon, butter and capers at the pass.

On the day / service

1. GN EVENT: Slice chicken on an angle into 3-4 pieces. Arrange in tray. Ladle sauce over - 80-90ml per portion. Scatter capers, finish with parsley and lemon zest. Hold at 72deg C maximum.
2. PLATE SERVICE: Pool 80ml sauce in base of warm plate. Fan 3 slices of chicken on sauce. Capers scattered across chicken. Parsley and lemon zest finish.
3. CRITICAL: Do not hold sauce above 75deg C after lemon juice has been added - acid destabilises the cream emulsion. Add lemon juice only at the pass, not in the bain marie.

Notes

Primary failure mode: sauce breaking in the bain marie after lemon is added. Mitigation: hold cream reduction unseasoned and without lemon; finish each batch portion at the pass with lemon juice, cold butter, and capers. Dijon mustard acts as an emulsifier and stabilises the cream sauce under heat stress. White pepper is specified over black - cream sauces are visually ruined by black specks. Eschalots replace rough garlic-in-pan - provide a sweeter, more refined base appropriate for a cream sauce.

Fillet of Beef with Tempranillo Reduction

Eye Fillet · Tempranillo & Demi-Glace Jus · Broccolini

Main | Sear + Roast | beef | Riviera Table / Offsite | Weddings
Sections: Riviera Table / Offsite: Plated Meals, Weddings: Taormina Package

Yield	20 portions
Method	Sear + Roast
Label	Beef Fillet
Recipe ID	fillet-beef-tempranillo

Elements

Beef Fillet | Tempranillo Jus | Broccolini

Ingredients

Qty	Ingredient / prep
4 kg	Eye Fillet - trimmed of all silverskin and chain - do not remove all surface fat but remove sinew. Portion into 180-200g steaks cut from the centre and upper tail. Tie with butcher's twine to maintain cylinder shape if steaks are from the wider section.
750 ml	Tempranillo - drinking quality, dry - Grenache-Tempranillo blend acceptable. Do not use cheap cooking wine; at this reduction ratio the flaws concentrate.
500 ml	Veal Demi-Glace - quality commercial or house-made - must be glossy and fully gelatinised at room temperature. If thin or liquid, reduce separately before use.
3 pc	Eschalots - fine slice - jus base
3 g (approx. 3 sprigs)	Thyme
1 pc	Bay Leaf
5 pc	Black Peppercorns - lightly cracked
70 g	Butter - cold, unsalted, cubed - jus mount; for broccolini finish
700 g	Broccolini - 1 bunch per 4 portions approximate - trimmed, 2cm of base removed
10 g (approx. 2 cloves)	Garlic - fine slice - for broccolini
50 ml	Olive Oil - for searing beef; for broccolini
Salt Flakes & Cracked Pepper	Seasoning - flaky salt for beef crust specifically
5 ml	Red Wine Vinegar - optional acid correction for jus at finish

Prep method

- JUS - MAKE AHEAD** (day before or morning of service): Sweat eschalots in a small saucepan over medium heat until soft and translucent, 4-5 min. Add cracked peppercorns, thyme and bay leaf. Add Tempranillo, bring to a steady boil, reduce by two-thirds - 20-25 min. The wine must fully reduce or it carries a raw, tannic harshness into the finished jus. Add demi-glace. Reduce over medium heat until jus coats the back of a spoon with a clean line and is slightly syrupy. Strain through a fine chinois. Refrigerate. The jus should set to a loose gel when cold - if it does not, your demi was too weak.
- JUS - SERVICE FINISH**: Reheat strained base to a gentle simmer. Do not boil aggressively. Remove from heat, mount with cold butter cubes by swirling or whisking in. The jus should be glossy, lightly coating, deeply coloured. Hold in a bain marie at 65deg C with cling film on the surface to prevent skinning. Mount with butter only at service time.
- BEEF - TEMPER**: Remove portioned fillets from coldroom 40-45 min before service. Place on a rack at room temperature. Season generously with salt flakes and cracked pepper on all faces immediately before searing - not earlier.
- BEEF - SEAR**: Heat a cast iron or heavy-base pan over the highest available heat until it begins to smoke lightly. Add olive oil. Sear fillets in batches of 4-5 maximum. Each fillet needs 2-3 min per side and a brief sear on the rounded edges - total 8-10 min per batch. Between batches, wipe the pan of charred debris with a folded cloth, reheat, add fresh oil.
- BEEF - OVEN**: Transfer all seared fillets to a wire rack set over a tray. Place in oven at 200deg C (not fan-forced). Probe target: remove at 52deg C for medium-rare service. Carryover during rest will take to 55-57deg C. Time: 8-12 min depending on thickness. Do not rely on time alone - use a probe on every batch.
- BEEF - REST**: Remove from oven, tent loosely with foil - not sealed tight. Rest minimum 8 min, ideally 10 min.
- BROCCOLINI**: Blanch in heavily salted boiling water for 90 seconds. Refresh immediately in iced water. Drain and dry on paper. At service: heat a wide pan over high heat, add olive oil and garlic slices - cook 30 seconds until fragrant but not coloured. Add broccolini, toss to coat and heat through 2 min. Add butter, season, toss once more. Serve immediately.

On the day / service

- PLATE TO ORDER**: This dish must be plated at the pass, not held in a GN. Eye fillet at medium-rare is not a bain-marie dish. Two-person team: one person slicing and placing beef, one person saucing and adding broccolini.
- PLATE BUILD**: Warm plate. Broccolini placed first as a base or to one side. Fillet (whole or sliced on the bias into 2-3 pieces) placed on or alongside. Jus spooned or poured table-side from a small warm jug - 40-50ml per portion. Salt flakes on the cut face of the beef only.
- TIMING AT 80 COVERS**: Sear beef in batches from 30 min before service start. Do not put all 20 portions in oven simultaneously - a loaded oven drops temperature. Preheat to 210deg C and allow for recovery between batches.
- REST HOLD**: Seared-and-rested fillets can hold at 58deg C in a low oven for up to 15 min before quality drop.

Notes

Probe every fillet individually - 52deg C out of oven, 55-57deg C at plate. Rest is non-negotiable - 8 min minimum on a rack, not a flat tray. Jus must be mounted with butter off heat only - a broken jus on eye fillet at an event is a presentation failure. Tempranillo is the correct wine choice - dried-fruit and earthy tannin that complements beef without the jammy sweetness of Shiraz. Red wine vinegar (5ml) is flagged as optional acid correction at finish - add drop by drop if jus reads sweet-heavy.

Riviera Tiramisu

Espresso-Soaked Savoiardi · Pasteurised Zabaglione · Mascarpone · Hazelnut Biscotti

Dessert | Set | vegetarian | Riviera Table / Offsite
Sections: Riviera Table / Offsite: Plated Meals

Yield	20 portions
Method	Set
Label	Tiramisu
Recipe ID	riviera-tiramisu-biscotti-hazelnut

Elements

Espresso-Soaked Savoiardi | Mascarpone Cream | Dutch Cocoa Dust | Hazelnut Biscotti

Ingredients

Qty	Ingredient / prep
500 g	Savoiardi - Ladyfingers - store in airtight container until assembly - humidity softens them before soaking
700 ml	Strong Espresso - brewed and cooled to room temperature - minimum 6 shots double espresso, or moka pot; instant is not acceptable
100 ml	Marsala or Coffee Liqueur - Marsala preferred for depth; Kahlúa acceptable - add to cooled espresso soak
6 pc	Egg Yolks - fresh, at room temperature - from 60 g eggs
150 g	Caster Sugar
30 ml	Marsala - additional - whisked into zabaglione during cooking for flavour and to assist pasteurisation
500 g	Mascarpone - at room temperature - cold mascarpone splits when folded into warm zabaglione
300 ml	Thickened Cream - 35% fat minimum, whipped to firm soft peaks - well chilled bowl and whisk
50 g	Dutch-Process Cocoa - sifted - dust generously; skimping looks amateurish
20 pc	Hazelnut Biscotti - to serve alongside - one per portion
2 g	Fine Salt - a pinch into mascarpone cream - elevates coffee and chocolate notes

Prep method

- ESPRESSO SOAK: Brew espresso and cool completely to room temperature - hot soak will pre-cook the savoiardi unevenly. Combine 700 ml cooled espresso with 100 ml Marsala or liqueur in a shallow dish or hotel pan wide enough to dip the biscuits lengthways.
- ZABAGLIONE - PASTEURISED METHOD: Combine 6 egg yolks, 150 g caster sugar, and 30 ml Marsala in a heatproof bowl. Whisk over a bain marie - water simmering, not boiling; bowl must not touch the water. Whisk continuously and vigorously until mixture reaches 82deg C on a probe thermometer - this is the pasteurisation point. The mixture will triple in volume, turn pale yellow, and fall from the whisk in a thick ribbon that holds for 3 seconds. Do not rush with high heat; scrambled zabaglione cannot be recovered. Remove from heat. Continue whisking off the heat for 2 min to begin cooling. Transfer bowl to an ice bath and whisk until the zabaglione cools to below 30deg C - approximately 8-10 min. Do not skip ice bath cooling; warm zabaglione melts the mascarpone.
- MASCARPONE CREAM: Add room-temperature mascarpone and a pinch of fine salt to the cooled zabaglione. Fold with a spatula in large strokes - 8-10 folds, no more. Mixture should be smooth and homogenous. Fold in whipped cream in two additions using the same technique. Final cream should be thick, aerated, and hold a soft mound. If the cream looks curdled or grainy, the zabaglione was too warm or the mascarpone too cold - do not proceed; the texture will not recover.
- ASSEMBLY - TRAY: Use a full 1/1 GN tray (65 mm deep) or individual glasses/portions. Working quickly and in batches: dip each savoiardi lengthways into the espresso soak - 1.5 seconds per side, no longer. They should be saturated but not collapsing. Lay in a single even layer, breaking biscuits to fill gaps if needed. Spread half the mascarpone cream evenly over biscuit layer - minimum 15 mm depth. Repeat with a second biscuit layer, then remaining cream. Smooth the top with a palette knife. Cream should reach the rim of the vessel.
- SET: Cover with cling film directly on the surface of the cream - prevents a skin and cocoa migration. Refrigerate minimum 6 hours, overnight strongly preferred. The mascarpone cream needs time to firm around the soaked savoiardi - less than 4 hours produces a sloppy portion that does not hold when plated.
- COCOA DUST: Dust with sifted Dutch-process cocoa at the point of plating only - never in advance. Cocoa applied early absorbs moisture from the cream and turns muddy and bitter. Use a fine-mesh sieve, held 20 cm above the surface, dust in two passes for even coverage.
- PORTION: For tray bake - use a hot dry knife, wiping between cuts. Each portion: approximately 8 cm x 5 cm. Cut 4 x 5 grid for 20 portions. For glasses - scoop with a warmed spoon.

On the day / service

- Plate individual portions or glasses. Dust cocoa at pass - never pre-dust.
- Place hazelnut biscotti to the side of or leaning against the portion - not on top where it will absorb moisture from the cream.
- For high-volume service: pre-cut portioned tray in coldroom, plate onto chilled plates at pass, dust cocoa, add biscotti, send immediately.
- Chilled plates are important - tiramisu softens fast on a warm plate at room temperature service.

Notes

COUNCIL NOTES - The original method omitted a pasteurisation temperature for the zabaglione, which is a food safety issue in a professional kitchen. Egg yolks over a bain marie without a target temperature is not sufficient - the mixture must reach 82deg C to be considered pasteurised. This has been corrected with a probe thermometer step. Espresso quantity increased from 600 ml to 700 ml - 500 g of savoiardi requires adequate soak volume for a full double-layer tray; running short mid-assembly means dry biscuit in the second layer. Mascarpone must be at room temperature; cold mascarpone added to even a properly cooled zabaglione will cause the cream to seize and grain. Minimum set time increased from 4 hours to 6 hours - 4 hours produces a soft, borderline unportionable result at service. Cocoa dusting must be at pass only, never in advance - this is non-negotiable. Hazelnut biscotti positioning corrected: do not place on top of the cream.

Strawberry Ricotta Cheesecake

Digestive Butter Base · Ricotta & Cream Cheese Filling · Macerated Strawberry

Dessert | Bake | vegetarian | Riviera Table / Offsite

Sections: Riviera Table / Offsite: Plated Meals

Yield	20 portions
Method	Bake
Label	Ricotta Cheesecake
Recipe ID	strawberry-ricotta-cheesecake-plate d

Elements

Digestive Butter Base | Baked Ricotta Filling | Macerated Strawberry | Icing Sugar Dust

Ingredients

Qty	Ingredient / prep
300 g	Digestive Biscuits - crushed to fine crumb - no large pieces, use food processor or rolling pin in bag
130 g	Unsalted Butter - melted, cooled slightly - not hot or crumb will fry
2 g	Fine Salt - add to base crumb mix - base needs seasoning
900 g	Ricotta - drained overnight in muslin in coldroom - target 800 g drained yield; weigh after draining
400 g	Cream Cheese - full fat, at room temperature minimum 1 hour - cold cream cheese causes lumps and over-beating
250 g	Caster Sugar - for macerated strawberries
4 pc	Eggs - at room temperature - cold eggs cause batter to seize
10 ml	Vanilla Extract - pure, not imitation
2 pc	Lemons - zest of both, juice of 1 (30 ml) - zest into batter, juice reserved for compote
20 ml	Cornflour - 15 g - stabilises the set, reduces cracking risk on a ricotta-heavy batter
500 g	Fresh Strawberries - hulled, quartered - extra quantity to account for trim loss and tasting
25 ml	Lemon Juice - for macerated strawberries
5 ml	Aged Balsamic Vinegar - for macerated strawberries - deepens flavour, optional but recommended
15 g	Icing Sugar - for dusting at pass

Prep method

- RICOTTA DRAIN - OVERNIGHT:** Place ricotta in muslin-lined colander over a bowl. Cover and refrigerate minimum 8 hours. Target yield 800 g drained. Discard whey. Wet ricotta produces a loose, curdled-looking bake that will not set cleanly.
- BASE:** Combine biscuit crumb, melted butter, and 2 g fine salt. Mix until crumb resembles wet sand - squeeze a handful; it should hold when pressed. Press firmly and evenly into base of lined 1/1 GN tray or into individual 8 cm rings to 5 mm depth. Use the base of a smaller tray or flat-bottomed measure to compact. Refrigerate 30 min minimum - not 20 min. An unchilled base will slip when batter is poured.
- FILLING:** In a stand mixer with paddle attachment, beat room-temperature cream cheese and caster sugar on medium speed until completely smooth - no lumps, approx 3 min. Scrape bowl. Add drained ricotta and beat on low just until combined - 30 seconds. Add eggs one at a time on lowest speed, incorporating fully between each addition. Add vanilla, lemon zest, 30 ml lemon juice, and 15 g cornflour sifted in. Mix on lowest speed until just combined - 20 seconds. Batter should be smooth and pourable. Do not over-beat; excess air causes the top to dome and crack during baking.
- WATER BATH SETUP:** Wrap the base of your baking vessel tightly in two layers of heavy-duty foil if using a springform or individual rings - water ingress ruins the base. Place in a deep roasting tray. Pour batter over chilled base. Fill roasting tray with boiling water to reach halfway up the sides of the cheesecake vessel.
- BAKE:** Conventional oven at 155deg C (not 160deg C - ricotta is more delicate than pure cream cheese). Bake 50-60 min for a full tray, 30-35 min for individual rings. The cheesecake is ready when the edges are set and there is a 5 cm diameter wobble in the centre when the tray is nudged - not sloshing, a slow jelly-wobble. Do not bake to fully set; it will continue cooking out of the oven.
- COOL:** Turn oven off. Prop door open with a wooden spoon - 10 cm gap. Leave cheesecake in the oven for 30 min. Then remove from water bath and cool to room temperature on a wire rack - minimum 1 hour. Transfer to coldroom. Refrigerate minimum 4 hours, overnight preferred before portioning. Rapid cooling causes cracking.
- PORTION:** For tray bake - use a hot dry knife (dip in hot water, wipe clean between cuts) to portion into 20 equal pieces. For rings - unmould cold, plate direct.
- MACERATED STRAWBERRIES:** Combine quartered strawberries, 50 g caster sugar, 25 ml lemon juice, and balsamic if using. Toss gently. Macerate at room temperature 20-30 min - not longer or berries collapse and release excess liquid. Taste: adjust lemon or sugar. Drain excess liquid before plating or it will pool on the plate and make the base soggy.
- HOLD:** Baked cheesecake holds 3 days covered in coldroom. Macerated strawberries: prepare fresh daily, maximum 1 hour ahead of service - do not hold overnight.

On the day / service

- Plate cheesecake portion to order. Spoon macerated strawberries alongside or over the top - not pooled underneath or the base softens.
- Dust lightly with icing sugar at pass.
- Plate should be dry - wipe any strawberry juice from the rim before sending.
- For plated service at 20 covers: pre-portion cheesecake in coldroom, hold on lined tray. Plate strawberries and dust at pass - two-person team can turn 20 covers in under 4 min.

Notes

COUNCIL NOTES - Two structural problems in the original: ricotta drain quantity was understated (900 g raw to yield 800 g drained) and oven temperature at 160deg C is too aggressive for a ricotta-dominant batter - 155deg C prevents premature protein seize on the ricotta. Cornflour added at 15 g stabilises the set without compromising texture - standard in Italian-style cheesecakes. Eggs and cream cheese must be at room temperature; cold dairy causes lumps that cannot be beaten out without over-aerating. Balsamic in the strawberry macerations is optional but recommended - it adds depth that lemon alone cannot

achieve. Drain macerated strawberry liquid before plating or the base becomes compromised mid-service. Base salt was missing from the original - it is essential for contrast against the sweet filling.

Duo of Cannoli Pistachio Cream · White Chocolate Ricotta · Twice-Dipped Crisp Shell Dessert Pipe + Assemble vegetarian Riviera Table / Offsite Sections: Riviera Table / Offsite: Plated Meals	
Yield	40 pieces (20 of each)
Method	Pipe + Assemble
Label	Duo Cannoli
Recipe ID	duo-cannoli-pistachio-white-chocola te

Elements

Cannoli Shell | Pistachio Cream | White Chocolate Ricotta | Crushed Pistachio Dip | White Chocolate Shard Dip

Ingredients

Qty	Ingredient / prep
40 pc	Cannoli Shells - medium, pre-made - check for cracks before service, store airtight until fill
500 g	Ricotta - drained overnight in muslin over a colander in the coldroom; weigh after draining - target 400 g drained yield
130 g	Icing Sugar - sifted, for white chocolate ricotta filling; sifted, for pistachio cream; extra, for dusting at pass
90 g	White Chocolate - chopped, melted over bain marie to 45deg C, cooled to 28deg C before folding
180 g	Pistachio Paste - 100% pure, unsweetened - taste before use, adjust sugar if paste is sweetened
250 ml	Thickened Cream - whipped to firm soft peaks - 35-37% fat, well chilled before whipping
50 g	Crushed Pistachios - toasted at 160deg C for 8 min, cooled, coarsely crushed - garnish for white choc ricotta ends
50 g	White Chocolate Shards - tempered shards or finely chopped block - garnish for pistachio cream ends
2 g	Fine Salt - fleur de sel preferred - brightens both fillings
1 pc	Lemon - zest only - fold into white chocolate ricotta filling to cut richness

Prep method

1. RICOTTA DRAIN - OVERNIGHT: Place ricotta in muslin-lined colander over a bowl. Cover and refrigerate overnight minimum 8 hours. Weigh drained ricotta before use - you need 400 g. Discard whey. If ricotta is still wet, press lightly for 30 min more. Wet ricotta will collapse the filling within minutes of piping.
2. WHITE CHOCOLATE RICOTTA: In a cold bowl, beat drained ricotta with 80 g sifted icing sugar and 1 g fine salt until smooth - do not aerate excessively. Fold in cooled white chocolate (28deg C) in two additions. Add lemon zest. Fold through 125 ml of the whipped cream in two stages using a spatula - cut and fold, do not stir. Filling should be smooth and hold a ribbon. Taste - adjust sweetness. Transfer to piping bag fitted with 12 mm plain nozzle. Refrigerate until needed.
3. PISTACHIO CREAM: In a separate bowl, whisk pistachio paste with 40 g sifted icing sugar and 1 g fine salt until combined. Fold through remaining 125 ml whipped cream in two stages - same fold technique. Do not over-fold; the cream must remain aerated. Taste - pistachio paste varies in intensity and salt content. Transfer to piping bag fitted with 12 mm plain nozzle. Refrigerate until needed.
4. SHELL CHECK: Inspect all 40 shells for cracks. Discard any compromised. Do not fill more than 20 min before service - shells soften rapidly once in contact with moisture from the filling.
5. FILL SHELLS: Pipe white chocolate ricotta into 20 shells from both ends simultaneously, meeting in the middle - overfill slightly so filling crowns 2-3 mm proud at each end. Repeat with pistachio cream in remaining 20 shells. Wipe any smears from the shell exterior with a clean cloth.
6. GARNISH - ENDS: Dip white choc ricotta ends into crushed toasted pistachios, pressing lightly to adhere. Dip pistachio cream ends into white chocolate shards. Work quickly - filling at the ends is the adhesive. Arrange on parchment-lined tray in a single layer.
7. HOLD: Filled cannoli hold maximum 15 min at room temperature, 25 min in the coldroom (cold dulls crunch). Prioritise plating as close to pass as possible. Do not stack - shells crack and garnish transfers.
8. GARNISH PREP (ADVANCE): Toast pistachios and prepare shards up to 24 hours ahead, store in separate airtight containers at room temperature.

On the day / service

1. Plate on slate or white rectangular plate - alternate one white choc ricotta and one pistachio per portion for visual contrast.
2. Dust lightly with icing sugar at pass using a fine sieve - do not blast with sugar, just a whisper.
3. Serve immediately after dusting. Call the pass the moment shells are filled.
4. Two-person team: one pipes and garnishes, one plates and dusts. Establish a rhythm - fill 4, plate 4, pass.

Notes

COUNCIL NOTES - Ricotta moisture is the single failure point in this dish. Under-drained ricotta will produce a wet, loose filling that softens the shell in under 5 min and pools on the plate. Weigh after draining - every time, every service. White chocolate quantity has been reduced from 80 g to 90 g and the melting temperature specified: chocolate added too hot will thin the ricotta and delay setting. Lemon zest added to the white choc ricotta is non-negotiable - without acid the filling is cloying and flat. Pistachio paste quality varies wildly - pure unsweetened Bronte paste is ideal; sweetened compound paste requires sugar reduction. Whipped cream should be firm soft peaks, not stiff - stiff cream will cause the pistachio filling to split when folded. Shell fill window is 15-20 min maximum; this must be communicated clearly at briefing. For 80-cover service, stagger filling in batches of 20.

Sous Vide Pork Loin

Apricot & Sage Compote - plated alternate drop main

Main | Sous Vide / Sear | Gluten-Free | pork | Riviera Table / Offsite | Weddings

Sections: Riviera Table / Offsite: Feasting - Shared to Table, Weddings: Amalfi Package, Weddings: La Tavola Package

Yield	40 plated serves @ 180 g pork loin each
Method	Sous Vide / Sear
Label	Pork Loin
Recipe ID	sous-vide-pork-loin-apricot

Elements

Searred Pork Loin | Apricot & Sage Compote | Pan Jus

Ingredients

Qty	Ingredient / prep
8 kg	Pork Belly (Frozen) - defrosted - use pork loin/tenderloin if available; belly can substitute
100 ml	Tuscan Oil
100 g	Crushed Garlic
1 pkt	Thyme - leaves stripped
20 g	Table Salt
8 g	Ground Black Pepper
300 g	Dried Apricots - finely diced
150 ml	White Wine Cooking Wine
100 ml	Orange Juice
20 g	Brown Sugar
1 pkt	Thyme - for compote
30 g	Butter Unsalted - to finish compote

Prep method

1. Portion pork loin into 180-200 g steaks. Season with salt, pepper, thyme and garlic. Seal in vacuum bags.
2. Sous vide at 63deg C for 1.5-2 hours. Remove from bags; reserve any juices.
3. Apricot & Sage Compote: Sweat dried apricots with white wine, orange juice and brown sugar over medium heat for 12-15 minutes until jammy. Add thyme, season, finish with cold butter for gloss.
4. At service: Sear pork steaks in a screaming hot pan or flat-top for 60-90 seconds per side until caramelised. Rest 3 minutes.
5. Combine bag juices with a splash of stock or jus and reduce briefly for a pan sauce.

On the day / service

1. Plate pork on a warm plate. Spoon 40-50 ml apricot compote beside or over the pork.
2. Drizzle with reduced pan jus. Garnish with a picked thyme sprig.
3. Alternate drop: pair with Chargrilled Lamb Cutlet or Prosciutto Chicken as the second option.

Notes

Plated format. Needs_confirmation on exact portion weights for event tables. Can substitute pork tenderloin for a cleaner presentation.

French Green Beans

Shallots, Mustard Vinaigrette & Toasted Almonds

Side | Blanch / Dress | Gluten-Free | Vegan | Riviera Table / Offsite | Weddings
Sections: Riviera Table / Offsite: Feasting - Shared to Table, Weddings: Amalfi Package

Yield	40 serves @ 60-80 g each
Method	Blanch / Dress
Label	Green Beans
Recipe ID	french-green-beans-shallots-mustard

Elements

Blanched Green Beans | Shallot Mustard Vinaigrette | Toasted Almonds

Ingredients

Qty	Ingredient / prep
4 kg	Peas - use fine green beans (haricots verts) - topped
6 pc	Shallots - finely sliced into rings
100 g	Almond Slivered Toasted
100 ml	Tuscan Oil
60 ml	White Wine Vinegar
30 g	Dijon Mustard
10 g	Brown Sugar
15 g	Table Salt
5 g	Ground Black Pepper

Prep method

1. Blanch green beans in heavily salted boiling water for 2-3 minutes. Refresh immediately in iced water. Drain and pat dry thoroughly.
2. Mustard Vinaigrette: Whisk Dijon mustard, white wine vinegar, brown sugar, salt and pepper together. Slowly whisk in Tuscan Oil until emulsified.
3. Combine beans with finely sliced shallots. Dress with vinaigrette and toss well.
4. Transfer to serving dish. Scatter toasted almond slivers over the top.

On the day / service

1. Serve at room temperature. Dress no more than 1 hour ahead - beans continue to soften.
2. Scatter almonds at service to keep crunch.
3. Standard included side for Amalfi and feasting shared plates.

Notes

Elegant, classic green bean salad - appears across feasting and Amalfi menus. The shallot rings must be thin so they don't overpower.

Roquette & Parmesan Salad

Balsamic Glaze - plated and feasting side

Side | Dress | Gluten-Free | Vegetarian | Riviera Table / Offsite | Weddings
Sections: Riviera Table / Offsite: Feasting - Shared to Table, Weddings: Amalfi Package

Yield	40 serves @ 40-50 g each
Method	Dress
Label	Roquette Salad
Recipe ID	roquette-parmesan-salad

Elements

Roquette | Shaved Parmesan | Balsamic Glaze

Ingredients

Qty	Ingredient / prep
1.5 kg	Rocket, Baby Leaf
400 g	Parmesan Cheese Shaved
100 ml	Balsamic Glaze
80 ml	Tuscan Oil
2 pc	Lemons - juice only
10 g	Table Salt
5 g	Ground Black Pepper

Prep method

1. Whisk Tuscan Oil, lemon juice, salt and pepper to make a light dressing.
2. At service: toss rocket lightly with the dressing - just enough to coat, not wilt.
3. Arrange on serving plate or feasting board. Scatter shaved parmesan over the top.
4. Drizzle balsamic glaze in a fine zigzag over the salad.

On the day / service

1. Dress immediately before service - rocket wilts quickly once dressed.
2. For feasting/shared: pile high on a board and serve in the centre of the table.
3. For plated: nest 40-50 g beside the main as a bright, peppery contrast.

Notes

Simple but visual - the balsamic drizzle must be applied at service for presentation. Standard side for Amalfi, La Tavola and feasting menus.

Greek Style Pulled Beef

Slow Braised Chuck · Lemon, Oregano & Warm Spice · Tzatziki

Main | Buffet | Braise | beef | Riviera Table / Offsite | Weddings

Sections: Riviera Table / Offsite: MYO Gyros Bar, Weddings: MYO Gyros Bar

Yield	20 portions
Method	Braise
Label	Greek Pulled Beef
Recipe ID	greek-style-pulled-beef-buffet

Elements

Pulled Braised Beef | Greek Braising Jus | Tzatziki

Ingredients

Qty	Ingredient / prep
3 kg	Beef Chuck - cut into 300-400 g pieces, sinew trimmed, surface moisture patted dry - brisket acceptable but chuck holds pull texture better
25 g (approx. 5 cloves)	Garlic - smashed and peeled
2 pc	Brown Onions - rough chop
2 pc	Celery Stalks - rough chop - aromatic base
3 pc	Lemons - juice of 3 (approximately 90 ml), zest of 2 - add zest at the end of braise, not the beginning
500 ml	Beef Stock - good quality - this becomes the jus
250 ml	Dry White Wine
30 ml	Dried Oregano - rub half into beef before searing, reserve half for sauce
5 ml	Ground Cinnamon
5 ml	Ground Allspice
8 g (approx. 4 sprigs)	Fresh Rosemary
2 pc	Bay Leaves
30 ml	Red Wine Vinegar - finish - acid correction after pulling
300 ml	Tzatziki - House - well-seasoned, room temperature at service
60 g (approx. 1 bunch)	Flat Leaf Parsley - rough chop - finish only
15 g	Fine Salt - for seasoning beef before searing
3 g	Black Pepper - cracked
40 ml	Olive Oil - high-smoke point - searing

Prep method

- SEASON & SEAR:** Season beef pieces generously with salt, cracked pepper, and half the dried oregano - do this at least 30 min before searing, ideally overnight refrigerated, to allow the salt to penetrate and begin drawing surface moisture back in. Pat dry before searing. Heat olive oil in a rondeau or wide heavy pot over high heat until shimmering. Sear beef pieces in batches of 2-3 - do not crowd. Develop deep, dark Maillard colour on all faces, 2-3 min per face. This caramelised crust is the primary flavour contribution to the braising jus. Set beef aside on a tray.
- AROMATIC BASE:** Reduce heat to medium. In the same pot, sweat onion, celery, and garlic in remaining fond and fat 8-10 min until softened and beginning to colour. Add cinnamon, allspice, and remaining oregano. Stir 60 seconds to bloom spices in fat.
- DEGLAZE & BUILD:** Add white wine, scraping all fond from the base - this is the flavour layer that built during searing. Reduce wine by half, approximately 3-4 min. Add beef stock, lemon juice, rosemary sprigs, and bay leaves. Bring to a simmer. Taste the braising liquid before adding beef - it should be well-seasoned, fragrant, and clearly acidic. Correct now, not after the braise.
- BRAISE:** Return seared beef to the pot. Liquid should come two-thirds up the sides of the meat - top up with water or stock if needed. Cover tightly with a cartouche pressed onto the surface and a lid. Place in oven at 155deg C. Braise 3.5-4 hours. At the 3-hour mark, check by probing the thickest piece - it should offer no resistance and begin to yield under fork pressure. Do not rush with higher heat - connective tissue (collagen) converts to gelatin progressively from around 80deg C internal. It requires sustained time at temperature, not higher heat. Higher heat will cause the exterior to dry and fibres to tighten before the interior has converted.
- REDUCE JUS:** Remove beef to a tray, cover with foil. Strain braising liquid into a clean pot. Skim fat from the surface. Bring to a simmer and reduce by approximately one-third until it coats a spoon lightly and carries a rich, glossy body - the dissolved gelatin is providing viscosity. Add lemon zest now. Taste and correct with red wine vinegar in 5 ml increments until the acid is present and balancing the richness. Season with salt.
- PULL:** Using two forks, pull beef into large shreds - not fine mince. Chunks of 3-4 cm give good texture on the plate and in a buffet scoop. Return pulled beef to reduced jus. Toss gently to coat. Taste the combined beef and jus - season if needed.
- HOLD:** Pulled beef in jus holds well. For service, transfer to GN or bain marie and hold at 75deg C. Keep covered to prevent surface drying.

On the day / service

- Buffet:** ladle beef and jus together - the jus is the sauce, there is no separate component. Tzatziki served separately in a labelled bowl beside the GN or dotted at pass from a piping bag or squeeze bottle.
- Plated:** approximately 150 g pulled beef per portion, spoon jus over, two dots of tzatziki alongside, scatter parsley. Tzatziki must not be mixed into the jus - the contrast of hot braised beef against cold, creamy tzatziki is the point of the dish.
- Lemon zest was added late in the braise reduction - this is intentional. Zest added at the start of a 4-hour braise becomes bitter as the volatile aromatics break down into phenolic compounds. Added at the reduce stage, the bright citrus note survives to service.
- Pairs with flatbread, steamed rice, or roasted chat potatoes. Do not pair with chips - the jus penetrates the crust immediately and makes them soggy.

Notes

Two technical points for the brigade: (1) Lemon zest timing - always add zest after pulling, during the jus reduction. It is aromatic and volatile. Extended braising converts the bright compounds into bitter ones. (2) Collagen-to-gelatin conversion is the mechanism that makes pulled beef work - it is a time-and-temperature function, not a temperature-alone function. Chuck needs sustained time above 75deg C internal (ideally 82-88deg C for full collagen conversion) at low ambient heat. This is why 155deg C oven over 3.5 hours outperforms 180deg C over 2 hours - the exterior does not tighten before the interior softens. Brisket is an acceptable substitute for chuck but will be fattier - trim visible fat cap to 4-5 mm before braising, not to zero. The fat renders into the jus and improves body.

Chargrilled Lemon & Thyme Chicken

Marinated Thigh Fillet · Chargrilled · Lemon, Parsley & Caper Dressing

Main | Buffet | Grill | chicken | Riviera Table / Offsite | Weddings
Sections: Riviera Table / Offsite: MYO Gyros Bar, Weddings: MYO Gyros Bar

Yield	20 portions
Method	Grill
Label	Lemon Thyme Chicken
Recipe ID	chargrilled-lemon-thyme-chicken-buffet

Elements

Marinated Chargrilled Chicken Thigh | Lemon Parsley & Caper Dressing

Ingredients

Qty	Ingredient / prep
20 pc	Chicken Thighs Fillets - skin-off, sinew trimmed, butterflied open if thick - even thickness ensures even grill time
4 pc	Lemons - juice of 3 (approximately 90 ml) for marinade, zest of 2 - juice of 1 reserved for dressing
25 g (approx. 1 bunch)	Thyme - leaves stripped - approximately 15 g stripped leaves
30 g (approx. 6 cloves)	Garlic - microplane for marinade
180 ml	Extra Virgin Olive Oil - marinade; dressing
5 ml	Dried Chilli Flakes
5 ml	Fine Salt - marinade - salt the marinade, it seasons from outside in
25 ml	White Wine Vinegar - dressing
20 ml	Lemon Juice - dressing - fresh, squeezed to order
20 g	Baby Capers - rinsed, roughly chopped - dressing, adds umami and brine note
60 g (approx. 1 bunch)	Flat Leaf Parsley - fine chop - dressing, kept separate until service
5 g	Flaked Sea Salt - finishing - applied post-grill
2 g	Black Pepper - cracked - finishing

Prep method

- MARINADE:** Combine lemon juice, lemon zest, thyme leaves, microplaned garlic, olive oil, chilli flakes, and salt. Whisk briefly to combine. Coat chicken thighs thoroughly - use a zip-lock bag or deep tray with cling film pressed to surface. Marinate minimum 4 hours refrigerated, overnight strongly preferred. Do not marinate beyond 18 hours - the acid in the lemon juice begins to denature surface proteins, producing a mushy exterior texture rather than a clean grill char.
- GRILL PREP:** Remove chicken from marinade 30 min before grilling and allow to come to room temperature. Shake off excess marinade - particularly garlic and thyme solids, which will burn on the grill before the chicken is cooked. Burnt garlic produces acrid bitterness that carries through the finished dish. Pat lightly with paper towel if needed.
- GRILL:** Bring chargrill or grill bars to high heat - surface temperature should be above 250deg C. Brush bars lightly with oil. Place thighs presentation-side down. Grill 5-6 min without moving - moving prevents the Maillard crust from forming and causes sticking. You need clear grill marks and caramelisation before the first flip. Flip once. Grill second side 4-5 min. Target internal temperature 74deg C at the thickest point. Thigh fillet is forgiving above 74deg C - up to 78deg C retains moisture due to higher fat and collagen content compared to breast. Do not cook above 80deg C internal.
- REST:** Transfer to a wire rack over a tray. Rest 5 min loosely covered with foil. Do not stack - steam from stacking causes the crust to soften.
- DRESSING:** Whisk EVOO, white wine vinegar, and fresh lemon juice together. Add capers. Season with sea salt and cracked pepper. Dressing is made without parsley - parsley is added to the dressing only at the moment of service. Parsley wilts and oxidises within 10 minutes of contact with acid - pre-mixed dressing will be brown and bitter by service.
- SLICE:** Slice thighs on the bias against the grain into 3-4 pieces per thigh. This exposes the interior and allows the dressing to penetrate. For buffet, hold whole and slice at the station - sliced chicken dries faster.

On the day / service

- Buffet:** hold whole grilled thighs warm on a rack in a covered tray at 65deg C in the kick oven. Slice at the station to order. Dress individual portions only - do not dress the whole tray. Add parsley to the dressing jug at service and stir immediately before spooning.
- Plated:** 1 thigh fillet sliced per portion, approximately 150 g. Spoon 20 ml of dressing over. Finish with a pinch of parsley and a few flakes of sea salt.
- Capers in the dressing are the umami anchor replacing a missing savoury depth in the original herb dressing. Without them the dressing reads as flat and lemony - with them it carries and coats.
- This dish holds significantly better than other proteins on this menu. Grilled thigh fillets can be held whole in the kick oven at 63deg C for up to 45 min before quality degrades. Plan accordingly.

Notes

Two technical limits for the team: (1) Marinade time - the 18-hour ceiling on lemon-acid marinades is real. Citric acid hydrolyses surface myosin and actin chains progressively. Past 18 hours the exterior texture becomes mealy and does not form a proper crust on the grill. If overnight means 12 hours, that is fine. If it means 20 hours, pull the chicken out and rinse the surface. (2) Parsley in dressing - parsley oxidises rapidly in an acidic, oil-emulsified environment. The chlorophyll degrades to pheophytin, which is brown and slightly bitter. Mix parsley into the dressing only at the point of service. Keep dressing base and chopped parsley in separate containers in the coldroom and combine to order. This is a 10-second step that makes the difference between a bright green dressing and a brown one.

Grilled Halloumi

Gyros Bar vegetarian protein option

Main | Grill | Gluten-Free | Vegetarian | dairy | Riviera Table / Offsite | Weddings | Parties

Sections: Riviera Table / Offsite: MYO Gyros Bar, Weddings: MYO Gyros Bar, Parties: Crowd Pleaser Platters

Yield	40 serves - 2 slices per guest
--------------	--------------------------------

Method	Grill
---------------	-------

Label	Grilled Halloumi
--------------	------------------

Recipe ID	grilled-halloumi-plain
------------------	------------------------

Elements

Grilled Halloumi Slices

Ingredients

Qty	Ingredient / prep
17 pc	Halloumi - sliced 8mm thick - 17 pc standard pack / 3-4 slices per pack
50 ml	Tuscan Oil
2 pc	Lemons - wedges for service
5 g	Ground Black Pepper

Prep method

1. Pat halloumi slices dry with paper towel. Brush lightly with Tuscan Oil.
2. Heat a flat-top grill, cast iron or BBQ grill to high heat.
3. Grill halloumi slices 2-3 minutes per side until golden char marks and softened throughout. Do not move while grilling - allows proper caramelisation.
4. Season with a grind of black pepper immediately off the heat. Squeeze a little lemon over.

On the day / service

1. Serve immediately - halloumi firms up as it cools and loses its best texture within 5 minutes.
2. For Gyros Bar: grill in batches of 8-10 and refresh every 10 minutes throughout service.
3. Serve with lemon wedges alongside the other protein options.

Notes

Vegetarian protein for the MYO Gyros Bar. Also the base for Hot Honey Saganaki (tapas menu) - that is the dressed version. This is the plain gyros-bar version.

MYO Gyros Bar - Souvlaki Assembly

Souvlaki breads, fillings and sauces for build-your-own service

Main | Buffet | Assemble | Gluten-Free option | chicken | lamb | beef | Riviera Table / Offsite | Weddings

Sections: Riviera Table / Offsite: MYO Gyros Bar, Weddings: MYO Gyros Bar

Yield	40 guests - each builds their own gyros
Method	Assemble
Label	Gyros Bar Assembly
Recipe ID	souvlaki-gyros-assembly

Elements

Souvlaki Breads | Tabouli | Tzatziki | Garlic Aioli | Capsicum Cream | Feta | Lettuce | Tomato | Red Onion

Ingredients

Qty	Ingredient / prep
80 pc	Greek Pitta Bread - from freezer - 2 per guest, warm before service
500 g	Feta Cheese Block - crumbled
800 g	Labneh Tzatziki - see labneh-tzatziki recipe
500 g	Kewpie Mayo - mixed with garlic for garlic aioli
100 g	Crushed Garlic - for garlic aioli
500 g	Spicy Capsicum & Feta Dip - capsicum cream
3 pc	Cos - shredded
500 g	Cherry Tomatoes - halved
2 pc	Red Onions - finely sliced
400 g	Couscous - prepared as tabouli - with parsley, mint, lemon
1 pkt	Flat Leaf Parsley - for tabouli
1 pkt	Mint - for tabouli
3 pc	Lemons - juice for tabouli
80 ml	Tuscan Oil - for tabouli
20 g	Table Salt

Prep method

1. Tabouli: Prepare couscous as per packet (use 1:1 boiling water:couscous). Fork through and cool. Mix with finely chopped flat leaf parsley, mint, lemon juice, Tuscan Oil, salt and pepper.
2. Garlic Aioli: Mix Kewpie Mayo with crushed garlic, salt and a squeeze of lemon. Adjust to taste.
3. Warm pitta breads in a dry pan or oven at 160deg C for 5 minutes until soft and pliable.
4. Set up the Gyros Bar: arrange protein options (see linked protein recipes) in hotel pans at 65deg C. Place all fillings and sauces in individual GN pans or ramekins.
5. Label every component clearly - especially for allergens (feta: dairy; pitta: gluten).

On the day / service

1. Staff-served: carving station style where a team member builds gyros per guest request.
2. Or self-serve: arrange all components in order of build (bread, protein, fillings, sauces) with tongs and ladles.
3. Refresh protein every 20 minutes. Keep pitta warm under a cloth napkin.

Notes

MYO Gyros Bar assembly guide - pairs with Greek Style Pulled Beef, Chargrilled Chicken, Spiced Lamb Kofta and Grilled Halloumi protein options.

Garlic Lemon Potatoes

Greek-style roasted chat potatoes for gyros and buffet

Side | Roast | Gluten-Free | Vegan | Riviera Table / Offsite | Weddings
Sections: Riviera Table / Offsite: MYO Gyros Bar, Weddings: MYO Gyros Bar

Yield	40 serves @ 120 g each
Method	Roast
Label	Garlic Lemon Potatoes
Recipe ID	garlic-lemon-potatoes

Elements

Roasted Garlic Lemon Potatoes

Ingredients

Qty	Ingredient / prep
6 kg	Potato - chat or sebago - halved, skin on
200 g	Crushed Garlic
4 pc	Lemons - juice only
150 ml	Tuscan Oil
500 ml	Water - for roasting
1 pkt	Fresh Oregano - leaves stripped
25 g	Table Salt
10 g	Ground Black Pepper

Prep method

1. Halve chat potatoes. In a large bowl, toss with Tuscan Oil, crushed garlic, lemon juice, oregano, salt and pepper.
2. Spread in a single layer in deep roasting trays. Add 500 ml water to the base of each tray - this creates steam for the first part of cooking.
3. Roast at 200deg C for 35-40 minutes. The water will evaporate and the potatoes will begin to crisp and absorb the garlic-lemon flavour.
4. Toss potatoes halfway through. Once water has evaporated, continue roasting until potatoes are golden and crispy on the outside, tender inside.
5. Season with additional salt at service.

On the day / service

1. Serve hot from the oven in a hotel pan. Squeeze a little extra lemon juice over at service.
2. Ideal alongside the Gyros Bar as the included starch component.
3. Can hold at 65deg C for 30 minutes. Do not cover - steam softens the crispy exterior.

Notes

Essential side for the MYO Gyros Bar at both party and offsite menus.

Dessert Grazing Table

Styled display of cakes, pastries, slices, chocolates and fruit - from \$22pp

Dessert | Platter | Assemble / Style | Vegetarian - GF and DF options within | Riviera Table / Offsite | Baby Shower

Sections: Riviera Table / Offsite: Dessert Grazing Table, Baby Shower: Custom Graze

Yield	1 m table feeds 40 guests 2 m table feeds 80-100 3 m table feeds 120-150
Method	Assemble / Style
Label	Dessert Grazing Table
Recipe ID	dessert-grazing-table-assembly

Elements

Decadent Cakes | Petite Pastries | Handcrafted Slices | Artisan Chocolates | Fresh Fruit

Ingredients

Qty	Ingredient / prep
3 pc	Raspberry Choc Gâteau (VG/GF) - from freezer - 1 whole cake per 15 guests
1 pc	Lemon Lime Cheesecake GF - from freezer
12 pc	Cannoli Shells - filled with Pistachio and Coffee-Nutella fillings
500 g	Frozen Strawberries - use fresh strawberries at peak season
500 g	Red Grapes - cut into small bunches
300 g	Chocolate Dark Buttons - use premium artisan chocolate bar - broken into pieces
200 g	Pumpkin Seeds - or toasted pepitas for crunch element
6 pc	Madeleine - from freezer - warm briefly before styling
200 g	Persian Fairy Floss, Pistachio - for visual texture height
100 g	Rose Petals - dried or fresh - for styling
50 g	Icing Sugar - for dusting

Prep method

- Defrost all frozen dessert items overnight in coldroom. Note: bring to room temperature 30 minutes before styling.
- Slice whole cakes into portions (8-10 per cake) using a clean hot knife. Separate slices slightly for display.
- Fill cannoli shells with pistachio and coffee-nutella fillings close to service - within 30 minutes.
- Arrange items on the table with varying heights using white plinths. Cluster by colour and texture.
- Fill gaps with fresh fruit bunches, chocolates, and smaller elements.
- Top with Persian fairy floss and scattered rose petals for the Riviera signature look.
- Dust with icing sugar over the whole display just before the table opens.

On the day / service

- Table is styled by the catering team, not self-service arranged by guests.
- Include: small plates, napkins and cake forks at each end of the table.
- Refresh every 30 minutes - replace consumed items with pre-cut backup from the kitchen.
- Items with a limited hold time (madeleines, filled cannoli) go out in small batches, not all at once.

Notes

Offsite Riviera Table dessert package. The table is styled as a visual experience first, flavour second. Stylist must be briefed on the Riviera aesthetic - gold tones, organic flow, no straight lines.

Charcuterie Board

Brie · Blue · Cheddar · Prosciutto · Salami · Crackers

Platter | Assemble | pork | dairy | Weddings | Parties | Funeral & Wake

Sections: Weddings: Portofino Package, Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	1 board - serves 10-12 guests as a standalone or 15-20 as part of a wider spread
Method	Assemble
Label	Charcuterie Board
Recipe ID	charcuterie-board-classic

Elements

Cured Meats | Cheese Selection | Crackers | Grapes | Chef's Dip | Dried Citrus & Fruit Garnish

Ingredients

Qty	Ingredient / prep
120 g	Salami - thin sliced, folded into quarters or roses
100 g	Prosciutto - hand-torn into loose ribbons
150 g	Brie - tempered to 16-18deg C, cut into wedges with rind intact
150 g	Blue Cheese - tempered to 16-18deg C, broken into irregular pieces
150 g	Cheddar - tempered to 16-18deg C, sliced or portioned into wedges
120 g	Crackers - 2 varieties - 60 g each e.g. water crackers + seeded crispbread
150 g	Fresh Grapes - washed, cut into small clusters of 4-6 berries
100 g	Chef's Dip of Choice - e.g. quince paste, romesco, caramelised onion, or hot honey - served in a small ramekin
4-6 slices	Dried Orange Slices - whole, arranged upright or flat for height and colour
4-6 slices	Dried Lemon Slices - whole, colour contrast to orange
80 g	Dried Fruit - dates and/or dried apricots, halved or whole

Prep method

1. **TEMPER CHEESES:** Remove all three cheeses from coldroom 30-40 minutes before assembly. Cheese served below 14deg C loses aroma and texture - this is non-negotiable.
2. **BOARD PREP:** Select a board minimum 45 cm x 35 cm. Place a small ramekin for the chef's dip first - this anchors the layout.
3. **CHEESE FIRST:** Position the three cheeses at different zones across the board - brie centre, blue at one end, cheddar at the other. Space them so guests can access each without disturbing the others.
4. **MEATS:** Fan salami roses adjacent to the blue cheese. Arrange torn prosciutto ribbons loosely near the brie. Fold and layer - do not lay flat.
5. **CRACKERS:** Fan two varieties along opposite board edges, away from wet elements (grapes, dip) to prevent sogging.
6. **FRUIT & GARNISH:** Scatter grape clusters, dates and apricots into the gaps between cheese and meat zones. Stand dried orange and lemon slices upright against cheese pieces for height and colour contrast.
7. **DIP:** Fill ramekin with chef's dip of choice. Position centrally or near the cheddar.
8. **HOLD:** If assembling more than 20 minutes before service, cover loosely with cling film and return to coldroom. Remove 10 minutes before service.

On the day / service

1. Place board at room temperature - cheeses must be at 16-18deg C at service for correct flavour and texture.
2. Replenish crackers every 10 minutes during passed or display service - they go first.
3. Replace picked-at cheese pieces if board is on display longer than 30 minutes.

Notes

Chef's dip rotates by season or event - quince paste pairs with blue, hot honey with brie, romesco with cheddar and meats. Dried citrus slices are a house garnish - source pre-dried or dehydrate in-house at 80deg C for 3-4 hours. Crackers must be kept away from grapes and dip ramekin to stay crisp.

Herb Crusted Pork Cutlet

Confit Garlic Pomme Purée, Greens, Cider & Mustard Cream

Main | Pan-Fry / Oven | pork | Weddings

Sections: Weddings: Taormina Package

Yield	40 plated serves
Method	Pan-Fry / Oven
Label	Pork Cutlet
Recipe ID	herb-crusted-pork-cutlet-cider-mustard

Elements

Herb Crusted Pork Cutlet | Pomme Purée | Cider Mustard Cream

Ingredients

Qty	Ingredient / prep
40 pc	Pork Belly (Frozen) - use bone-in pork cutlets if available, approx. 220-250 g each
200 g	Breadcrumbs GF
1 pkt	Flat Leaf Parsley - finely chopped
1 pkt	Thyme - leaves stripped
100 g	Crushed Garlic
100 ml	Tuscan Oil
15 g	Table Salt
8 g	Ground Black Pepper
4 kg	Instant Mash - potato flakes for pomme purée
2.5 L	Thickened Cream - for pomme purée; for sauce
500 g	Butter Unsalted - for pomme purée
200 g	Confit Garlic - for pomme purée
500 ml	White Wine Cooking Wine - for sauce
80 g	Seeded Mustard - for sauce

Prep method

1. Herb crust: Combine breadcrumbs GF, finely chopped parsley, thyme leaves, crushed garlic, Tuscan Oil, salt and pepper until just combined. It should hold together when pressed.
2. Season pork cutlets. Sear in a hot pan with Tuscan Oil for 2-3 minutes per side until golden. Transfer to a baking tray.
3. Press herb crust firmly on top of each cutlet. Roast at 180deg C for 8-12 minutes until internal temperature reaches 65deg C. Rest 5 minutes.
4. Confit Garlic Pomme Purée: Rehydrate instant mash with hot cream and water. Fold in confit garlic (squeezing cloves from their skins), butter, salt and pepper until very smooth. Pass through a fine sieve for ultra-smooth result.
5. Cider & Mustard Cream: Deglaze pan with white wine and reduce by half. Add thickened cream and bring to a simmer. Stir in seeded mustard. Season and reduce to a light coating consistency.

On the day / service

1. Quenelle or pipe pomme purée onto warm plate. Lean pork cutlet against the purée.
2. Sauce over and around the cutlet - approximately 50 ml per plate.
3. Finish with a picked herb sprig. Serve with dressed greens alongside.

Notes

Plated plated main. Needs_confirmation on exact pork portion size for event tables.

Kids Snack Pack

Cheese · Crackers · Fruit · Veggies

Snack | Corporate | Assemble | vegetarian | dairy | Weddings
Sections: Weddings: Kids Menu

Yield	10 packs
Method	Assemble
Label	Kids Snack Pack
Recipe ID	kids-snack-pack

Elements

Cheese | Crackers | Fruit | Crudités

Ingredients

Qty	Ingredient / prep
200 g	Cheddar or Colby - cut into 2cm cubes or batons - approx 20g per pack
150 g	Rice Crackers or Sakata - approx 15g per pack
200 g	Grapes - washed, cut into small bunches of 5-6 grapes - halve for under-5s
150 g	Strawberries - hulled, halved - approx 2-3 per pack
150 g	Carrot - cut into 8cm batons, approx 4 per pack
150 g	Celery - cut into 8cm batons, approx 3 per pack - substitute for cucumber (Kuschi exclusion)
as needed	Divided containers or sectioned snack boxes - food-safe, sealed

Prep method

1. **PREP:** Portion all components per pack - 20g cheese, 15g crackers, one small bunch grapes, 2-3 strawberry halves, 4 carrot batons, 3 celery batons.
2. **PACK:** Divide into sectioned containers, keeping components separate - cheese and crackers together, fruit together, vegetables together. Do not mix wet and dry components.
3. **LABEL:** Label each pack clearly with contents and allergens (dairy). If made for a specific dietary requirement, mark accordingly.

On the day / service

1. Serve chilled - remove from coldroom no more than 20 min before service.
2. Packs can be prepared up to 4 hours ahead and held in the coldroom. Do not freeze.

Notes

FLAG RESOLVED - KUSCHI EXCLUSION: Raw cucumber has been replaced with celery batons. Cucumber is on the Kuschi exclusion list. Sugar snap peas are also a suitable alternative if celery is unavailable. Grapes must be halved for children under 5 - choking hazard. No added seasoning on kids components.

Kids Spaghetti Bolognese

Beef Bolognese · Spaghetti · Parmesan

Main | Corporate | Cook | beef | Weddings
Sections: Weddings: Kids Menu

Yield	10 portions
Method	Cook
Label	Kids Spaghetti
Recipe ID	kids-spaghetti-bolognese

Elements

Beef Bolognese | Spaghetti | Parmesan

Ingredients

Qty	Ingredient / prep
600 g	Beef Mince - minimum 15% fat for flavour
1 medium	Brown Onion - fine dice
10 g (approx. 2 cloves)	Garlic - finely chopped
1 medium	Carrot - fine dice
400 ml	Passata
100 ml	Beef Stock
30 g	Tomato Paste
300 g	Spaghetti - dry weight
60 g	Parmesan - finely grated
20 ml	Olive Oil
to taste	Salt & Pepper - mild seasoning - no chilli

Prep method

- BOLOGNESE:** Heat olive oil in a wide heavy-based pot over high heat. Brown mince in batches - do not crowd the pan. Season as it cooks. Remove browned mince and set aside. Reduce heat to medium. Sweat onion, garlic, and carrot in residual oil for 5-6 min until softened. Add tomato paste and cook out for 2 min, stirring. Return mince to pot. Add passata and beef stock. Stir to combine. Simmer uncovered over low heat for 30 min, stirring occasionally, until sauce is reduced and rich. Season with salt and pepper - keep mild, no chilli.
- PASTA:** Bring a large pot of heavily salted water to a rolling boil. Cook spaghetti to al dente per packet time - typically 8-10 min. Reserve 100 ml pasta water before draining. Drain and do not rinse.
- COMBINE:** Toss drained spaghetti through bolognese sauce over low heat. Loosen with reserved pasta water as needed - sauce should coat the pasta without pooling.
- PORTION:** Serve 120 g pasta with 100 g bolognese per kids portion. Top with grated parmesan.

On the day / service

- Serve immediately after combining. Bolognese holds well in a bain marie at 75deg C for up to 1 hour.
- For batch service: portion pasta into oiled trays, top with bolognese. Reheat at 170deg C in conventional oven covered with foil for 10 min. Finish with parmesan at pass.

Notes

Kids portions - 120g pasta, 100g bolognese per serve. Mild seasoning only, no chilli. Parmesan is a dairy allergen - confirm with event coordinator if any dietary restrictions apply. Bolognese improves made a day ahead; reheat gently and adjust consistency with a splash of stock.

House Scones

Scone Mix · 180deg C · 20 Minutes

Dessert | Bakery | Bake | vegetarian | Parties | Baby Shower | Funeral & Wake

Sections: Parties: Crowd Pleaser Platters, Baby Shower: High Tea, Funeral & Wake: Wake Platters

Yield	12 regular · 40 small (high tea) per batch · scones box = 12 regular + jam + cream
Method	Bake
Label	House Scones
Recipe ID	house-scones

Elements

Scone Dough | Baked Scones | Scones Box

Ingredients

Qty	Ingredient / prep
1 kg	Scone Mix
600 ml	Water
120 g	Strawberry Jam - scones box - per 12 regular
200 ml	Thickened Cream - cold - whip with icing sugar and vanilla for chantilly; scones box - per 12 regular
15 g	Icing Sugar - sifted - for chantilly
5 ml	Vanilla Extract - for chantilly

Prep method

1. MIX: Combine 1080 g scone mix and 600 ml water in a stand mixer. Mix for 3 minutes until just combined - do not overmix.
2. REST: Rest dough 5 minutes covered.
3. SHAPE: Turn onto a lightly floured bench. Form to scone thickness - handle as little as possible. Cut with a floured round cutter; press straight down and lift cleanly - do not twist. Regular cutter = 12 scones; small cutter = 40 scones (high tea) from this batch. Re-pat scraps once only.
4. BAKE: Place on a lined tray with scones touching (encourages rise). Bake at 180deg C conventional for 20 minutes until risen and golden. Cool on a wire rack briefly before packing.
5. CHANTILLY: Whip cold cream, icing sugar and vanilla in a chilled bowl to soft-firm peaks. Yield approx. 180 g chantilly per 12 regular scones.
6. SCONES BOX: Pack 12 regular scones with 120 g jam and chantilly. Cream and jam separate for delivery unless immediate service.
7. PLATTER: Same as scones box - halve scones on platter, jam and chantilly in bowls alongside.

On the day / service

1. Scones box = 12 regular scones with jam and cream.
2. Best served warm on the day of baking.
3. If made ahead, reheat at 160deg C for 5-6 min - do not overheat or they dry out.
4. Pack cream and jam separately for delivery unless immediate service.

Notes

Locked batch - 1080 g mix + 600 ml water. Regular cutter: 12 scones. Small cutter (high tea): 40 scones. Bake 180deg C for 20 minutes. Scale in batch multiples: 24 regular = 2160 g + 1200 ml; 36 regular = 3240 g + 1800 ml. Do not overmix after water is added.

Ham & Cheese Croissants Platter

Leg Ham · Gruyère · Dijon Butter · Warm

Breakfast | Platter | Assemble + Warm | pork | dairy | Parties | Funeral & Wake

Sections: Parties: Crowd Pleaser Platters, Parties: Grazing Table, Funeral & Wake: Grazing Table, Funeral & Wake: Wake Platters

Yield	40 pieces
Method	Assemble + Warm
Label	Ham Croissants
Recipe ID	platter-ham-cheese-croissants

Elements

Croissants | Leg Ham | Gruyère | Dijon Butter

Ingredients

Qty	Ingredient / prep
40 pc	Mini Croissants - split lengthways, not fully through
600 g	Leg Ham - thinly sliced - 2-3 slices per croissant
300 g	Gruyère or Swiss Cheese - thinly sliced or grated - approx 7 g per croissant
100 g	Unsalted Butter - softened to room temp
50 g	Dijon Mustard
5 ml	Fine Salt
2.5 ml	White Pepper - ground

Prep method

- DIJON BUTTER:** Beat softened butter and dijon together until fully combined. Season with a pinch of salt and white pepper. Transfer to a small container. Can be made 48 hours ahead - hold in coldroom.
- FILL:** Split croissants along the top without cutting fully through. Spread dijon butter generously on both inner faces - approx 3 g per side. Layer ham, then cheese. Press gently to close.
- TRAY:** Arrange filled croissants on lined baking trays, seam-side down, spaced apart. Can be filled up to 2 hours ahead and held covered in coldroom.
- BAKE:** Bake at 170deg C conventional for 8-10 min until cheese is melted, ham is warmed through, and croissant exterior is hot and slightly crisped. Do not overbake or croissants dry out.
- SERVE:** Transfer immediately to lined platter. Cover loosely with a linen cloth or foil tent to hold heat during pass.

On the day / service

- Serve hot. Cover platter with a folded linen until actively passing.
- Batch-warm in waves of 20 if total count is high - stagger trays 8-10 min apart to maintain fresh-baked quality through the pass.
- Do not hold in bain marie - steam softens the croissant exterior.

Notes

Gruyère melts cleanly and is the preferred cheese for this application. Avoid processed slices. Dijon butter can be scaled and made in advance for the week. If using large croissants instead of mini, adjust to 20 pieces and increase ham to 40 g per croissant.

Sandwich Platter

Mixed Fillings · White & Wholemeal · Finger Sandwiches

Lunch | Platter | Assemble | chicken | beef | dairy | Parties | Funeral & Wake
Sections: Parties: Crowd Pleaser Platters, Funeral & Wake: Wake Platters

Yield	40 pieces
Method	Assemble
Label	Sandwich Platter
Recipe ID	platter-sandwiches-standard

Elements

White Bread Sandwiches | Wholemeal Bread Sandwiches | Mixed Fillings

Ingredients

Qty	Ingredient / prep
1 pc	White Sandwich Bread - sliced, crusts removed
1 pc	Wholemeal Sandwich Bread - sliced, crusts removed
300 g	Chicken Breast - poached in salted water, cooled, thinly sliced or pulled
180 ml	Whole Egg Mayonnaise
5 ml	Lemon Juice - for chicken mayo
200 g	Rare Roast Beef - thinly sliced
60 g	Whole Grain Mustard
30 g	Horseradish Cream - optional - for roast beef filling
200 g	Cheddar - thinly sliced
80 g	Butter - softened - for spreading all bread
80 g	Baby Spinach - dry - do not use wet leaves
to taste	Salt & Pepper

Prep method

- FILLING 1 - CHICKEN MAYO:** Combine poached chicken, mayonnaise and lemon juice. Season well with salt and pepper. Mixture should be generously bound but not wet.
- FILLING 2 - ROAST BEEF:** Mix whole grain mustard with a small amount of horseradish cream if using. Spread on bread; layer roast beef over.
- FILLING 3 - CHEDDAR & SPINACH:** Layer cheddar slices with dry baby spinach. Season.
- ASSEMBLE:** Butter all bread slices generously to the edges - this seals moisture in and prevents sogging. Apply fillings evenly, right to the edges. Press sandwiches firmly together.
- TRIM & CUT:** Remove crusts with a sharp serrated knife using a single clean stroke per side. Cut into fingers (3 per sandwich) or triangles. Do not saw.
- HOLD:** Stack neatly, wrap tightly in cling film by filling type, label, and refrigerate immediately. Use within 4 hours of assembly.

On the day / service

- Unwrap and arrange on platter at service, alternating bread types and fillings for colour.
- Cover platter with a lightly dampened cloth (not wet) if holding longer than 20 min before passing to prevent edges drying.
- Label dietary options clearly on the platter, especially chicken and beef.

Notes

At least 3 distinct fillings per platter. Butter to the edges is essential - it acts as a moisture barrier. Wet fillings (chicken mayo) should not be applied too thick or bread will sog. Spinach must be completely dry. If making the day prior, wrap individually and store in coldroom - quality degrades after 18 hours.

Assorted Ribbon Sandwiches

Finger sandwiches for high tea and baby shower graze

High Tea | Platter | Assemble | chicken | dairy | Baby Shower

Sections: Baby Shower: Custom Graze, Baby Shower: High Tea

Yield	48 sandwich points (24 strips cut in half) - serves 12-16
Method	Assemble
Label	Ribbon Sandwiches
Recipe ID	ribbon-sandwiches

Elements

Ribbon Sandwiches

Ingredients

Qty	Ingredient / prep
2 pc	Loaf thick sliced toast - thin-sliced white or wholemeal sandwich bread
400 g	Kewpie Mayo - for fillings base
300 g	Shredded Chicken - from freezer - pulled and seasoned
150 g	Dill - finely chopped - fresh
200 g	Cucumber Continental - thinly sliced
100 g	Natural Sliced Cheddar - thinly sliced
150 g	Australian Leg Ham - thinly sliced
500 g	Butter Unsalted - softened
10 g	Table Salt
5 g	Ground Black Pepper

Prep method

1. Prepare fillings: (1) Chicken & Dill Mayo - mix shredded chicken with kewpie mayo, chopped dill, salt and pepper. (2) Cucumber & Cream Cheese - mix cream cheese (or labneh) with dill, season. (3) Ham & Cheese - layer ham and cheddar with a scrape of seeded mustard.
2. Lay out bread slices. Spread each slice edge-to-edge with softened butter.
3. Build sandwiches 2-3 slices thick, alternating bread and filling for striped effect if stacking.
4. Press gently. Use a serrated knife to trim all crusts cleanly.
5. Cut each sandwich into fingers (3 per slice) or into neat points.
6. Cover with a damp cloth and refrigerate until service. Do not refrigerate assembled for more than 2 hours.

On the day / service

1. Arrange on a tiered high-tea stand or rectangular platter. Arrange by filling type for clarity.
2. For high tea: serve with scones, arancini and petit fours as part of the set high tea service.
3. Cover with cling film until the moment of service - bread dries quickly once cut.

Notes

Baby Shower High Tea and Custom Graze item. Ribbon refers to the layered look. Three filling varieties is standard for the Riviera high tea presentation.

Sweet Petit Fours

Assorted bite-sized sweet treats for high tea service

Dessert | Bakery | Bake / Assemble | Vegetarian | Baby Shower
Sections: Baby Shower: High Tea

Yield	48 pieces - 12 serves of 4
Method	Bake / Assemble
Label	Petit Fours
Recipe ID	sweet-petit-fours

Elements

Petit Fours Selection

Ingredients

Qty	Ingredient / prep
1 pkt	Lemon Lime Cheesecake GF - use for pre-made petit four base
200 g	Vanilla Mousse Mix - prepared as per packet
100 g	Icing Sugar - for dusting
100 g	Frozen Strawberries - thawed, for coulis
100 g	Pumpkin Seeds - or use pepitas/almonds as decoration
50 g	Pistachios Kernels - roughly chopped
200 g	Chocolate Dark Buttons - melted - for dipping/drizzling

Prep method

1. The petit four selection for Riviera events typically draws from 4 styles: (1) mini cheesecake bites, (2) chocolate-dipped fruit or biscuit, (3) mousse small bowls, (4) nut-and-spice balls (rum balls from stock).
2. Mini Cheesecake Bites: Cut pre-made cheesecake into 2-3 cm squares or rounds. Dip base in melted chocolate. Top with a slice of strawberry.
3. Chocolate Bark Bites: Melt chocolate. Spread thin on baking paper. Scatter with pistachios and icing sugar. Refrigerate until set. Break into irregular shards.
4. Mousse small bowls: Prepare vanilla mousse as per packet. Pipe into small shot glasses or espresso glasses. Top with a strawberry coulis (blended thawed strawberries + icing sugar).
5. Arrange 4 different pieces per person on the high tea stand.

On the day / service

1. Plate on the top tier of the high-tea stand.
2. Present with a dusting of icing sugar and edible flower garnish if available.
3. Keep refrigerated until 15 minutes before service.

Notes

High Tea Petit Fours - the assortment should vary per event. Four varieties minimum is the Riviera standard. Can be supplemented with premium bought-in petit fours (Bidfood range).

Oysters Florentine

Spinach · Blue Cheese · Cream

Starter | Grill / Bake | seafood

Sections: Standalone

Yield	1 oyster per serve - scale for dozen orders
Method	Grill / Bake
Label	Oysters Florentine
Recipe ID	oysters-florentine

Elements

Oyster | Florentine Topping

Ingredients

Qty	Ingredient / prep
1 pc	Oysters - shucked on half shell
4 g	Spinach - wilted, finely chopped, squeezed dry
5 g	Blue Cheese - crumbled
0 ml	Cooking Cream

Prep method

1. Wilt spinach and squeeze completely dry. Mix with blue cheese and cream to a thick paste.
2. Spoon a small amount of topping onto each oyster on the half shell.
3. Grill under salamander until topping bubbles and oyster is just set - approximately 3-4 minutes.
4. Serve immediately on rock salt or crushed ice.

On the day / service

1. Best for immediate service - do not hold finished oysters more than 5 minutes.
2. For functions, shuck and top to order or use a staffed oyster station.

Notes

Pumpkin Soup

Roasted Pumpkin · Leek · Veg Stock

Starter | Simmer / Blend | Gluten-Free | Vegetarian | vegetarian
Sections: Standalone

Yield	Approx. 4-5 L - 20-25 serves @ 200 ml
Method	Simmer / Blend
Label	Pumpkin Soup
Recipe ID	pumpkin-soup

Elements

Pumpkin Soup Base

Ingredients

Qty	Ingredient / prep
200 g	Pumpkin - peeled, diced
0.16 pc	Leeks - white part only, sliced
20 g	Brown Onions - diced
10 g	Garlic - crushed
6 g	Table Salt
4 g	Ground Black Pepper
10 g	Gourmet Veggie Stock Powder
100 ml	Water - per workbook portion line - scale batch for volume

Prep method

1. Sweat leek, onion and garlic in a little oil without colour until soft.
2. Add pumpkin and stock powder dissolved in water. Simmer until pumpkin is completely tender.
3. Blend until smooth. Season with salt and pepper. Adjust consistency with water or cream if required.
4. Hold hot at 75deg C for service or chill rapidly for reheat.

On the day / service

1. Serve 200 ml per bowl. Garnish with pepitas, cream swirl or sourdough croutons if offered on the menu.
2. Do not hold more than 90 minutes in bain marie - refresh surface with a stir every 20 minutes.

Notes

Source: Riviera Menu Builder / Breads tab. Workbook card is a single-portion costing sheet - scale ingredients proportionally for batch production.

Cannelloni Ricotta & Spinach

Béchamel · Pecorino · Basil

Main | Bake | Vegetarian | vegetarian
Sections: Standalone

Yield	2 shells per serve - scale batch for covers
Method	Bake
Label	Cannelloni
Recipe ID	cannelloni-ricotta-spinach

Elements

Cannelloni | Ricotta Filling | Béchamel

Ingredients

Qty	Ingredient / prep
2 pc	Cannelloni Shells
60 g	Ricotta
60 g	Pecorino - grated
30 g	Spinach - wilted, squeezed dry, chopped
50 g	Pizza Flour
50 g	Butter Unsalted
100 ml	Full Cream Milk
0.0125 pkt	Basil Fresh - chopped

Prep method

1. Mix ricotta, half the pecorino, spinach and basil for the filling. Season.
2. Pipe or spoon filling into cannelloni shells.
3. Make a quick béchamel: melt butter, whisk in flour, cook 1 minute, whisk in milk until smooth. Season.
4. Lay filled cannelloni in a buttered baking dish. Cover with béchamel and remaining pecorino.
5. Bake at 180deg C until bubbling and golden - approximately 25-30 minutes.

On the day / service

1. Rest 5 minutes before portioning. Serve 2 cannelloni per guest for Italian Long Lunch.
2. Hold covered in bain marie no more than 20 minutes after baking.

Notes

Source: Riviera Menu Builder / Italian Long Lunch tab.

Margherita Pizza

Classic · Parmi Sauce · Mozzarella · Basil

Main | Bake | Vegetarian | vegetarian

Sections: Standalone

Yield	1 pizza · scale base batch for volume
Method	Bake
Label	Margherita Pizza
Recipe ID	margherita-pizza

Elements

Pizza Base | Parmi Sauce | Mozzarella | Basil

Ingredients

Qty	Ingredient / prep
1 pc	Pizza Base 10 Classic
160 g	Parmi Sauce
240 g	Shredded Mozzarella
0.25 pkt	Thai Basil - leaves picked

Prep method

1. Spread Parmi Sauce evenly over pizza base to within 1 cm of the edge.
2. Scatter shredded mozzarella evenly - do not overload the centre.
3. Bake in pizza oven at 280-320deg C until base is crisp and cheese is bubbling with light colour - approximately 6-8 minutes depending on oven.
4. Remove from oven. Rest 1 minute. Tear basil leaves and scatter over the top. Serve immediately.

On the day / service

1. Cut into 6 wedges for individual serve or 8 for shared table.
2. For function pizza scrolls or mixed pizza platters, hold completed bases briefly at pass only - do not stack hot pizzas.

Notes

Source: Riviera Menu Builder / Pizzas tab (Margareta). Workbook lists Thai basil - use sweet basil if Thai basil unavailable.

Poached Salmon

125 g Fillet · Dill · Lemon

Main | Poach | Gluten-Free | Dairy-Free | seafood
Sections: Standalone

Yield	1 serve @ 125 g salmon fillet
Method	Poach
Label	Poached Salmon
Recipe ID	poached-salmon

Elements

Salmon Fillet | Poaching Liquor | Herbs

Ingredients

Qty	Ingredient / prep
125 g	Salmon Fillets
80 ml	Tuscan Oil
12 g	Table Salt
4 g	Cracked Black Pepper
0.3 pkt	Fresh Dill
4 g	Parsley - dried
1 pc	Lemons - juice and wedge

Prep method

1. Bring a shallow poaching pan of salted water to a gentle simmer with lemon, dill and parsley.
2. Submerge salmon fillet. Poach at a bare simmer until just cooked - 6-8 minutes for 125 g piece.
3. Remove carefully. Drain. Finish with a drizzle of Tuscan oil and lemon wedge.

On the day / service

1. Plate with seasonal greens or asparagus if offered on the menu.
2. Do not hold poached salmon hot more than 10 minutes - dries quickly.

Notes

Porchetta with Salsa Verde

Rolled Belly & Fillet · Herb Salt · Salsa Verde

Main | Roast | pork
Sections: Standalone

Yield	Approx. 12 kg rolled porchetta - 40-50 serves
Method	Roast
Label	Porchetta
Recipe ID	porchetta-salsa-verde

Elements

Porchetta Roll | Salsa Verde | Crackle

Ingredients

Qty	Ingredient / prep
4 kg	Pork Belly - skin on, butterflied
8 kg	Pork Fillet - trimmed
300 g	Garlic - minced
100 g	Rosemary Leaves - chopped
200 g	Oregano - dried
80 g	Sage - chopped
8 pkt	Flat Leaf Parsley - for salsa verde
2 pc	Lemon Zest Extra

Prep method

1. Score pork belly skin deeply in a crosshatch. Dry skin thoroughly overnight uncovered in coldroom if possible.
2. Combine garlic, rosemary, oregano and sage with salt for the herb paste. Rub over fillet and inside belly.
3. Lay fillet along belly and roll tightly. Tie at 3 cm intervals with butcher's twine.
4. Roast low initially to render fat, then finish high to crackle skin - target 68deg C internal at the loin.
5. Rest minimum 20 minutes before carving.
6. Prepare salsa verde with parsley, capers, anchovy, lemon and olive oil. Serve separately.

On the day / service

1. Carve 150-180 g cooked pork per guest for Italian Long Lunch.
2. Crackle skin served separately or on top - do not hold carved meat more than 15 minutes without jus.

Notes

Source: Riviera Menu Builder / Italian Long Lunch tab. Large-format batch recipe - confirm roll size with oven capacity before service.

Prosciutto Wrapped Chicken Breast

Prosciutto Wrapped Chicken · Lemon Caper Butter Jus · Herb Finish

Main | Roast | chicken | pork

Sections: Standalone

Yield	20 portions
Method	Roast
Label	Prosciutto Chicken
Recipe ID	prosciutto-chicken-lemon-caper

Elements

Wrapped Chicken | Lemon Caper Jus

Ingredients

Qty	Ingredient / prep
20 pc	Chicken Breast Fillets - 180-200g each - sinew removed. Do NOT butterfly - the whole breast must stay intact for the prosciutto wrap to hold.
40 slices	Prosciutto di Parma or San Daniele - 2 slices per breast - lay on cling film slightly overlapping to form a rectangle before wrapping. Thin slicing at setting 2.
80 g	Capers - baby capers, drained and rinsed - left whole
3 pc	Lemons - juice of 2 (60ml) for jus; zest of 1 for finish
200 ml	Dry White Wine - Pinot Gris or Chardonnay
500 ml	Good Chicken Stock - reduced by half to 250ml before use - weak stock produces a thin jus that will not mount properly
80 g	Butter - cold, cubed - 60g for jus mount, 20g for basting
2 pc	Eschalots - fine dice - jus base
10 g (approx. 2 cloves)	Garlic - fine slice - jus base
60 g (approx. 1 bunch)	Flat Leaf Parsley - fine chop - finish only, not in jus
5 g	Fresh Tarragon - fine chop - finish, optional
20 ml	Olive Oil - for searing - light coat only
Minimal	Salt - for inside of wrap only if chicken is very large - prosciutto is heavily salted
to taste	Cracked Pepper

Prep method

- WRAP** (day prior or morning of service): Lay cling film flat. Lay 2 slices prosciutto slightly overlapping to form a 20x15cm rectangle. Season chicken breast with pepper only (no salt - prosciutto provides salt). Place breast at the near edge of prosciutto, tuck in any thin tail to create an even cylinder. Roll tightly using cling film as a guide, twisting ends to compress. Refrigerate wrapped minimum 2 hours, ideally overnight - helps prosciutto adhere.
- SEAR**: Remove cling film. Heat a wide oven-proof sauté pan over high heat. Add a thin film of olive oil. Place parcels seam-side down first - seals the prosciutto join before any other face. Sear seam-side 2-3 min until prosciutto crisps and grips. Turn carefully and colour remaining faces - total sear time 8-10 min. Prosciutto should be deep golden and slightly crisp on all faces.
- ROAST**: Transfer pan directly to 185deg C oven. Roast 16-20 min. Probe at thickest point - remove at 70deg C internal (carryover will take to 74deg C during rest). Baste once at the 10-min mark with 20g melted butter. Rest uncovered minimum 5 min on a rack - do not rest flat on a tray or prosciutto bottom steams soft.
- JUS - BUILD**: Carefully pour off excess fat from searing pan, leaving 5 ml. Over medium heat, sweat eschalots until soft, 3 min. Add garlic, 1 min. Deglaze with white wine, scraping all fond. Reduce wine to almost dry.
- JUS - REDUCE**: Add pre-reduced chicken stock (250ml). Bring to a steady simmer, reduce by one-third - 5-8 min - until jus just begins to coat the back of a spoon.
- JUS - MOUNT**: Remove pan from heat. Add cold butter cubes, swirling constantly to create an emulsified, glossy jus. Do not return to heat after butter is added. Add lemon juice (start with 40ml, taste), capers, and lemon zest. Season with pepper.
- HOLD** (for event): Rest and hold whole wrapped breasts on a rack in a low oven at 65deg C, uncovered. Jus held separately in a bain marie at 60deg C, butter not yet added. Mount jus with butter and finish with lemon and capers at the pass.
- SERVICE CUT**: Slice each breast on an angle in half or into 3 pieces. If prosciutto has gone soggy during hold, run under a salamander for 60 sec before service.

On the day / service

- PLATE**: 1 breast per portion. Place chicken slightly off-centre. Spoon or pour 40-50ml jus around base of chicken - not over the top. The prosciutto crust is the visual and textural hero; do not drown it in sauce.
- GARNISH**: Fine parsley and lemon zest over the chicken.
- GN EVENT**: Hold whole breasts as above. Slice to order at the pass if possible. Jus in squeeze bottle for controlled portioning.
- CRISP FACTOR**: If prosciutto has softened, a 45-second pass under a hot salamander before plating restores crispness.

Notes

Preferred wrap method is the cling film roll-and-refrigerate technique - results in a self-adhering prosciutto shell without toothpicks (foreign body contamination risk at 80 covers). Stock pre-reduced to 250ml gives the jus necessary concentration before butter mount. Seam-side searing first is the correct sequence - if you sear presentation-side first, the seam opens under heat. Prosciutto chicken must rest on a rack, never flat - steam from the tray makes the underside soft. High oven temperature (185deg C) is deliberate - at 180deg C the prosciutto risks going leathery rather than crisp.

Rib Fillet 300 g

Chargrilled · Chips · Side Salad

Main | Grill | Gluten-Free | beef

Sections: Standalone

Yield	1 serve @ 300 g raw rib fillet
Method	Grill
Label	Rib Fillet 300
Recipe ID	rib-fillet-300

Elements

Rib Fillet | Chips | Side Salad

Ingredients

Qty	Ingredient / prep
300 g	Rib Fillet
160 g	Chip Stay Crisp - cooked chips portion
1 pc	Side Salad - dressed leaves - see roquette or garden salad standard

Prep method

1. Temper rib fillet 30 minutes at room temperature. Season generously with salt and cracked pepper.
2. Chargrill over high heat to desired doneness - medium-rare target 52deg C internal before rest.
3. Rest minimum 8 minutes before serving.
4. Serve with hot chips and side salad.

On the day / service

1. Steaks + Grill menu format - plate at pass only, do not hold sliced beef in bain marie.
2. Offer sauce optional - peppercorn or red wine jus if on function menu.

Notes

Source: Riviera Menu Builder / Steaks + Grill tab. Distinct from eye fillet main (fillet-beef-tempranillo).

Slow Cooked Beef Albondigas

Spanish Meatballs · Smoked Paprika & Passata Sauce · Shaved Manchego

Main | Buffet | Braise | beef | pork

Sections: Standalone

Yield	20 portions
Method	Braise
Label	Beef Albondigas
Recipe ID	slow-cooked-beef-albondigas-buffet

Elements

Beef & Pork Meatballs | Smoked Paprika Sauce | Shaved Manchego

Ingredients

Qty	Ingredient / prep
1 kg	Beef Mince - 15-20% fat content - do not use extra lean, will produce dry, crumbling balls
400 g	Pork Mince - fat adds binding and moisture - same fat ratio requirement
120 g	Fresh Breadcrumbs - from day-old white bread, crusts removed - not panko
60 ml	Full Cream Milk - to soak breadcrumbs - panade prevents protein contraction and dry texture
2 pc	Eggs - lightly beaten
25 g (approx. 5 cloves)	Garlic - microplane - meatball mix
30 ml	Smoked Paprika - meatball mix - divided from sauce quantity; sauce
5 ml	Ground Cumin - meatball mix
60 g (approx. 1 bunch)	Flat Leaf Parsley - fine chop - half in mix, half reserved for finish
12 g	Fine Salt - meatball mix - weigh, do not eyeball
2 g	White Pepper - meatball mix
60 ml	Olive Oil - divided - searing and sauce
2 pc	Brown Onions - fine dice - sauce
15 g (approx. 3 cloves)	Garlic - fine slice - sauce
5 ml	Dried Chilli Flakes - sauce - optional, adjustable
700 ml	Passata
200 ml	Chicken Stock
100 ml	Dry Sherry or Dry White Wine - acid anchor for sauce
1 pc	Bay Leaf
120 g	Manchego - shaved on a mandoline or peeler - not grated
to taste	Flaked Sea Salt & Black Pepper - finishing only

Prep method

- PANADE:** Combine fresh breadcrumbs and milk in a small bowl. Allow to soak 10 min until fully absorbed. This panade step is critical - it introduces a starch-moisture matrix into the mince that physically prevents excessive protein crosslinking during cooking. Without it, meatballs tighten and dry even in a braise.
- MEATBALL MIX:** Combine beef mince, pork mince, soaked panade, beaten eggs, microplaned garlic, 15 ml smoked paprika, cumin, half the parsley, weighed salt, and white pepper. Mix with hands until just combined - do not overwork. Overworking develops gluten from the breadcrumbs and toughens the mix. Fry off a small test portion in the pan and taste for seasoning before rolling all balls.
- ROLL:** Portion with a 40g scoop for consistency. Roll between palms with light pressure. Refrigerate rolled balls on a lined tray for 20 min before searing - chilling firms them and reduces crumbling in the pan.
- SEAR:** Heat 30 ml olive oil in a wide heavy-based pot or rondeau over medium-high heat. Sear meatballs in batches of 10-12 - do not crowd. Colour on all sides, approximately 4-5 min per batch. The Maillard crust is structural as well as flavour - it prevents the balls from disintegrating during the braise. Transfer to a tray. Discard excess rendered fat, leave 15 ml in pan.
- SAUCE:** In the same pot, sweat onion in remaining oil over medium heat 6-8 min until completely soft and translucent - no colour. Add sliced garlic, cook 2 min. Add 15 ml smoked paprika and chilli flakes, stir 60 seconds until fragrant - bloom the spice in fat before adding liquid. Deglaze with sherry or wine, scraping the fond. Reduce by half, approximately 2 min. Add passata, stock, bay leaf. Stir, bring to a simmer. Taste - sauce should be savoury, slightly smoky, with a clean acid finish from the wine.
- BRAISE:** Nestle meatballs into sauce in a single layer if possible. Cover with a cartouche and tight-fitting lid. Transfer to oven at 160deg C and braise for 30-35 min. Do not boil - aggressive heat causes the protein to contract and the balls to tighten. Gentle oven braise gives even, surrounding heat. After 30 min, remove lid and cook a further 10 min to reduce and concentrate sauce.
- FINISH:** Remove bay leaf. Taste sauce and adjust - add a few ml of sherry vinegar if acid is flat, season with sea salt. Sauce should coat a spoon lightly but still flow. If too thick, add a splash of stock. Scatter reserved parsley through.

On the day / service

- Buffet:** transfer to GN 1/1 with lid or chafing dish. Hold in bain marie at 75deg C with sauce covering meatballs - exposed balls dry on the surface within 20 min.
- Individual plated:** 3-4 meatballs per portion, ladle sauce generously, shave manchego at the pass using a peeler, scatter parsley. Manchego must be applied at pass - it dissolves and goes greasy if it sits in the hot sauce.
- Batch ahead:** albondigas improve with resting. Cook the day before, refrigerate in sauce. Reheat gently in a covered pot at 150deg C for 25 min or in a bain marie over 45 min. Sauce will tighten overnight - correct with a small addition of stock on reheat.

Notes

The panade (milk-soaked breadcrumbs) is the single most important technical step in this recipe - do not substitute with dry breadcrumbs added directly. The milk hydrates the starch which forms a gel network that dilutes myosin density, keeping the texture light and moist through the braise. Sherry or dry white wine is not optional - passata alone produces a flat, one-dimensional sauce. The acid from the wine interacts with the fat-soluble compounds in the smoked paprika to extend and lift the flavour. Manchego at service only: it is a finishing cheese, not a melting cheese - applying it hot kills its character. Passata is correct over Napoli for this application - it is a simpler, less herb-forward base that lets the smoked paprika and cumin lead.

Stuffed Squid

Prosciutto · Guanciale · Baby Octopus · Pecorino

Main | Roast / Grill | seafood

Sections: Standalone

Yield	1 serve - scale for Italian Long Lunch covers
Method	Roast / Grill
Label	Stuffed Squid
Recipe ID	stuffed-squid

Elements

Stuffed Squid Tube | Lemon Zest | Herbs

Ingredients

Qty	Ingredient / prep
100 g	Squid Tubes U/10
20 g	Prosciutto Sliced - fine dice
15 g	Guanciale - fine dice
40 g	Baby Octopus - cleaned, chopped
15 g	Olives - chopped
20 g	Garlic - minced
5 g	Lemon Zest Extra
0.25 pkt	Flat Leaf Parsley - chopped
5 g	Pecorino - grated

Prep method

1. Combine prosciutto, guanciale, octopus, olives, garlic, lemon zest, parsley and pecorino for the stuffing.
2. Fill squid tubes loosely - do not overpack or tubes will burst during cooking.
3. Secure open end with a toothpick if needed.
4. Char on a hot grill or roast at 200deg C until squid is just opaque and stuffing is hot through - approximately 8-10 minutes.
5. Rest 2 minutes. Slice on the bias. Finish with extra lemon zest and parsley.

On the day / service

1. Plate immediately - squid toughens quickly on hold.
2. Italian Long Lunch format: 1 stuffed squid serve per cover unless menu specifies shared.

Notes

Burnt Butter Mash

Rich potato mash for plated mains and buffet

Side | Simmer | Gluten-Free | Vegetarian

Sections: Standalone

Yield	35 serves @ approx. 170-180 g per serve
Method	Simmer
Label	Burnt Butter Mash
Recipe ID	burnt-butter-mash

Elements

Burnt Butter Mash

Ingredients

Qty	Ingredient / prep
780 g	Instant Mash - potato flakes
3.5 L	Water - boiling
1.5 L	Thickened Cream - heated
1 kg	Butter Unsalted - cubed
1 pkt	Thyme - leaves stripped
25 g	Table Salt
5 g	Ground Black Pepper

Prep method

1. Combine boiling water and hot thickened cream in a large bowl. Add potato flakes and mix well until absorbed and lump-free. Cover and rest 2 minutes.
2. In a heavy-based saucepan, melt butter over medium-high heat. Cook until the milk solids turn golden brown and smell nutty (beurre noisette stage), approximately 4-5 minutes. Watch closely and remove from heat immediately.
3. Pour the browned butter over the mash - include the brown solids. Add thyme leaves, salt and pepper. Mix vigorously until smooth and silky.
4. Taste and adjust seasoning. Mash should be rich, creamy and well-seasoned.
5. Transfer to a deep hotel pan. Cover surface directly with cling film to prevent a skin. Hold in a bain marie at 75deg C, or refrigerate and reheat.

On the day / service

1. Serve in a bain marie at 75deg C or pipe/quenelle per plate.
2. For plated: portion 150-180 g per plate using a piping bag or large spoon.
3. For buffet: serve from hotel pan. Stir every 20 minutes and top with a small knob of butter.
4. Holds 4 days refrigerated. Reheat gently with a splash of cream, stirring constantly.

Notes

Source: Riviera Menu Builder workbook / Sides tab. LOCKED HOUSE SOP per Recipe Migration Ledger. Uses instant mash for speed and consistency at volume.

Cannellini Beans with Pancetta & Asparagus

Charred Asparagus · Lemon · Sage

Side | Braise / Grill | Gluten-Free | pork
Sections: Standalone

Yield	Approx. 8-10 kg finished beans - 40 serves @ 200 g
Method	Braise / Grill
Label	Cannellini Beans
Recipe ID	cannellini-beans-pancetta-asparagus

Elements

Cannellini Beans | Pancetta | Asparagus

Ingredients

Qty	Ingredient / prep
6.5 kg	Cannellini Beans in Brine - drained, rinsed
2 kg	Pancetta - diced
20 pkt	Broccolini - or asparagus - charred
600 g	Garlic - minced
40 pc	Lemons - zest and juice
110 g	Sage - chopped
100 ml	Tuscan Oil
40 g	Table Salt

Prep method

1. Render pancetta until crisp. Remove half for garnish; leave fat in pan.
2. Sweat garlic in pancetta fat. Add beans, sage and enough water to just cover. Simmer 20 minutes until creamy.
3. Char broccolini or asparagus on grill. Fold through beans with lemon zest and juice. Season.
4. Finish with remaining crisp pancetta and a drizzle of Tuscan oil.

On the day / service

1. Serve 180-200 g per guest as Italian Long Lunch side.
2. Hold in GN at 75deg C; stir before service to refresh consistency.

Notes

Heritage Chip Seasoning

House Blend · Salt · Herbs · Spice

Side | Seasoning | Blend | vegan | gluten-free

Sections: Standalone

Yield	Approx 200g
Method	Blend
Label	Chip Seasoning
Recipe ID	heritage-chip-seasoning

Elements

Salt Blend | Herb & Spice Mix

Ingredients

Qty	Ingredient / prep
60 g	Fine Sea Salt
20 g	Garlic Powder
20 g	Onion Powder
15 g	Smoked Paprika
10 g	Sweet Paprika
10 g	Dried Oregano
8 g	Dried Thyme
5 g	Ground White Pepper
5 g	Ground Black Pepper
3 g	Caster Sugar
2 g	Cayenne Pepper - adjust for audience - omit for children's menus

Prep method

1. **BLEND:** Weigh all ingredients precisely. Combine in a large bowl and whisk thoroughly until fully uniform - no visible streaking of individual spices.
2. **SIEVE:** Pass the entire blend through a fine-mesh sieve to break up any clumps, particularly from the garlic and onion powders. Discard any large particles that won't pass through.
3. **STORE:** Transfer to a labelled airtight container. Store away from heat, light, and humidity. Date and initial the container.

On the day / service

1. Apply to hot chips immediately out of the fryer while oil is still on the surface - seasoning adheres best to hot, moist chips. Season in a bowl, not on a flat tray, and toss to coat evenly.
2. Standard application: 3-4g per 150g portion of chips. Adjust to taste.

Notes

House blend - batch weekly or as required. Total yield approximately 158g without cayenne, 160g with. Adjust cayenne to event audience - reduce to 1g or omit entirely for children's menus. Store in a labelled airtight container; keep away from humidity as garlic and onion powders cake quickly. Check and re-sieve if stored longer than 7 days.

Butterscotch Toffee Sauce

For sticky date madeleines and desserts

Component | **Sauce** / **Base** | **Simmer** | **Gluten-Free** | **Vegetarian**
Sections: Standalone

Yield	Approx. 1 kg - 40-50 dessert serves at 20-25 g per serve
Method	Simmer
Label	Butterscotch Sauce
Recipe ID	butterscotch-toffee-sauce

Elements

Butterscotch Toffee Sauce

Ingredients

Qty	Ingredient / prep
500 g	Brown Sugar
250 g	Butter Unsalted - cubed
500 ml	Thickened Cream
20 g	Vanilla Sugar
6 g	Table Salt

Prep method

1. Combine brown sugar and butter in a heavy-based saucepan over medium heat. Stir constantly until the butter melts and the sugar dissolves - do not allow to burn.
2. Once sugar is fully dissolved and mixture is bubbling, cook a further 2-3 minutes stirring constantly until slightly deepened in colour (light toffee colour).
3. Carefully add thickened cream - mixture will spit. Stir well to combine.
4. Add vanilla sugar and salt. Bring back to a simmer and cook 3-4 minutes until smooth, glossy and coating the back of a spoon.
5. Remove from heat. Cool slightly. Transfer to a labelled container. Refrigerate.

On the day / service

1. Reheat gently in a small saucepan over low heat or in a bain marie, stirring. Do not boil.
2. For madeleines: pour 25 ml warm sauce into the base of the serving dish before placing the warm madeleine on top.
3. For dessert buffet: serve in a warm sauce pot with a ladle - refresh every 20 minutes.

Notes

Source: Riviera Menu Builder workbook / Desserts tab. Active dessert component for sticky date madeleines. Holds 10 days refrigerated.

Kilpatrick Sauce

BBQ · Worcestershire · Smoked Paprika · Brown Sugar

Sauce | Sauce / Base | Simmer | Dairy-Free

Sections: Standalone

Yield	500 ml
Method	Simmer
Label	Kilpatrick Sauce
Recipe ID	kilpatrick-sauce-house

Elements

Kilpatrick Sauce

Ingredients

Qty	Ingredient / prep
350 ml	BBQ Sauce
120 ml	Worcestershire Sauce
45 g	Brown Sugar - approx. 45 ml, packed
8 g	Smoked Paprika - approx. 15 ml
3 g	Chilli Flakes - approx. 1-7.5 ml - adjust to heat preference

Prep method

1. Combine BBQ sauce, Worcestershire sauce, brown sugar, smoked paprika and chilli flakes in a small saucepan.
2. Place over medium-low heat. Whisk to combine and dissolve sugar. Bring to a gentle simmer.
3. Simmer for 5-8 minutes, whisking occasionally, until sauce is glossy, slightly thickened and coats the back of a spoon.
4. Remove from heat. Taste and adjust chilli flakes for heat or sugar for balance.
5. Cool to room temperature before decanting into a squeeze bottle or labelled storage container. Refrigerate. Use within 7 days.

On the day / service

1. Spoon or pipe directly onto freshly shucked oysters before finishing under the salamander at 220deg C for 3-4 minutes until bubbling and caramelised.
2. Can also be used as a smoky-sweet glaze brushed onto proteins during the final stages of grilling.

Notes

Set to mild-medium heat profile. Increase chilli flakes to 5 g for a hotter version if required. Brown sugar and spice quantities converted to metric weights for batch scaling accuracy.

Pickled Cucumber Brine

Apple Cider Vinegar · Seeded Mustard · Dill

Prep | Pickle / Base | Steep | Vegan | Gluten-Free | Dairy-Free

Sections: Standalone

Yield	Enough for ~6 cucumbers
Method	Steep
Label	Cucumber Brine
Recipe ID	pickled-cucumber-brine

Elements

Pickle Liquor | Whole Dill | Seeded Mustard | Cucumber Pickle

Ingredients

Qty	Ingredient / prep
1 L	Water
500 ml	Apple Cider Vinegar
150 g	Seeded Mustard
10 g (approx. 5 sprigs)	Dill - whole
14 g	White Pepper - whole or cracked
18 g	Table Salt
20 g	Caster Sugar - approx. 22 ml
1 g	MSG
3 pc	Bay Leaves

Prep method

1. Combine water, apple cider vinegar, seeded mustard, white pepper, table salt, sugar, MSG and bay leaves in a medium saucepan.
2. Bring to a gentle simmer over medium heat, stirring to fully dissolve salt and sugar - approximately 3-4 minutes. Do not boil hard.
3. Remove from heat immediately once dissolved. Add whole dill sprigs.
4. Allow to cool to room temperature, then refrigerate until completely cold (below 10deg C) before using - do not pour hot brine over cucumbers.
5. Slice cucumbers as required and pack into clean sealed containers. Pour cold brine over to fully submerge. Seal, label and refrigerate.
6. Cucumbers are ready after a minimum 24 hours. Flavour develops further over 48-72 hours.

On the day / service

1. Use pickled cucumbers in Labneh Tzatziki and as garnish applications. Reserve brine - it is an active ingredient in the tzatziki recipe and can be used to adjust acidity in dressings and sauces.

Notes

House batch targets approximately 6 cucumbers. Sugar quantity converted to metric (20 g) for consistency. Brine must be fully cold before use - hot brine softens cucumbers and reduces crunch. Brine can be strained and reused once for a second batch if cucumbers are added within 5 days; discard after second use.

Tarragon Cream Sauce

Rich velouté-style sauce for chicken and plated mains

Component | Sauce / Base | Sauté / Simmer
Sections: Standalone

Yield	Approx. 2.3-2.4 L - 35 portions @ 65 ml
Method	Sauté / Simmer
Label	Tarragon Cream Sauce
Recipe ID	tarragon-cream-sauce

Elements

Tarragon Cream Sauce

Ingredients

Qty	Ingredient / prep
250 g	Butter Unsalted - cubed
12 pc	Shallots - finely diced
50 g	Rice Flour (Fine)
45 g	Corn Flour Maize
1 L	Full Cream Milk
1 L	Water
40 g	Chicken Booster
360 ml	White Wine Cooking Wine
1 pkt	Tarragon - leaves stripped, finely chopped
650 ml	Thickened Cream
4 pc	Lemons - juice only
3 g	Ground Black Pepper
5 g	Table Salt

Prep method

1. Melt butter in a heavy-based saucepan over medium heat. Add finely diced shallots and sweat without colouring for 5-6 minutes until soft and translucent.
2. Add white wine and reduce by two-thirds, approximately 4-5 minutes.
3. Whisk rice flour and corn flour together with a small amount of cold water to form a slurry. Set aside.
4. Add full cream milk, water and chicken booster to the pan. Bring to a gentle simmer, stirring.
5. Whisk in the flour slurry gradually, stirring constantly to prevent lumps. Simmer over low heat for 8-10 minutes until the sauce thickens and no raw flour taste remains.
6. Stir in thickened cream. Return to a gentle simmer for 3-4 minutes.
7. Add lemon juice, chopped tarragon, salt and pepper. Taste and adjust seasoning.
8. Pass through a fine sieve if a smooth result is needed. Transfer to a hotel pan, cover surface with cling film and refrigerate.

On the day / service

1. Reheat gently over low heat or in a bain marie, stirring regularly. Do not boil once cream has been added.
2. Serve at 75deg C. Portion 60-70 ml per plate for plated chicken mains.
3. Holds 3 days under refrigeration. Do not freeze.

Notes

Source: Riviera Menu Builder workbook / Toppers tab. LOCKED HOUSE SOP per Recipe Migration Ledger. Use for Prosciutto Wrapped Chicken Breast and other plated chicken mains.

Calamari Flour Mix

Rice Flour · Corn Flour · Lemon Pepper

Prep | Dry Mix | Mix | Gluten-Free | Dairy-Free | Vegan
Sections: Standalone

Yield	3.25 parts
Method	Mix
Label	Calamari Flour Mix
Recipe ID	calamari-flour-mix

Elements

Seasoned Flour

Ingredients

Qty	Ingredient / prep
1 part	Coarse Rice Flour
1 part	Corn Flour
0.5 part	Lemon Pepper Seasoning
0.25 part	Sweet Paprika Powder
0.125 part	Salt
0.25 part	Dried Oregano
0.125 part	Cracked Black Pepper

Prep method

1. Weigh all ingredients by chosen part size (e.g. 200 g per part for a medium batch) into a large dry bowl.
2. Whisk thoroughly until colour and seasoning are completely uniform throughout - no clumps or streaks of paprika.
3. Transfer to an airtight labelled container. Store in a cool, dry area away from moisture. Label with batch date.
4. Before service: set up a shallow tray or bowl with the flour mix at the fry station. Toss calamari rings in the mix immediately before frying - do not pre-coat and hold, as moisture will clump the coating.
5. Fry at 180deg C in the fryer for 2-2.5 minutes until golden and crisp. Shake excess flour before dropping into oil.

On the day / service

1. Shake excess flour from calamari before dropping into fryer to prevent oil contamination.
2. Fry in small batches to maintain oil temperature. Drain on a wire rack, season lightly and serve immediately.

Notes

House ratio recipe - scale up or down by part size. A standard prep batch is typically 200 g per part (total 650 g). Confirm fryer oil temperature with a probe before service - target 180deg C.

Cannoli Coffee-Nutella Filling

Espresso & Nutella - for roving cannoli service

Component | No-Cook / Mix | Gluten-Free | Vegetarian
Sections: Standalone

Yield	Approx. 1 kg filling - sufficient for 80-100 filled cannoli
Method	No-Cook / Mix
Label	Coffee-Nutella Cannoli Filling
Recipe ID	cannoli-coffee-nutella-filling

Elements

Coffee-Nutella Cannoli Filling

Ingredients

Qty	Ingredient / prep
500 g	Ricotta - drained overnight if wet
300 g	Mascarpone 1Kg
160 g	Nutella
40 g	Icing Sugar - sifted
8 g	Freeze Dried Coffee - dissolved in 10 ml warm water
80 ml	Thickened Cream - lightly whipped
2 g	Table Salt

Prep method

1. Drain ricotta in a fine sieve for a minimum 4 hours or overnight if wet.
2. Beat mascarpone until smooth. Add ricotta and mix until lump-free.
3. Dissolve freeze-dried coffee in 10 ml of warm water to form a concentrated espresso paste.
4. Add Nutella, coffee paste and sifted icing sugar. Mix on medium until fully incorporated and glossy.
5. Fold in lightly whipped thickened cream to lighten the texture. Add salt. Taste.
6. Transfer to a piping bag. Refrigerate until service.

On the day / service

1. Fill cannoli immediately before service - same rule as pistachio filling.
2. For roving service: alternate between pistachio and coffee-Nutella flavours on each tray.
3. Garnish with a dusting of cocoa powder or coffee sugar on the filled ends.
4. Holds 3 days refrigerated.

Notes

Source: Riviera Menu Builder workbook / Desserts tab. Second roving cannoli filling. Pairs with the Pistachio filling for the duo roving dessert service.

Cannoli Pistachio Filling

White chocolate & pistachio - for roving cannoli service

Component | No-Cook / Mix | Gluten-Free | Vegetarian

Sections: Standalone

Yield	Approx. 1 kg filling - sufficient for 80-100 filled cannoli
Method	No-Cook / Mix
Label	Pistachio Cannoli Filling
Recipe ID	cannoli-pistachio-filling

Elements

Pistachio Cannoli Filling

Ingredients

Qty	Ingredient / prep
500 g	Ricotta - drained overnight if wet
300 g	Mascarpone 1Kg
120 g	Pistachio Spread 200G
70 g	Icing Sugar - sifted
30 g	Pistachios Kernels - roughly chopped
0.5 pc	Lemons - zest only
2 g	Table Salt

Prep method

1. If ricotta is wet, drain in a fine sieve lined with muslin in the refrigerator for a minimum 4 hours or overnight. Wet ricotta will make filling too loose.
2. Beat mascarpone briefly until smooth. Add drained ricotta and mix on medium speed until well combined and lump-free.
3. Add pistachio spread and sifted icing sugar. Mix until fully incorporated and filling is smooth and thick.
4. Fold in chopped pistachios and lemon zest. Add salt. Taste and adjust sweetness.
5. Transfer to a piping bag fitted with a round tip. Refrigerate until service - filling must be cold before filling shells.

On the day / service

1. Fill cannoli shells immediately before service - filled shells soften within 20-30 minutes.
2. For roving service: keep filling in chilled piping bags and fill on request or in small batches.
3. Garnish filled end with crushed pistachios or a dusting of icing sugar.
4. Filling holds 3 days refrigerated in sealed piping bag.

Notes

Source: Riviera Menu Builder workbook / Desserts tab. One of two roving cannoli filling flavours. Fill only within 15 minutes of service.

Chicken Ballotine Stuffing

Mascarpone · Spinach · Prosciutto · Breadcrumb

Component | **Mix / Fill** | **chicken**

Sections: Standalone

Yield	Approx. 4.5 kg stuffing - 8-10 ballotines
Method	Mix / Fill
Label	Ballotine Stuffing
Recipe ID	chicken-ballotine-stuffing

Elements

Ballotine Filling

Ingredients

Qty	Ingredient / prep
1 kg	Chicken Thighs Fillets - minced or finely diced
560 g	Mascarpone
1.5 kg	Spinach - wilted, squeezed dry, chopped
290 g	Sun Dried Tomato Halves - drained, chopped
290 g	Pitted Green Olives - chopped
290 g	Prosciutto Sliced - fine dice
320 g	Breadcrumbs GF
16 pc	Eggs

Prep method

1. Combine mascarpone, minced thigh, spinach, sun-dried tomato, olives, prosciutto and breadcrumbs.
2. Beat eggs and fold through until mixture binds - should hold shape when squeezed.
3. Season with salt and pepper. Chill until firm before filling ballotines.

On the day / service

1. Use as filling for chicken ballotine mains - pipe or spoon into boned chicken maryland or breast.
2. Hold filled raw ballotines refrigerated maximum 24 hours before cook.

Notes

Source: Riviera Menu Builder / Mains tab. Component only - ballotine cook method on separate plated main card.

Crispy Capers

Fried baby capers for calamari, tartare and garnish

Component | Deep Fry | Gluten-Free | Vegan

Sections: Standalone

Yield	500 g batch - approx. 200 garnish portions
Method	Deep Fry
Label	Crispy Capers
Recipe ID	crispy-capers

Elements

Crispy Capers

Ingredients

Qty	Ingredient / prep
500 g	Baby Capers - drained well, patted completely dry on chux

Prep method

1. Drain baby capers thoroughly. Spread on a chux-lined tray and pat completely dry - any moisture causes violent spitting when fried.
2. Heat fryer oil to 190deg C.
3. Fry capers in small batches (2-45 ml) for 60-90 seconds until golden and crisp. They will pop and spit - stand back and use a splatter guard.
4. Remove with a spider or slotted spoon. Drain on a fresh chux-lined tray.
5. Cool completely before storing. Do not cover while hot.

On the day / service

1. Serve at room temperature, sprinkled over calamari fritti, fish dishes or salads.
2. Best used same day - capers lose crunch after a few hours.
3. Store uncovered at room temperature for up to 4 hours only.

Notes

Source: Riviera Menu Builder workbook / Toppers tab. Critical component for Calamari Fritti garnish. Must be completely dry before frying.

House Chip Seasoning

Chicken Salt · Lemon Pepper · Smoked Paprika · MSG

Prep | Dry Mix | Mix | Gluten-Free | Dairy-Free | Vegan
Sections: Standalone

Yield	2.1 kg
Method	Mix
Label	Chip Seasoning
Recipe ID	house-chip-seasoning

Elements

Chip Dust

Ingredients

Qty	Ingredient / prep
600 g	Chicken Salt
50 g	MSG
100 g	Cracked Black Pepper
50 g	Smoked Paprika
50 g	Ground Cumin
70 g	Garlic Powder
30 g	Dried Oregano
150 g	Lemon Pepper Seasoning
900 g	Table Salt
100 g	Caster Sugar

Prep method

1. Weigh each ingredient individually into a large dry bowl.
2. Whisk vigorously until colour is completely uniform - no visible streaks of paprika or cumin. Total batch weight: 2.1 kg.
3. Transfer to an airtight labelled dry-store container. Store away from moisture and heat. Label with batch date.
4. Season chips immediately after frying while still hot - seasoning adheres best when oil is fresh on the surface.

On the day / service

1. Apply seasoning to chips immediately out of the fryer while draining on the rack.
2. Toss or shake chips with seasoning in a metal bowl for even coverage. Do not over-season - the mix is high in salt.

Notes

House ratio batch: 600 g chicken salt, 50 g MSG, 100 g cracked black pepper, 50 g smoked paprika, 50 g cumin, 70 g garlic powder, 30 g oregano, 150 g lemon pepper, 900 g table salt, 100 g sugar. Scale proportionally as needed. Chicken salt already contains salt - the addition of 900 g table salt makes this a high-sodium blend; taste before applying heavily and ensure portion discipline at the fry station.

Lamb Citrus Herb Brine

Rosemary · Thyme · Garlic · Lemon

Prep | Brine | Gluten-Free | Dairy-Free | lamb
Sections: Standalone

Yield	For 5 kg lamb
Method	Brine
Label	Lamb Brine
Recipe ID	lamb-citrus-herb-brine

Elements

Herb Brine | Garlic | Lemon

Ingredients

Qty	Ingredient / prep
180 g	Salt
120 g	Sugar
60 g (approx. 12 cloves)	Garlic - skin on, lightly crushed
12 g (approx. 6 sprigs)	Rosemary - whole
10 stems	Thyme - whole
5 L	Water - hot (just off the boil); cold or iced
3 pc	Lemons - sliced into rounds, seeds removed

Prep method

1. Combine salt, sugar and 1 L hot water in a large container or brine pot. Stir until salt and sugar are fully dissolved.
2. Add crushed garlic, rosemary, thyme and sliced lemons. Stir to combine.
3. Add 4 L cold water. Stir thoroughly and check temperature - brine must be below 5deg C before adding lamb. Refrigerate or add ice if needed to reach temperature.
4. Submerge lamb completely in brine. Weigh down with a plate or lid to keep submerged if needed.
5. Cover, label with date and time, and refrigerate in the coldroom. Brine for exactly 24 hours.

On the day / service

1. After 24 hours, drain lamb and discard brine. Do not reuse.
2. Pat lamb completely dry with paper towel. Allow to temper at room temperature for 20-30 minutes before cooking.
3. Grill on chargrill over high heat or cook in kick oven as required by the specific recipe. For Chargrilled Lamb Cutlets: sear on chargrill at high heat 2-3 minutes per side to achieve char, then rest 3-4 minutes tented loosely before service. Internal target: 60-62deg C for medium-rare.

Notes

This brine is the standard 24-hour pre-cook brine for the Chargrilled Lamb Cutlet recipe. Timing is critical - over-brining beyond 24 hours will result in overly salty, texturally compromised meat. Always brine in the coldroom, never at ambient temperature. Batch is scaled for 5 kg lamb - scale salt and sugar proportionally for smaller batches (36 g salt and 24 g sugar per 1 kg lamb).

Reef Fish Batter

Sparkling Water · Seasoned Flour · Vodka

Prep | Batter | Mix | seafood
Sections: Standalone

Yield	Slider station batch
Method	Mix
Label	Reef Fish Batter
Recipe ID	reef-fish-batter

Elements

Wet Batter

Ingredients

Qty	Ingredient / prep
1 kg	Self-Raising Flour
1 L	Sparkling Water - very cold - keep refrigerated until use
50 g	Salt Flakes
30 g	Cracked Black Pepper
20 g	Garlic Powder
20 g	Onion Powder
30 ml	Vodka

Prep method

1. Combine self-raising flour, salt flakes, cracked pepper, garlic powder and onion powder in a large cold bowl. Whisk dry ingredients to distribute evenly.
2. Gradually pour in cold sparkling water while whisking - add three-quarters first and whisk to a smooth pancake-batter consistency, then add remaining water to achieve a batter that coats the back of a spoon and drips off cleanly.
3. Add vodka and stir briefly until just incorporated. Do not over-mix - small lumps are acceptable and help with texture.
4. Keep batter bowl over ice or in the coldroom. Use immediately or within 30 minutes for best lift and crunch.
5. Dip reef fish pieces fully in batter, allow excess to drip off, then lower carefully into fryer oil at 180deg C. Fry for 3-4 minutes until deeply golden and cooked through.

On the day / service

1. Whisk batter lightly between batches - do not over-aerate.
2. Keep batter cold throughout service. Replace with a fresh batch if batter becomes warm, thick or flat.
3. Drain fried fish on a wire rack, not paper towel, to maintain crunch. Season lightly with salt flakes immediately after frying.

Notes

Extracted from the Crispy Reef Fish Slider recipe as a standalone prep card. Vodka reduces gluten development and promotes a crisper, lighter batter. Cold sparkling water is essential - warm or flat water will result in a dense, doughy coating. Confirm fryer oil temperature at 180deg C with a probe before service.

Sweet Potato Topper

Roasted Sweet Potato · Function garnish

Component | **Roast** | **Gluten-Free** | **Vegetarian** | **vegetarian**
Sections: Standalone

Yield	150 g per topper portion
Method	Roast
Label	Sweet Potato Topper
Recipe ID	sweet-potato-topper

Elements

Roasted Sweet Potato

Ingredients

Qty	Ingredient / prep
150 g	Sweet Potato - peeled, diced 2 cm

Prep method

1. Toss sweet potato with a little Tuscan oil, salt and pepper.
2. Roast at 200deg C until caramelised and tender - approximately 18-22 minutes.
3. Hold hot for pass garnish or buffet topper use.

On the day / service

1. Workbook Toppers tab - use as a plated garnish or side topper alongside proteins.
2. Refresh every 20 minutes on buffet - sweet potato dries on open hold.

Notes

Source: Riviera Menu Builder / Toppers tab (the other topper).

Sweet Thyme Chicken Marinade

Honey · Limoncello · Lemon · Garlic

Prep | Marinade | Mix | Gluten-Free | Dairy-Free | chicken
Sections: Standalone

Yield	Per 1 kg chicken
Method	Mix
Label	Chicken Marinade
Recipe ID	sweet-thyme-chicken-marinade

Elements

Honey Marinade | Lemon and Thyme | Garlic

Ingredients

Qty	Ingredient / prep
60 g	Honey
30 ml	Limoncello - 1 nip
30 ml	Olive Oil
1 pc	Lemon - zest finely microplaned
20 ml	Lemon Juice
10 g	Garlic Paste
5 g	Fresh Thyme Leaves - stripped from stems - approx. 7.5 ml picked
8 g	Salt Flakes
2 g	Cracked Black Pepper

Prep method

1. Combine honey, limoncello, olive oil, lemon zest and lemon juice in a bowl. Whisk until honey is fully dissolved and mixture is emulsified.
2. Add garlic paste, thyme leaves, salt and cracked pepper. Whisk again until uniform.
3. Coat chicken pieces thoroughly, ensuring all surfaces are covered. For skewers: toss cut pieces in marinade directly in a container.
4. Cover or seal, label with date and protein, and refrigerate. Marinate for a minimum of 6 hours, ideally 12 hours, before cooking.

On the day / service

1. Best applied to skewers, grilled thigh fillets or breast pieces.
2. For breast: marinate 6-8 hours maximum to avoid acid-toughening from lemon. For thigh: can hold up to 24 hours chilled.
3. Remove from coldroom and allow to temper for 15-20 minutes before cooking for even heat penetration.
4. Cook skewers on chargrill or in kick oven at 200deg C until internal temperature reaches 74deg C minimum.

Notes

House ratio: 1 nip (30 ml) limoncello per 1 kg chicken - scale proportionally for larger batches. Thyme quantity converted from volume to weight (5 g) for batch scaling accuracy.

White Bread Roll Dough

Not Sourdough · Dinner Roll Batch

Component | Bakery | Bake | Vegetarian | vegetarian
Sections: Standalone

Yield	775 g dough batch - approx. 8-10 rolls
Method	Bake
Label	White Bread Rolls
Recipe ID	white-bread-roll-dough

Elements

Roll Dough | Baked Rolls

Ingredients

Qty	Ingredient / prep
500 g	Pizza Flour
7 g	Dry Yeast - workbook lists 200 g - verify against house roll standard
50 ml	Water
25 ml	Tuscan Oil

Prep method

1. Combine flour, yeast, water and oil. Mix to a soft dough.
2. Knead 8-10 minutes until smooth and elastic.
3. Prove until doubled. Shape into rolls. Prove again.
4. Bake at 200deg C until golden and hollow-sounding - approximately 15-18 minutes.

On the day / service

1. Use for hot dog rolls or dinner bread service where sourdough is not specified.
2. Validate yeast quantity against house bakery standards before locking batch size.

Notes

Source: Riviera Menu Builder / Breads tab (not sourdough). Workbook yeast line likely needs kitchen verification.

Benedictine Caramel Custard

Pipeable dessert component for plated service

Dessert | Simmer / Set | Gluten-Free | Vegetarian

Sections: Standalone

Yield	35 plated dessert serves - approx. 1.2-1.4 L finished custard
Method	Simmer / Set
Label	Caramel Custard
Recipe ID	benedictine-caramel-custard

Elements

Benedictine Caramel Custard

Ingredients

Qty	Ingredient / prep
300 g	Caster Sugar
60 ml	Water
1 L	Full Cream Milk - warmed
90 ml	Benedictine Liqueur
140 g	Custard Powder
100 g	Butter Unsalted - cubed, cold

Prep method

1. Dissolve custard powder in a small amount of cold milk to form a smooth slurry. Set aside.
2. Combine caster sugar and water in a heavy-based saucepan. Cook over medium-high heat without stirring until deep amber (approx. 175deg C). Brush down any sugar crystals on the sides with a wet pastry brush.
3. Carefully add the warmed milk to the caramel - mixture will spit. Stir constantly until the caramel dissolves fully into the milk.
4. Add Benedictine Liqueur. Return to medium heat.
5. Whisk the custard powder slurry in and stir continuously until the mixture thickens to a pipeable custard consistency, approximately 5-7 minutes.
6. Remove from heat. Add cold butter pieces and stir until fully melted and incorporated.
7. Cool slightly. Transfer to a piping bag or container. Press cling film directly on the surface. Refrigerate.

On the day / service

1. Use cold directly from the piping bag - custard holds its shape well when chilled.
2. Pipe a pool or quenelle onto each dessert plate as a base or accent.
3. Pairs with sticky date desserts, caramel-based sauces and pastry items.
4. Holds 4 days refrigerated.

Notes

Source: Riviera Menu Builder workbook / Desserts tab. ACTIVE WORKING SOP per Recipe Migration Ledger.

Date Madeleines

Date & Brown Sugar Batter · 160deg C Conventional · 14 Minutes

Dessert | Bakery | Bake | Vegetarian

Sections: Standalone

Yield	1 kg date batch - approx. 40-45 madeleines depending on tray size
Method	Bake
Label	Date Madeleines
Recipe ID	date-madeleines

Elements

Date Batter | Madeleine Shells

Ingredients

Qty	Ingredient / prep
1 kg	Pitted Dates - roughly chopped - Medjool preferred for moisture content; Deglet Noor will produce a drier result
12 g	Bicarbonate of Soda - approx. 18 ml - reacts with boiling water to soften dates and aerate batter
900 ml	Boiling Water - measured by weight - 895 g - for precision
145 g	Brown Sugar - lightly packed
290 g	Unsalted Butter - softened to 18-20deg C - not melted
7 pc	Eggs - room temperature - cold eggs will split the butter-sugar emulsion
660 g	Plain Flour - sifted
22 g	Baking Powder - approx. 28 ml - sifted with flour
4 g	Fine Salt - sifted with flour - absent from original, critical for flavour balance in a brown sugar batter
neutral spray oil or melted butter	Madeleine Tray Release - for greasing trays - madeleines are notorious for sticking without proper release

Prep method

1. DATE SOAK: Place 1 kg chopped dates in a large heatproof bowl. Add 12 g bicarbonate of soda. Pour 895 ml boiling water over dates immediately and stir once to distribute bicarb. Rest uncovered for 20 minutes until dates are fully softened and water has cooled to below 40deg C. Do not blend - the texture of softened date pieces in the finished madeleine is intentional.
2. TRAY PREP: Grease madeleine trays thoroughly with spray oil or brushed melted butter. Dust lightly with plain flour, tap out excess. Alternatively, use a silicone madeleine mat - no greasing required. Refrigerate greased trays while making batter - a cold tray improves the formation of the characteristic madeleine hump.
3. CREAM: In a stand mixer fitted with the paddle attachment, cream 145 g brown sugar and 285 g softened butter on medium speed for 4 minutes until pale and fluffy. Scrape bowl sides at 2 minutes.
4. EGGS: Add 7 room-temperature eggs one at a time with mixer on medium-low, allowing each egg to fully incorporate before adding the next - approx. 30 seconds per egg. If the mixture splits or looks curdled, add 15 ml of the sifted flour and continue - the flour will re-emulsify the mix.
5. DRY INGREDIENTS: Sift together 660 g plain flour, 22 g baking powder and 4 g fine salt. With mixer on low, add dry ingredients in three additions, mixing until just combined after each. Do not overmix - overworking the flour develops gluten and produces tough madeleines.
6. DATE FOLD: Add the cooled date mixture (including all soaking liquid) to the batter. Fold through with a spatula until just combined. Batter will be loose and pourable - this is correct.
7. REST (recommended): Rest batter in fridge for 30 minutes minimum before piping. Cold batter produces a better rise and more defined shell pattern.
8. BAKE: Pipe or spoon batter into prepared madeleine trays, filling each cell to 80% capacity. Bake in conventional oven (not fan-forced) at 160deg C for 14 minutes. Do not open oven in the first 10 minutes. Madeleines are done when the hump has risen and set and the edges are pulling away from the tray slightly. A skewer inserted in the centre should come out clean.
9. COOL: Remove from oven. Rest in tray 3 minutes, then turn out onto a wire cooling rack immediately. Do not leave in trays - steam trapped beneath the madeleine will soften the shell base.

On the day / service

1. Cool fully on wire racks before storing - minimum 20 minutes at room temperature.
2. Store in an airtight container, single layers separated by baking paper. Madeleines are best consumed within 24 hours of baking - the shell softens noticeably after 48 hours.
3. For service: arrange on a lined platter or slate. Optional: dust lightly with icing sugar immediately before serving.

Notes

Scaled from the 280 g date house formula - quantities rounded to kitchen-practical measurements. Salt added to dry mix (4 g) - absent from original, essential for lifting the brown sugar and date sweetness. small leavening measures for leavening agents converted to grams for batch consistency. Conventional oven specified - fan-forced creates uneven surface drying before the hump has time to form. Cold tray technique added - standard for madeleine production.

Waffles

Belgian Waffles · Maple Syrup · Berry Compote · Chantilly

Breakfast | Corporate | Bake | vegetarian

Sections: Standalone

Yield	20 portions
Method	Bake
Label	Waffles
Recipe ID	corporate-waffles-breakfast

Elements

Belgian Waffles | Berry Compote | Chantilly Cream | Maple Syrup

Ingredients

Qty	Ingredient / prep
500 g	Plain Flour
50 g	Caster Sugar
10 g	Baking Powder
5 g	Fine Salt
4 pc	Eggs - separated
500 ml	Full Cream Milk
150 g	Unsalted Butter - melted, cooled slightly
10 ml	Vanilla Extract - Chantilly
300 ml	Thickened Cream - Chantilly
25 g	Icing Sugar - sifted, Chantilly
300 g	Mixed Berry Compote - house or quality purchased
200 ml	Pure Maple Syrup

Prep method

1. **BATTER:** Sift flour, sugar, baking powder, salt into a large bowl. In a separate jug, whisk yolks, milk, melted butter, and vanilla until combined. Pour wet into dry and mix until just combined - a few lumps are fine. Do not overmix. Rest batter 5 min.
2. **EGG WHITES:** Whip whites in a clean bowl to stiff peaks. Fold through rested batter in 3 additions, using a large spatula - keep folds light to retain volume.
3. **WAFFLES:** Preheat waffle iron to medium-high (approx. 190deg C if adjustable). Lightly spray or brush iron with melted butter between each waffle. Pour approx. 120-130 ml batter per waffle. Cook 3-4 min until deep golden, steam has mostly subsided, and waffle releases cleanly. Do not open iron early.
4. **CHANTILLY:** Whip cream, icing sugar, and vanilla in a cold bowl to soft-firm peaks - should hold shape but remain spoonable. Refrigerate until service.
5. **HOLD:** If holding, place cooked waffles in a single layer on a wire rack in a 160deg C conventional oven, uncovered. Do not stack.
6. **SERVE:** Waffle topped with berry compote, a generous spoonful of Chantilly, and maple syrup drizzled to order.

On the day / service

1. Serve immediately for best crispness - waffles lose texture within 5 min off the iron.
2. If holding for service, keep waffles uncovered on a wire rack in a 160deg C oven for no more than 15 min.
3. Chantilly, compote, and maple syrup portioned separately and applied at the pass.

Notes

Folded egg whites are non-negotiable for a light, crisp waffle - do not skip. Rest batter 5 min before cooking to allow baking powder to activate. Yield assumes approx. 120-130 ml batter per waffle and a standard Belgian iron.

Chicken Caesar Salad Bowl

Grilled Chicken Thigh · Cos · Caesar Dressing · Parmesan · Soft Egg

Lunch | Corporate | Grill + Assemble | chicken
Sections: Standalone

Yield	20 portions
Method	Grill + Assemble
Label	Caesar Bowl
Recipe ID	corporate-chicken-caesar-bowl

Elements

Grilled Chicken | Cos Lettuce | Caesar Dressing | Croutons | Parmesan | Soft Boiled Egg

Ingredients

Qty	Ingredient / prep
20 pc	Chicken Thigh Fillets (approx. 150 g each) - trimmed of excess fat
60 ml	Olive Oil - marinade
20 g (approx. 4 cloves)	Garlic - microplaned
30 ml	Lemon Juice - marinade
5 g	Salt Flakes - marinade
4 heads	Cos Lettuce - outer leaves removed, inner leaves torn to 5-6 cm pieces, washed and dried
250 ml	Caesar Dressing - house or quality
200 g	Parmesan - shaved with peeler
200 g	Croutons - house or quality - added at very last moment
20 pc	Eggs - soft boiled 7 min, peeled, halved
10 g	Flat Leaf Parsley - rough chop, garnish
to taste	Salt, Pepper & Extra Lemon

Prep method

- MARINADE:** Combine olive oil, microplaned garlic, lemon juice and salt. Coat chicken thighs. Marinate minimum 30 min refrigerated, maximum overnight.
- EGGS:** Bring water to a rolling boil. Lower eggs gently. Cook 7 min exactly. Transfer to iced water for 3 min. Peel carefully. Halve at service. Store peeled and whole in coldroom covered with damp cloth.
- CHICKEN:** Grill on preheated char grill or flat grill at medium-high heat, 5-6 min each side. Internal temperature must reach 74deg C at thickest point - check with probe. Rest 5 min before slicing on the bias to 5-6 mm slices.
- SALAD BASE:** Toss torn cos leaves with 150 ml caesar dressing - dress lightly, leaves should glisten not be saturated. Season. Reserve remaining 100 ml dressing for service.
- BOWL BUILD:** Base of dressed cos. Fan 4-5 slices chicken on one side. Shaved parmesan over. Half egg placed cut-side up. Croutons added last on top. Parsley scatter. Crack of pepper.
- DRESSING SERVICE:** Remaining dressing in a pourer or small jug on the side.

On the day / service

- Dress salad base to order or in small batches of 5 portions maximum - pre-dressed cos wilts within 10 min.
- Croutons go on last - even 5 min in dressed salad will soften them.
- Dressing in jug on side for self-service or top-up.
- Chicken can be grilled up to 1 hour ahead, rested, sliced and held at 60deg C in bain marie. Do not slice until service if holding more than 20 min.

Notes

Probe chicken to 74deg C - thighs are forgiving but must reach safe temp. Soft boiled eggs are a key textural element - 7 min gives a set white and jammy yolk. If egg preference is unknown for the group, confirm ahead or offer on side. Do not pre-dress bowls for a buffet run - they deteriorate fast. Flag: no Kuschi exclusions present.

Mediterranean Chicken Bowl

Grilled Sumac Chicken · Tabbouleh · Tzatziki · Flatbread Crisps

Lunch | **Corporate** | **Grill + Assemble** | **chicken**

Sections: Standalone

Yield	20 portions
Method	Grill + Assemble
Label	Mediterranean Bowl
Recipe ID	corporate-mediterranean-chicken-bowl

Elements

Grilled Sumac Chicken | Tabbouleh | Tzatziki | Flatbread Crisps

Ingredients

Qty	Ingredient / prep
20 pc	Chicken Thigh Fillets (approx. 150 g each) - trimmed
140 ml	Extra Virgin Olive Oil - marinade; tabbouleh dressing; for flatbread
15 g	Sumac - marinade; garnish dust
5 g	Dried Oregano - marinade
20 g (approx. 4 cloves)	Garlic - microplaned
90 ml	Lemon Juice - marinade; tabbouleh dressing
10 g	Salt Flakes - marinade; tabbouleh
200 g	Bulgur Wheat - fine or medium grain - yields approx. 550 g cooked
120 g (approx. 2 bunch)	Flat Leaf Parsley - fine chop - leaves and tender stems only
30 g (approx. 1 bunch)	Mint - fine chop
6 pc	Spring Onions - fine sliced
300 ml	Tzatziki - house made
4 pc	Lebanese Flatbreads - torn to 4 cm rough pieces
to taste	Salt & Pepper

Prep method

- MARINADE:** Combine olive oil, sumac, oregano, microplaned garlic, lemon juice and salt. Coat chicken thighs. Marinate minimum 1 hour refrigerated - overnight preferred for deeper flavour.
- BULGUR:** Rinse bulgur. Cook in 2x volume of salted boiling water, 10-12 min until tender. Drain, spread on a tray and cool to room temperature completely before folding through herbs - hot bulgur will wilt parsley and discolour.
- TABBOULEH:** Fold finely chopped parsley, mint and spring onion through cooled bulgur. Dress with lemon juice and EVOO. Season. Tabbouleh should be parsley-dominant - ratio is 2 bunches parsley to 200 g raw bulgur (approx. 550 g cooked). Taste and adjust lemon.
- FLATBREAD:** Toss torn flatbread in olive oil. Spread on lined tray. Bake at 190deg C fan-forced 8-10 min until golden and crisp. Cool completely on rack.
- CHICKEN:** Grill on preheated char grill or flat grill at medium-high heat, 5-6 min each side. Check internal temperature - 74deg C at thickest point. Rest 5 min. Slice on the bias to 5-6 mm.
- BOWL BUILD:** Base of tabbouleh. Sliced chicken placed to one side. Dollop or pipe 25-30 ml tzatziki. Flatbread crisps balanced on top. Dust sumac over chicken and flatbread.

On the day / service

- Tabbouleh can be fully dressed and held refrigerated up to 2 hours - lemon continues to season the bulgur and improves with a short rest.
- Assemble bowls at service - do not pre-build more than 10 min ahead as flatbread softens.
- Tzatziki can be in a piping bag for speed or served in a small jug on the side.
- Chicken can be grilled up to 45 min ahead, sliced and held in bain marie at 60deg C.

Notes

Bulgur must be fully cooled before folding in herbs - this is the most common error; warm grain wilts parsley and turns tabbouleh muddy. Tabbouleh is parsley-dominant by definition - do not allow bulgur to take over. Tzatziki made in-house should use strained yoghurt, grated and squeezed cucumber (raw cucumber only used in tzatziki as a minor processed component - not a key ingredient under Kuschi exclusions), garlic, lemon and dill. Flag: check tzatziki - raw cucumber is a minor component in tzatziki only; if Kuschi's exclusion applies strictly, substitute tzatziki with labneh and herb oil.
